MRS. CHARLOTTE G. ROBINSON, Librarian
WINIFRED WOODS, Assistant Librarian
GENEVIENE KELLY, Assistant Librarian
F. W. VAN HORN, Business Secretary
MILDRED SCHWYN, Assistant Secretary
C. L. FISKE, Coordinator of Buildings
MARTIN ROTH, Superintendent of Grounds
A. L. SEELE, Engineer

FACULTY

EDWARD L. HARDY, President. School Administration. B.L., University of Wisconsin; M.A., University of Chicago; study of European secondary schools, 1898-1899; Principal San Diego High School, 1906-1910. (Appointed September 1, 1910.)

ARTHUR G. PETERSON, Dean of the College. Economics and Sociology. A.B., College of the Pacific; M.A., Stanford University; Vice Principal San Diego High School and Director of Junior College, 1919, 1920, 1921. (Appointed September 1, 1921.)

MRS. ADA HUGHES COLDWELL, Dean of Women. Head Department of Household Economics. Special study, Europe, 1892-1899; special study in Domestic Science, Teachers College, Columbia University, New York City, 1907. (Appointed June, 1916.)

WILLIS E. JOHNSON, Director of Education. Graduate of State Normal School, St. Paul, Minn.; B.S., M.Ed.; Ph.B., A.M., Illinois Wesleyan University; A.M., Illinois Wesleyan University; Ph.D., University of Minnesota; Sc.D., South Dakota State College; LL.D., Dakota Wesleyan University. Taught in rural, village and city schools, state normal school and university. President state normal school at Espanola, North Dakota, and Aberdeen, South Dakota, and of South Dakota State College, Brookings. Member of staffs of the educational surveys of Virginia and Alabama. (Appointed April 1, 1924.)

MRS. GERTRUDE SUMPTON KELL, Director of Tests and Measurements. A.B., Indiana University; M.A., Stanford University; graduate Indiana State Normal School; research work, Clark University; Assistant in Education and Director of Practice Teaching, University of Colorado; State Institute Lecturer, Montana; Instructor, School of Education, Indiana University. (Appointed August 1, 1916.)

MARY BENTON, Head Department of Fine Arts. Student at Rosemont Dayton, Lausanne, Switzerland; at Chicago Art Institute; at New York School of Art; pupil of W. J. Whistler, of New York; pupil of Mrs. Butterworth, of New York; Instructor, State Normal School of San Diego. (Appointed July 1, 1916.)

LESLIE P. BROWN, Romance Languages. M.A., Harvard University; formerly Instructor in French and Spanish, University of Chicago. (Appointed July 1, 1922.)

VINNIE R. CLARK, Geography. A.B., University of Wisconsin; Graduate student, University of Chicago; Assistant in Geography, University of Wisconsin; Oak Park, Ill., High School, 1913-1914: travel in Mexico and graduate study, University of Mexico, 1922; Summer Session Instructor, University of California, Southern Branch, 1923. (Appointed September 1, 1914.)

KATHERINE E. CORBETT, Training Supervisor. B.S., and A.M., Teachers College, Columbia University; graduate Public School Music course, Ypsilanti Conservatory of Music; Teacher in Public Schools, Ypsilanti; special teacher in Americanization courses; Training Supervisor, Kent State Normal College, Ohio. (Appointed July 1, 1921.)

EDITH C. HAMMACK, Training Supervisor. Graduate State Normal School of San Diego; B.A., State Teachers College of San Jose; professional study at University of California; Public School Teacher, five years. (Appointed September 1, 1910.)

MRS. ALICE LILLIE HEIMERS. French and German. Student at Universities of Bonn, Lausanne, Berlin (Ph.D. Berlin). Postgraduate work at University of Chicago and Columbia University. Head of Department of Modern Languages. State Normal School, Indiana, Pa.; Assistant Professor of Modern Languages, St. Lawrence University, N. Y.; Supervisor of Foreign Language Press in the United States during the World War; Assistant Editor of "Foreign Born." (Appointed September 1, 1924.)

SPECIAL LECTURERS

OSGOOD HARDY, Ph.D., History. Assistant Professor of History, Occidental College.

GERTRUDE LAWS, B.A., Education. Formerly Director of Education, Practice Teaching and Supervision, State Teachers College of San Diego.

GEORGE M. McBride, Ph.D., Geography and Geology. Associate Professor of Geography, University of California, Southern Branch.

HAROLD G. MERRIAM, M.A., English Literature. Professor of English, University of Montana.

EMILY R. PIPAL, Physical Education. Instructor in Physical Education, Los Angeles City School Department.

LEON O. SMITH, M.A., Education. Director of Educational Research, Public Schools of Omaha, Nebraska.

CONCERNING REGISTRATION

Since the capacity of classrooms and laboratories limits enrollment to 500, students will be enrolled as follows:

First—From the San Diego State Teachers College. April 20 to June 16
Second—From other Teachers Colleges. April 20 to June 16
Third—California teachers. April 20 to June 16
Fourth—Teachers from other states. April 20 to June 29
Fifth—Special students. April 20 to June 29

Teachers from other states and special students who register will be notified on or before June 15, should it be necessary to close registration on that date. A deposit of $2.00, to be returned to all registrants notified on or before June 15 that the lists have been closed, is required.

Registration may be made by mail, or at the Registrar's office.

For the courses of study, requirements for admission, and other details, see the announcement below.

The regular courses of the professional curriculum will be offered, also collegiate courses in the field of liberal arts for those who wish to earn credit toward Junior High School certification, or for college credit.

The courses are planned to be equally available to regular students, to students of advanced standing, and to teachers in service. For the benefit of the latter class, specialists in methods, both upper grade and primary, in pedagogy, and psychology, including standardization, tests, etc., will give courses, which will include some of the regular and elective courses offered at any time. Special lectures on literature and art, and on civic, social and allied topics will be given. The regular athletic activities of the college, including rowing, will be maintained.

FEES—TERM I

Tuition fee ................................................... $10.00
Book and syllabus fee, student fund ................. 2.00
(For materials at actual cost. Total fees will not exceed $15.00.)

FEES—TERM II

Tuition fee ................................................... $5.00
Book and syllabus fee, student fund ................. 1.00
VISITING LECTURERS: WHO'S WHO.

Mr. Dean Blake—Meteorologist, United States Weather Bureau; in charge of the San Diego office; entered the Weather Bureau in March, 1903, and has served continuously at San Diego, assuming charge in January, 1922; member of the American Meteorological Society; author of "Sonora Storms," published in the Monthly Weather Review, November, 1933; "Anticyclonic Weather in Southern California," to be printed in Monthly Weather Review; a detailed study of cyclones of the southwestern United States in preparation.

Osgood Hardy—A. B., Pomona College; M. A., Yale University; assistant professor of history, Occidental College. In 1913-1916, member of expedition sent to Peru by Yale University and the National Geographic Society; in 1918 research assistant, Colonial House Inquiry, Latin-American Department; contributor to American Geographic Society Bulletin, American Ethnological Review, Hispanic American Historical Review.

Zora Huddleston—Special lecturer on nutrition for the California Dairy Council; summer session lecturer, State Teachers College of San Diego, sessions of 1924 and 1925.

Gertrude Law—Former Director of Education, State Teachers College of San Diego; now a graduate student (completing work for the degree Ph. D.) at Columbia University; departmental teacher, schools of San Diego; class supervisor and principal of training school, State Normal School of San Diego; Director of Education, State Teachers College of San Diego.

George M. McCarron—Ph. D., Yale University; associate professor of geography, University of California, Southern Branch; resident of South America many years; contributor to and assistant editor of Geographical Review; research associate, Latin American Division of the American Geographical Society.

Harold G. Merriam—Rhodes Scholar and M. A., Oxford University; member of faculties of Whitman, Beloit and Reed Colleges; chairman of Department of English, University of Montana; summer session lecturer at universities of Oregon, Colorado and Montana.

Emily R. Pipal—A. B., Iowa State Teachers College; physical director, Y. W. C. A., and instructor in junior high school, Decatur, Ill.; reconstruction worker with Red Cross (overseas); director physical education for women, Wesleyan University, Bloomington, Ill.; instructor, Los Angeles High School.

Leon O. Smith—M. A., University of Iowa; assistant superintendent of schools and director of research, Omaha, Nebraska; member of survey boards in South Dakota and Iowa; member of committee on education of gifted children, National Society for the Study of Education; summer session lecturer, universities of Montana, Wyoming and Washington.
THE PROGRAM FOR THE SUMMER SESSION

Term I: June 29 to August 7, 1925

Class work should begin promptly on Monday, June 29, and registrants should report Friday and Saturday, June 26 and 27, to make out their programs. The course will be arranged on the following time schedule:

<table>
<thead>
<tr>
<th>Period</th>

Schedules of classes, arranged by periods and by groups, will be found on the following pages, so that students can, if they wish to do so, arrange their programs before registration. While these schedules will be followed as closely as possible, the college reserves the right to change them.

N.B.—The training school will not be in session, and there will be no opportunity for practice teaching in the summer session of 1925.

Term II: August 10 to September 1, 1925

(Twenty days, including Saturdays, two units of credit for each course, with total credit for the term limited to four units.)

Period I—8:30-9:20—The state course in Civic Education.
Period II—9:25-10:40—The state course in the U. S. Constitution.
Period III—10:45-12:00—The state course in Public Education in California.
Period IV—1:15-2:20—The Principles of Elementary Education.

SCHEDULE OF COURSES.

Note.—The numbers refer to the description of the courses on pages 11 to 18. Courses marked with the asterisk (*) are continued in a later period. Unless otherwise indicated, courses run daily.

BRIEF DESCRIPTION OF THE PROFESSIONAL AND ELECTIVE COURSES

EDUCATION

Principles of Elementary Education
1. The course deals with the objectives of the school as controlled by personal and social needs and development, and with the particular school activities and experiences which may result in the attainment of these objectives. Both ideas and practice are evaluated, with class discussions and analyses of such problems as formal discipline or interest, liberal or vocational education, training for social (group) efficiency or development of individuality, etc.

MISS MINOR
30 hours (2 units)

Primary Education
2. A study of current theory and practice in the education of children from three to eight years of age, including a historical treatment of kindergarten, Montessori, nursery school and primary education.

MISS HAMMACK
30 hours (2 units)

Children's Literature
3. A course for elementary school teachers, with special reference to the work of the primary grades.

MISS CORBETT
30 hours (2 units)

Story Telling
4. A course for primary grade teachers.

MISS MINOR
30 hours (2 units)

Class Management
5. A discussion of the problems arising in connection with schoolroom discipline; methods of securing a wholesome school "spirit" and the application of civic principles to school life.

MISS CORBETT
30 hours (2 units)

Public Education in California
6. School administration as it affects the teacher, including her relations to administrative officers—School Law of California.

MR. HARDY
30 hours (2 units)

Education for Citizenship
7. The course deals with the effective methods and materials for Americanization of the foreign elements in our school population, with a study of American ideals as revealed in our history, literature and educational theory, and the objectives of American civilization.

MISS PEEL
30 hours (2 units)

Achievement Tests: Theory and Practice
8. A brief study of the best tests in the elementary school subjects which have been standardized. Practice in giving, scoring, tabulating and interpreting results.

Emphasis in this course is laid upon the significance of a diagnosis in relation to problems of grading, grouping and teaching.

MISS. BELL
30 hours (2 units)

The Elementary School Curriculum
9. The required state course as listed in Bulletin 10 Ad., concerning school administration and supervision credentials.

MR. SMITH
30 hours (2 units)
Public School Administration
10 The required state course as listed in Bulletin 10 A, concerning school administration and supervision credentials.
Ms. Smith 30 hours (2 units)

Statistical Methods or
The Education of Gifted Children
11 The course in statistical methods will meet the state requirements in that course for the administration and supervision credentials.
The course in the education of gifted children will meet the requirement of the state course in "Methods in Mental Diagnosis." Enroll.
Ms. Smith 30 hours (2 units)

History of Education in America
12 The course includes a brief study of the backgrounds of American education, including brief reviews of the educational philosophies of the great reformers, together with a concluding study of the development of the American school system and of American ideals and practices in education.
Miss Laws 30 hours (2 units)

Education for Character
13 This course includes a brief review of the history of the modern movement for moral education, an examination of the grounds on which such education is urged, and a study of procedure from the point of view making character education a function of the objectives of education.
Miss Laws 30 hours (2 units)

Child Growth and Development
14 The course includes a study of the significant facts and phases of child growth and development, with particular reference to physiological, mental and emotional-social age factors as they affect the problems of both school and society.
Mrs. Bell 30 hours (2 units)

Principles of Secondary Education
(With reference to the Junior High School)
15 This course deals with the principles of educational science that should underlie the organization, administration and curriculum of the secondary school, especially in the junior high school field. The prevailing patterns in high school education are studied, and tendencies in the direction of future development are indicated. Particular attention is given to the problem of individual differences and to that of articulation of the secondary school with the lower and higher schools.
Mr. Hardy 30 hours (2 units)

Problems in Social Hygiene and Ethics
16 This course will deal with sex facts in human life, in a non-technical manner, in their relation to social conduct, with the object of aiding the teacher in the social phases of her school work.
Mrs. Coldwell 30 hours (2 units)

SPECIAL SUBJECT MATTER COURSES
Elementary School Mathematics
17 A discussion of the applications of psychology and experimental education to the teaching of arithmetic and elementary general mathematics, together with study and observation of the newer methods as used under ordinary classroom conditions.
Miss Richards 30 hours (2 units)

Junior High School Mathematics
18 The subject matter, management of it and methods of teaching it, in a junior high school curriculum in general mathematics, make up the principal topics of this course. Specific problems discovered include the application of arithmetic in current social and business life, intuitive geometry, graphic representation and the phases of algebra suitable to the junior high school pupil, together with the problem of making the work useful in preparation for senior high school mathematics.
Miss Richards 30 hours (2 units)

Elementary School History (Culture History)
19 A study of subject matter, organization, materials and methods for the teaching of history in the elementary school. The course includes a study of text books, maps, pictures and other material.
Miss Perk 30 hours (2 units)

Junior High School English
20 This course consists of the following items: (a) Lectures, and required papers, on the objectives of secondary school work in English and on the selection and interpretation of materials: (b) of the study of methods with respect to pupil abilities and activities.
Miss F. L. Smith 30 hours (2 units)

Nature Study (Agricultural)
21 In this course special attention is given to the phases of the subject suitable for use in the elementary school where nature study is given an agricultural trend.
Mr. Skilling 30 hours (2 units)

Elementary Science of the Junior High School
22 This course will deal with both the materials and the methods suitable for a course in the elements of the physical sciences and will be adapted to meet the needs of junior high school teachers, through readings, class discussions and lectures.
Mr. Skilling 30 hours (2 units)

Penmanship
23 A methods course for elementary school teachers.
30 hours (1.5 units)

ART COURSES
Elementary Industrial Arts 1
24 This course deals with forms of industrial art, practical in the first four grades. The projects involve weaving and dyeing in textiles and basketry, paper and cardboard construction, simple binding and work in clay, all studied in relation to other subjects and to human needs.
Miss Benton 30 hours (1 unit)

Elementary Industrial Arts 2
25 A course similar to the above, but with the projects suitable to grades five to nine.
Miss Benton 30 hours (1 unit)

Elementary Design (Equivalent of "Art Coach")
26 This course begins the theory of design and color. The problems are intended to give a practical working knowledge of the elements of design and color.
Miss Marker 30 hours (1 unit)
Advanced Design
27 Problems in poster and other types of design for teachers and others.
MISS MARKER 30 hours (1 unit)

Art Methods I
28 A lecture and studio course in theory and practice of teaching art in grades one to four.
MISS BENTON 30 hours (1.5 units)

Art Methods II
29 The same as above applied to grades five to nine.
MISS MARKER 30 hours (1.5 units)

MUSIC

Elementary Harmony
30 The course includes a study of notation, scale laws, chord structure including dominant seventh, modulations to nearly related keys, with both aural and visual approach, and keyboard applications.
MISS L. D. SMITH 30 hours (2 units)

Elementary School Methods
(A knowledge of the fundamentals in music is prerequisite for this course.)
31 (a) Methods of teaching, in the first four years, Study of the child voice; monophonic; rote songs and how to teach them; presentation of notation; classroom management.
(b) Methods of teaching music in the last four years. Study of the classification of voices—monophonic, changing, and changed; total problems including sharp and flat chromatics and songs in the major; part singing; conducting of the singing of assembled groups.
MISS L. D. SMITH 30 hours (2 units)

Music Appreciation and Repertoire
32 (a) Suggestion and exemplification of a practical course of study in music appreciation for the elementary grades. Discussion of music memory contests. Use of phonograph. Artistic interpretation.
(b) Repertoire of rote songs both for everyday and for holiday use, Rhythmic studies. Artistic interpretation.
MISS L. D. SMITH 30 hours (2 units)

PHYSICAL EDUCATION

Note.—The courses in physical education offered below, together with the course in Child Growth and Development listed under "Education," offer all of the material required in physical education in the state program for general teacher training.

Plays and Games
33 A study of play activities suitable for grades one to three inclusive. Methods of teaching and actual material are presented. Special attention is given to rhythmic activities. Primary teachers will find that this course correlates with the course in Primary Education.
MISS HAMMACK 30 hours (1.5 units)

The Organization and Leadership of Physical Education in Elementary and Junior High Schools
34 The course includes the details of the organization of physical training activities and is especially designed to meet the needs of elementary and junior high school teachers in charge of or working as assistants in physical education. Materials and methods used in the state program of physical education are presented. Emphasis is placed upon athletic tests, group activities and methods of developing student leaders. Standards and practices in group functional tests in determining the necessity of physical examinations are given. Lectures, demonstrations and individual study of important physical problems.
