ACADEMIC CALENDAR 1964-1965

FALL SEMESTER

July 15 Last day for graduate students to file application for admission to the College for the fall semester.
August 18 Graduate Record Examination Aptitude Test for master's degree applicants, 6:30-10:00 p.m., by appointment made prior to August 3, Test Office.
September 11 General Culture Test, 8:30 a.m.-12:00 noon, by appointment, Test Office.
September 14 Opening date of the academic year.
September 14-18 Testing, advising, residency clearance, and registration week.
September 16-18 Registration, payment of fees, advising, and enrollment in classes.
September 19 Registration for classes meeting after 4:00 p.m.
September 21 First day of classes.
September 23 Graduate Record Examination Aptitude Test for master's degree applicants, 6:30-10:00 p.m., by appointment made prior to September 1, Test Office.
October 3 General Culture Test, 8:30 a.m.-12:00 noon, by appointment, Test Office.
October 5 Last day to apply for refunds.
October 9 Last day for withdrawal from classes without penalty for unsatisfactory work.
October 10 Graduate Record Examination Aptitude Test for master's degree applicants, 8:30 a.m.-12:00 noon, by appointment made prior to September 18, Test Office.
October 19 General Culture Test, 8:30 a.m.-12:00 noon, by appointment, Test Office.
November 5 Graduate Record Examination Aptitude Test for master's degree applicants, 6:30-10:00 p.m., by appointment made prior to October 16, Test Office.
November 7 End of seventh week of classes. Deficiency notices due.
November 11 Holiday—Veterans Day.
November 20 Last day of withdrawal from classes or changes in registration.
November 26-28 Thanksgiving recess.
December 15 Last day for graduate students to file application for admission to the College for the spring semester.
December 19 Last day of classes before Christmas recess.
December 21-
January 2 Christmas recess.
January 4 Classes resume.
January 4 Last day to apply for mid-year graduation with the master's degree.
January 6 Last day for a complete withdrawal from the College.
January 20 First day of final examinations.
January 29 Last day of the fall semester.
ACADEMIC CALENDAR—Continued

SPRING SEMESTER

February 1-5
Testing, advising, residency clearance, and registration week.
February 1
First day, second semester, academic year.
February 2
General Culture Test, 8:30 a.m.-12:00 noon, by appointment, Test Office.
February 3-5
Registration, payment of fees, advising, and enrollment in classes.
February 4
Graduate Record Examination Aptitude Test for master's degree applicants, 6:30-10:00 p.m., by appointment made prior to January 10, Test Office.
February 6
Registration for classes meeting after 4:00 p.m.
February 8
First day of classes.
February 12
Holiday—Lincoln's Birthday.
February 22
Holiday—Washington's Birthday.
February 23
Last day to apply for refunds.
February 25
Last day of withdrawal from classes without penalty for unsatisfactory work.
February 27
Graduate Record Examination Aptitude Test for master's degree applicants, 8:30 a.m.-12:00 noon, by appointment made prior to February 7, Test Office.
March 13
General Culture Test, 8:30 a.m.-12:00 noon, by appointment, Test Office.
March 23
Graduate Record Examination Aptitude Test for master's degree applicants, 6:30-10:00 p.m., by appointment made prior to March 1, Test Office.
March 29
End of seventh week of classes. Deficiency notices due.
April 2
Last day of withdrawal from classes without penalty for unsatisfactory work.
April 10
Last day of classes before spring recess.
April 12-17
Spring recess.
April 19
Classes resume.
April 23
Last day to apply for June or summer graduation with the master's degree, Graduate Office.
May 18
Last day for a complete withdrawal from the College.
May 21
Last day for depositing completed bound theses at Graduate Office for June graduation. Also last day for reporting results on comprehensive examinations to the Graduate Office by department, division, or school.
May 31
Holiday—Memorial Day.
June 1
Last day of classes before final examinations.
June 2
First day of final examinations.
June 11
Commencement. Last day of the spring semester.

1964 SUMMER SESSIONS

June 15-26
Intersession (2 weeks).
June 29-August 7
Term I Summer Session (6 weeks).
August 7
Final date for depositing completed bound theses at Graduate Office for summer graduation. Also last day for reporting results on comprehensive examinations to the Graduate Office by department, division, or school.
August 10-28
Term II Summer Session (3 weeks).

1965 SUMMER SESSIONS

June 14-25
Intersession (2 weeks).
June 28-August 6
Term I Summer Session (6 weeks).
August 6
Final date for depositing completed bound theses at Graduate Office for summer graduation. Also last day for reporting results on comprehensive examinations to the Graduate Office by department, division, or school.
August 9-27
Term II Summer Session (3 weeks).

FEES

Fees are subject to change upon approval by the Trustees of the California State Colleges.

FEES PAYABLE AT TIME OF REGISTRATION

Fees for more than six units:

<table>
<thead>
<tr>
<th>Material and service</th>
<th>$38.00</th>
</tr>
</thead>
<tbody>
<tr>
<td>Student activity fee</td>
<td>$8.00</td>
</tr>
<tr>
<td>Student Union</td>
<td>$1.50</td>
</tr>
<tr>
<td>Auditors pay same fees as students carrying courses for credit.</td>
<td></td>
</tr>
<tr>
<td>Total required fees</td>
<td>$47.50</td>
</tr>
</tbody>
</table>

Fees for six units or less:

<table>
<thead>
<tr>
<th>Material and service</th>
<th>$19.50</th>
</tr>
</thead>
<tbody>
<tr>
<td>Student Union</td>
<td>$7.50</td>
</tr>
<tr>
<td>Auditors pay same fees as students carrying courses for credit.</td>
<td></td>
</tr>
<tr>
<td>Total required fees</td>
<td>$20.25</td>
</tr>
</tbody>
</table>

Tuition for nonresident students:

| Nonresident student enrolled for 15 units or more | $250.00 |
| Nonresident student enrolled for less than 15 units, or fraction thereof | $17.00 |
| (For fee-paying purposes, zero unit courses are counted as one unit.) |

Tuition for foreign student (citizen and resident of a foreign country):

| Foreign student enrolled for 15 units or more | $127.50 |
| Foreign student enrolled for less than 15 units, or fraction thereof | $8.30 |
| (For fee-paying purposes, zero unit courses are counted as one unit.) |

Parking Fees:

| Students enrolled in more than six units | $13.00 |
| Students enrolled in six units or less | $6.00 |
| Each alternate car in addition to first vehicle | $1.00 |
| Two-wheeled, self-propelled vehicle: | |
| Student enrolled in more than six units | $3.50 |
| Student enrolled in six units or less | $1.50 |

MISCELLANEOUS FEES

(Fees payable when service is rendered)

| Application fee for admission or readmission to the College | $5.00 |
| Late registration | $5.00 |
| Change of program | $1.00 |
| Failure to meet administratively required appointment or time limit | $2.00 |
| Transcript of record (first copy free) | $1.00 |
| Check returned for any cause | $2.00 |
| Studio lesson, per lesson per student | $1.00 to $6.00 |
| Current fee per semester (15 40-minute lessons) | $75.00 |
| Organ practice | $10.00 |
| Loss or damage of equipment and library books | Cost |
REGULAR SESSION FEE REFUNDS

Materials and service fees:
To be eligible for partial refunds of materials and service fees, a student withdrawing from college must file an application with the business office not later than 14 days following the day of the term when instruction begins; and provided, further, that the amount of $2 shall be retained to cover the cost of registration.

Nonresident and foreign student tuition:
Tuition paid for a course scheduled to continue for an entire semester may be refunded in accordance with the following schedule if application therefor is received by the business office within the following time limits:

<table>
<thead>
<tr>
<th>Time limit</th>
<th>Amount of refund</th>
</tr>
</thead>
<tbody>
<tr>
<td>Before or during the first week of the semester</td>
<td>100 percent of fee</td>
</tr>
<tr>
<td>During the second week of the semester</td>
<td>90 percent of fee</td>
</tr>
<tr>
<td>During the third week of the semester</td>
<td>70 percent of fee</td>
</tr>
<tr>
<td>During the fourth week of the semester</td>
<td>50 percent of fee</td>
</tr>
<tr>
<td>During the fifth week of the semester</td>
<td>30 percent of fee</td>
</tr>
<tr>
<td>During the sixth week of the semester</td>
<td>20 percent of fee</td>
</tr>
</tbody>
</table>

Parking fee:
This schedule of refunds refers to calendar days, commencing on the date of the term when instruction begins:

<table>
<thead>
<tr>
<th>Period</th>
<th>Amount of refund</th>
</tr>
</thead>
<tbody>
<tr>
<td>1-30 days</td>
<td>75 percent of fee</td>
</tr>
<tr>
<td>31-60 days</td>
<td>50 percent of fee</td>
</tr>
<tr>
<td>61-90 days</td>
<td>25 percent of fee</td>
</tr>
<tr>
<td>91-end of term</td>
<td>None</td>
</tr>
</tbody>
</table>

The late registration fee is not refundable.

The business office should be consulted for further refund details.

SUMMER SESSION FEES

Tuition, each session (per unit) $14.25
Activity fee (required):
Term 1 2.00

Parking fees:
Nonreserved spaces:
Six-week session 5.00
Other sessions of one week or more (per week) 1.00

EXEMPTIONS

Students under Public Law 16, 346, 894, California state veteran, or state rehabilitation programs will have fees paid for tuition and materials and service under provisions of these respective programs.

VETERAN ALLOWANCES

Allowances for subsistence begin on the date the Business Office clears for payment of fees, or effective date of VA authorization, whichever is later, except that veterans clearing the Business Office on the regular registration days will be certified for subsistence beginning with the first day of the registration schedule.

FEES SUBJECT TO CHANGE

Fees are subject to change upon approval by the Trustees of the California State Colleges.

PART ONE

BOARD OF TRUSTEES OF THE CALIFORNIA STATE COLLEGES

2930 West Imperial Highway
INGLEWOOD, CALIFORNIA 90303

EX OFFICIO TRUSTEES

Edmund G. Brown, LL.B., Governor of California and President of the Trustees
Glenn M. Anderson, A.B., Lieutenant Governor of California
Jesse M. Unruh, B.A., Speaker of the Assembly
Max Rafferty, A.B., M.A., Ed.D., State Superintendent of Public Instruction

APPOINTED TRUSTEES

The term of the appointed trustees is eight years, and terms expire March 1 of the years indicated in parentheses. Names are listed in order of original accession to the board.

14 Montgomery Street, San Francisco 94104
Donald M. Hart, B.A. (1968)
2230 Pine Street, Bakersfield 93302
310 Sansome St., San Francisco 94104
Paul Spencer, B.A. (1969)
P. O. Box 145, San Dimas 91773
Theodore Meriam, A.B. (1971)
P. O. Box 370, Chico 95927
Thomas L. Pitts (1966)
995 Market Street, Room 810, San Francisco 94103
Charles Luckman Associates, 9220 Sunset Boulevard, Los Angeles 90046
Albert J. Ruffo, B.A. (1965)
611 Lido Park Drive, Newport Beach 92660
Mrs. Philip Conley, B.A. (1964)
3729 Huntington Boulevard, Fresno 93702
E. Guy Warren, B.A. (1965)
P. O. Box 59, Hayward 94541
APPOINTED TRUSTEES—Continued

Daniel H. Ridder, B.A. (1967)
Long Beach Independent Press Telegram, 604 Pine Street, Long Beach 90801

George D. Hart, A.B. (1967)
111 Sutter Street, San Francisco 94104

Gregson E. Bautzer, B.A., LL.B. (1968)
190 N. Canon Drive, Beverly Hills 90069

George A. Thatcher (1970)
10889 Wilshire Boulevard, Suite 860, Los Angeles 90024

Simon Ramo, B.S., Ph.D. (1972)
9433 Fallbrook Ave., Canoga Park 91304

Dr. John M. Pfau, President

Mailing Address: 312 Mountain View Avenue, San Bernardino, California
The California State Colleges are a unique development of the democratic concept of tuition-free public higher education for all qualified students. Spanning the state from Humboldt County in the north to San Diego in the south, the 16 campuses of the California State Colleges (with two additional campuses in the planning stage) represent the largest system of public higher education in the Western Hemisphere and one of the largest in the world. Current enrollment is more than 135,000 full- and part-time students. The faculty and administrative staff numbers some 7,000.

The individual colleges, each with a geographic, curricular and academic character of its own, offer a solid basic program in the liberal arts. Beyond this, each college is noted for its individuality in academic emphasis which makes for a diversified system. Course offerings leading to the bachelor’s and master’s degrees are designed to satisfy existing student interests and to serve the technical and professional manpower requirements of the state.

The California State Colleges are dedicated to rigorous academic standards. Constant striving for academic excellence is at the heart of the system. Each faculty within the system is a ‘teaching faculty’ whose primary responsibility is the instructional process on the teacher-student level, with appropriate recognition of the necessary and constructive role of research in any institution of higher education.

Responsibility for the California State Colleges is vested in the Board of Trustees, which is appointed by the Governor, and the Board’s administrative arm, the Chancellor. The Trustees and the Chancellor set broad policy for the colleges while delegating considerable independent responsibility for implementation at the college level.

Although the oldest of the colleges, San Jose State College, dates back a century, the California State College system under an independent Board of Trustees was created by the Donahoe Act of 1960. Formerly, the colleges were under the jurisdiction of the State Board of Education.

Today, the California State Colleges are in a particularly dynamic period of their development. Prior to World War II, there were seven State Colleges with a peak total enrollment of some 13,000. Since 1947, nine new campuses have been developed and two more are scheduled to begin operation within the next two years. Enrollment in the system is expected to reach 180,000 by 1970.
THE COLLEGE

San Diego State College, founded in 1897, is one of the eighteen publicly supported California State Colleges. It is governed by the Board of Trustees of the California State Colleges and is administered through the Office of the Chancellor by the President of the College.

The campus of San Diego State lies on a mesa overlooking Mission Valley, the site of the first mission founded in California by Father Junipero Serra. Alvarado Freeway cuts through the valley, bringing the campus to within a few minutes drive of the center of San Diego and famous Balboa Park. Twelve miles to the west are the beautiful resort beaches on the Pacific Ocean. An hour's drive to the east are the Laguna Mountains; and Old Mexico may be reached in half an hour. The heritage of the past lives in the mission style and Spanish-Moorish architecture of San Diego State's 303-acre campus.

San Diego State, with an enrollment of more than 14,500 students, offers a four-year liberal arts course in over 50 major fields of study, graduate curricula leading to the master of arts and master of science degrees in 36 fields, and to the two-year Master of Business Administration and Master of Social Work degrees. Programs leading to teaching credentials authorizing teaching in the public schools of California from kindergarten through junior college are available.

ACCREDITATION

San Diego State is a member of the Western College Association and the American Association of Colleges for Teacher Education. It is fully accredited by the Western College Association, the National Council for Accreditation of Teacher Education, the California State Board of Education, and is approved by the Veterans Administration for the education and training of veterans. The Master of Science degree in business administration is accredited by the American Association of Collegiate Schools of Business. The Department of Chemistry is on the approved list of the American Chemical Society, thereby enabling qualified students to receive the Certificate of the American Chemical Society. The Department of Music is an associate member of the National Association of Schools of Music.

San Diego State College also has memberships in the Western Association of Graduate Schools and the Council of Graduate Schools in the United States.

THE FACULTY

The college faculty consists of over 850 members who have received their advanced training in over 100 colleges and universities of the United States or foreign countries. The faculty is distinguished in terms of its formal education, in the wide variety of its practical experience in business, industry, government, and the teaching profession, in its publications, and in its research activity.

THE LIBRARY

The library contains 280,000 catalogued volumes. In addition it holds 20,000 government documents, 2,000 reels of microfilms, 25,000 microcards, 17,000 flat microfilms and a curriculum materials center containing over 41,000 items. The library subscribes to over 4,000 journals and newspapers. It is a depository for United States and California documents and has extensive holdings of United Nations and municipal government publications.

San Diego State College has inter-library loan arrangements with many local specialized libraries such as those at the U.S. Navy Electronics Laboratory, General Atomics and Astronautics Divisions of General Dynamics Corporation, and the San Diego Museum of Natural History.
Facilities for 2,200 readers are provided in the central library. Typing rooms, microfilm and microcard reading rooms, a listening room and individual study carrels are provided.

The Campus Laboratory School Library with a collection of 21,000 volumes provides ideal school library materials and services.

**LIVING ACCOMMODATIONS**

Two men's and three women's campus residence halls, each accommodating 200 students, are available in September, 1964. These three-story buildings are attractively designed and are fireproof and air-conditioned throughout. Furnishings are particularly well selected to provide facilities for study and comfortable campus living.

Meals for all residence hall students are provided in the college cafeteria and are required for those under twenty-one years of age.

For 1964-1965, the total charge per student per semester for campus board and room will be slightly in excess of $400, payable a semester in advance or on an installment plan that entails a $6 service charge. Parking and health service benefits, including hospitalization, are included in this total. An additional security deposit of $40 is refundable at the close of the college year.

Additional information concerning campus housing may be obtained from the office of the Director of Housing.

**PERSONNEL SERVICES CENTER**

The facilities of the Personnel Services Center are available to graduate students who may desire assistance in the solution of problems of an educational, occupational, or personal nature. Counseling appointments may be made in the Administration Building or by telephone. Psychological testing is available upon arrangement with a counselor.

**STUDENT HEALTH SERVICES**

As part of the program of student personnel services, the college provides health services for the protection and maintenance of student health. When school is in regular session, these health services, under the direction of a medical doctor and consisting of a full-time staff, assisted on a part-time basis by several medical specialists, are available to students for consultation, treatment of minor physical difficulties and emergencies, and counsel as to additional proper procedures. Full-time nurses are also on duty. During the weeks the college is in session, students may obtain appointments with specialists during the hours they are available at the office of Health Services. A student must be currently enrolled for seven or more semester units to be eligible for other than emergency treatment.

Physical examinations are required of and provided for all teacher education students at time of admission to and graduation from the various education credential programs. These examinations are furnished by the Health Services for credential candidates who are applying for a state credential through the college and who are screened by the college.

A student insurance program is available for all those carrying seven or more units. The policy is reasonable in cost and provides medical and surgical care not provided by the Student Health Services.

**PLACEMENT CENTER**

The Placement Center is an integral part of the educational program of the college. Placement is considered as the action phase of both the instructional program and the vocational guidance service at San Diego State. Since the placement services rendered by the center are of importance to the graduate student, the following information is presented for this assistance.

The Placement Center serves all divisions of the college. Through its professional staff the Placement Center provides placement counseling for the assistance of any student in finding a position which will meet his individual needs and utilize his abilities. Over 1,000 business firms, government agencies, and school districts actively recruit through the Placement Center each year. Many of these concerns are national in scope. On the average, each candidate is interviewed by three to five concerns in the process of finding the position best suited to him. The Placement Center maintains a vocational library of current materials and company brochures from firms and agencies which graduate students may wish to use. A part-time job placement service is provided for those who need financial aid in order to continue their education. Many of the part-time jobs are directly related to areas of student specialization. A diligent effort is made to follow up graduates in order to learn more about their success and to assist in such future job adjustment as may be necessary.

Placement services are available to all students who have completed 12 semester units acceptable on a graduate program at San Diego State. Assistance in finding part-time employment is given to all students who are enrolled for seven or more semester units.

**COST OF LIVING**

Each student should plan his budget based upon individual needs. The wide range of tastes and financial resources of students in a college with an enrollment of more than 14,000 makes it difficult to give specific information on the cost of going to college. At San Diego State it is possible to live simply and participate moderately in college life and activities on a modest budget. A table of estimated costs is given below as a guide to students in planning the college budget.

PART THREE

THE GRADUATE DIVISION

Graduate study at San Diego State College began in 1946 with an authorization to offer a graduate program leading to the general secondary teaching credential. The Master of Arts degree was first authorized in 1949; the Master of Science degree in 1953; the Master of Business Administration and the Master of Social Work degrees in 1963. In providing instruction for graduate students through the master's degree, graduate curricula leading to this degree are designed to accomplish one or more of the following objectives: (1) To improve the student's professional competence in educational service; (2) to develop the student's ability for research and continued self-directed study in his field of specialization; and (3) to afford an opportunity for the student to broaden his cultural background, to develop personal and social responsibility, and to prepare for community leadership.

In pursuing these objectives, the graduate student is expected to develop a spirit of unbiased inquiry, the ability to arrive independently at logical conclusions based on careful investigation, and a mastery of the subject matter of his field of study characterized by a high quality of scholarship.

As of September, 1963, 2,983 graduate students were enrolled at the College. From 1949 to 1963, 1,263 Master of Arts degrees and 210 Master of Science degrees have been awarded.

All graduate study leading to advanced degrees is incorporated in the Graduate Division which also undertakes the development and improvement of graduate curricula in liberal arts and professional fields, especially those fields concerned with teaching, supervising, or administering in the schools of California. Responsibility for all graduate curricula is delegated to the Graduate Council under the Dean of Graduate and Professional Studies who acts as the administrative officer of the Graduate Division and chairman of the Graduate Council.

THE GRADUATE COUNCIL

The Graduate Council of the Graduate Division at San Diego State College consists of the Dean of the College, the Dean of Graduate and Professional Studies, the Coordinator of Graduate Studies and fifteen other faculty members. For the academic year 1964-1965, the membership of the Graduate Council is as follows:

Donald R. Watson, Ed.D. (ex officio) Dean of the College
Maurice M. Lemme, Ph.D. Dean of Graduate and Professional Studies
Richard H. Lawson, Ph.D. Coordinator of Graduate Studies
David W. Belcher, Ph.D. College of Arts and Sciences
Don C. Bridenstein, Ph.D. School of Business Administration
Russell L. Trimmer, Ph.D. School of Business Administration
Charles Morgan, M.S. School of Education
Ernest F. W逆行, Ph.D. School of Engineering
John W. Ackley, Ph.D. School of Social Work
Angela M. Kitzinger, Ph.D. Division of the Fine Arts
Martin Ridge, Ph.D. Division of Health Education, Physical Education, and Recreation
Robert G. Eason, Ph.D. Division of Humanities
David A. Farris, Ph.D. Division of the Life Sciences
John G. Teasdale, Ph.D. Division of the Physical Sciences
John A. Spangler, Ph.D. Division of the Physical Sciences
Richard C. Gripp, Ph.D. Division of the Social Sciences
Spencer L. Rogers, Ph.D. Division of the Social Sciences
DUTIES AND RESPONSIBILITIES

The duties and responsibilities of the Graduate Council include, but are not necessarily limited to, the following activities which are derived from the regulations in the California Administrative Code, Title 5, Education:

1. Establishing criteria for classified graduate standing in the Graduate Division and approval of classified graduate standing for qualified applicants.
2. Establishing criteria for retention and withdrawal of students who have been admitted to graduate curricula.
3. Determining the number and nature of examinations required in the Graduate Division, exclusive of departmental examinations.
4. Establishing requirements for advancement to candidacy and acting on requests for such advancement.
5. Considering and acting on all graduate degree programs and petitions of students in the Graduate Division.
6. Adopting rules concerning the form of presentation, acceptability, and disposition of master's degree theses.
7. Making final recommendation to the faculty for the awarding of master's degrees.
8. Making recommendations concerning departmental requests for new graduate level (200-numbered) courses and new master's degree curriculums.
9. Coordinating and systematizing procedures followed by departments, divisions, or schools offering advanced degrees or credentials.
10. Making recommendations to the President, the Dean of the College, committees of the College, the Senate, and the faculty on matters pertaining to graduate study at San Diego State College.

TEACHING CREDENTIALS

San Diego State College offers credential programs requiring thirty semester hours of postgraduate course work of upper division or graduate level for the following credentials:

- The Standard Teaching Credential with a Specialization in Elementary Teaching
- The Standard Teaching Credential with a Specialization in Secondary Teaching
- The Standard Teaching Credential with a Specialization in Junior College Teaching

In addition, graduate programs will be available for the following credentials:

- The Standard Designated Services Credential with Specializations in Pupil Personnel Services and in Health
- The Standard Supervision Credential

For information regarding admission to teacher education and requirements for these credentials, refer to the General Catalog or write directly to the School of Education.

GRADUATE STUDY IN THE SUMMER SESSIONS

San Diego State College conducts summer sessions in which a graduate student may earn credit in residence which may be used to satisfy the requirements for a master's degree or for graduate credentials. Before credit earned in the summer sessions is accepted on a master's degree program, a student must meet the requirements for classified graduate standing in the Graduate Division. The acceptance of courses by other colleges or by a teacher's local school board for salary schedule purposes as graduate credit is entirely optional with the college or school system concerned.

The summer sessions are organized into three terms: An Intersession of two weeks, during which time two academic units may be earned; Term I of six weeks, during which time six academic units may be earned; and Term II of three weeks, during which time three academic units may be earned. In the Intersession only a limited number of special workshops and conferences are usually offered. Students who enroll for more units than authorized, including concurrent college courses taken outside this college, will not receive graduation credit for the excess units.

GRADUATE STUDY FOR FOREIGN STUDENTS

A foreign student who has completed a four-year college course and holds an acceptable baccalaureate degree from an accredited institution may be admitted to the college with unclassified graduate standing by the Office of Admissions of the college. Certificates of Eligibility required by the Immigration Service for such students will state that the students are being admitted for the purpose of further training and study. This does not constitute admission to the college for the purpose of obtaining an advanced degree.

If a foreign graduate student wishes to attend San Diego State College, he should make application for admission to the Office of Admissions. This application must be accompanied by official certificates and detailed transcripts of record, in duplicate, from each collegiate institution attended several months in advance of the opening of the semester in which he expects to be admitted to the college. If certificates and transcripts are not in English, they should be accompanied by certified English translations. Credentials will be evaluated in accordance with the general regulations governing admission to the college.

Since no graduate scholarships or fellowships for foreign graduate students are available at San Diego State College, arrangements for the necessary financial support must be made before seeking admission to the college.

A graduate student whose education has been in a language other than English must be able to give evidence of a command of both written and spoken English at a level which would permit him to undertake graduate work in the discipline of his choice. A form for this purpose is included with the application form for admission to the college and must be completed by a responsible official of the school or college last attended, or by a U. S. Consular Official. In addition, after the stu-
Graduate students whose tuition fees are waived must pay all other fees listed under Fees in this bulletin.

Foreign graduate students should not expect to receive a waiver of the nonresident tuition fees until they have completed at least one semester of full time graduate study at San Diego State College.

GRADUATE SCHOLARSHIPS AND AWARDS
Graduate students interested in the following scholarships and awards may obtain application forms and further information from the Office of the Dean of Activities, unless otherwise indicated.

CALIFORNIA CONGRESS OF PARENTS AND TEACHERS, INC.
One Secondary Teacher Education Scholarship of $400 to be granted only to students training to teach in the public schools of California on a general secondary credential. It may be divided into $200 awards if, in the judgment of the Scholarship Committee, this would be a wise procedure.

SAN DIEGO INSTITUTE ON GOVERNMENT SCHOLARSHIP IN PUBLIC ADMINISTRATION
A $200 scholarship awarded annually to a student enrolled for full-time study toward the M.S. Degree in Public Administration. Make application to Chairman, Political Science Department.

SAN DIEGO HUMAN FACTORS SOCIETY
A $50 annual scholarship to a psychology major in area of experimental or engineering psychology; graduate student in engineering psychology preferred. Nominations are made by the Department of Psychology; final selection of the recipient is made by the San Diego Human Factors Society.

DOROTHY CRANSTON STOTT
Awarded to a graduate of San Diego State College with a major in English. Selection is made by the Department of English. $100 per year.

K. W. STOTT
Awarded to a graduate of San Diego State College with a major in history. Selection is made by the Department of History. $100 per year.

ZONTA INTERNATIONAL CLUB SCHOLARSHIP
Awarded to a graduate or upper division student with a major in Speech Correction. Applicants must be recommended by the Speech Arts Department and the recipient must spend eight hours a week in the clinical work of the Speech Arts Department. Amount of scholarship variable. Selection is made by the Department of Speech Arts.

FINANCIAL ASSISTANCE
Graduate students who meet the qualifications established by the Faculty Committee on Student Loans may obtain financial assistance through one of the loan programs in operation at San Diego State College. Applications for student loans and complete information may be obtained at the Student Loan Office.

SAN DIEGO STATE COLLEGE FOUNDATION LOAN PROGRAM
Both emergency and regular loans are made to graduate students who have completed at least one semester of study at San Diego State College, and who have demonstrated the ability to do satisfactory graduate work. Applications are considered on the basis of college related need. The maximum amount available under this program is $500 per student, with repayment arranged according to individual circumstances. Most of these loans are granted free of interest and applications will be accepted throughout the college year.
ADMISSION OF GRADUATE STUDENTS TO THE COLLEGE

The conditions for admission of graduate students to San Diego State College are determined by the Board of Trustees of the California State Colleges and are stated in Section 41000 of the Administrative Code as follows:

(a) For admission with graduate standing as an unclassified graduate student, a student shall have completed a four-year college course and hold an acceptable baccalaureate degree from an accredited institution; or shall have completed equivalent academic preparation as determined by the appropriate college authorities.

(b) Admission to a state college with graduate standing does not constitute admission to graduate degree curricula.

ADMISSION PROCEDURE

All graduate students (including graduates of San Diego State College) desiring to enroll at this college must comply with the following procedures:

1. File Application for Admission to the College. This application must be accompanied by an application fee of $5 payable to San Diego State College, and should be filed during the semester preceding the one in which the student expects to enroll. The following forms must be filed in the Admissions Office: (1) Application for Admission (or readmission) and (2) Health History Record. These forms may be obtained from the Admissions Office. Letters from students signifying intention to enroll will not be considered as applications for admission. The official forms must be filed. The last dates for filing applications are as follows:
   - For fall semester: July 15.
   - For spring semester: December 15.

   Applications received after the final date for filing cannot be processed for admission to the semester immediately following.

2. File Official Transcripts. The student must file official transcripts from each college or university attended, except those transcripts covering work he may have taken at other institutions. He must, however, file an application for readmission to the college and, if he plans to enter a master's degree curriculum, an application for admission to the Graduate Division and must comply with all other admission procedures outlined above.

RESIDENCY STATUS CLEARANCE

Each student enrolling in the college must be designated as a resident or nonresident student, prior to the payment of registration fees. The Residency Status Office will issue instructions to the applicant on the procedure to follow in obtaining residency classification. Specific instructions will be found in the Class Schedule and Instructions for Registration, which is issued prior to the beginning of each semester.
The residency classification received by any student is subject to review and change. Each student is held responsible for notifying the Residency Status Office of any change in his legal status as a resident of California. A new residency declaration must be made whenever a student interrupts continuous attendance at this college.

CHANGES IN CLASS SCHEDULE

A student is responsible for any change in his semester's schedule of classes after the official study list has been filed. Forms for changes in the official study list may be obtained at the Registrar's Office. A fee of $1 is charged for change in the schedule of classes.

A change in schedule of classes includes the following: withdrawal from a class; adding a class; adding or reducing units to a class for which the student is already registered; changing from audit to credit or from credit to audit; and changing sections of the same course. Consult calendar for deadline dates for change of schedule.

ADMISSION TO THE COLLEGE FOR POSTGRADUATE STUDY

If the application of a graduate student for admission to the college is approved, the Dean of Admissions and Records will notify the student that he has been admitted to the college in one of the following categories:

(1) As an unclassified graduate, if the student holds an acceptable bachelor's degree from an accredited college or university; or

(2) As a special graduate, if the applicant's degree is from a nonaccredited college or university.

Students who have unclassified graduate standing in the college may apply for admission to the Graduate Division with classified graduate standing.

Unclassified Graduate Student Enrollment

An unclassified graduate student is not eligible to enroll in 200-numbered courses, except with permission of the instructor and concurrence of the Dean of Graduate Studies. All credit earned by an unclassified graduate student is subject to evaluation as to its acceptability for graduate credit in a master's degree curriculum.

Special Graduate Student

A special graduate student is not eligible to enroll in 200-numbered courses. Under supervision of the Dean of Admissions and Records, a special graduate student may be admitted to nongraduate level courses for the purpose of removing the undergraduate deficiencies for which he may be held. Upon the completion of at least 12 units of approved upper division postgraduate work with a grade point average of not less than 2.5 and removal of all deficiencies, the Dean of Admissions and Records may change the student's standing from special graduate to unclassified graduate.

MATRICULATION REQUIREMENTS

Admissions standards in the California State Colleges are prescribed by the Trustees of the California State Colleges and are stated in the California Administrative Code, Title 5, Education, section 40600-41200.

NOTE: At San Diego State College, only fully matriculated students are accepted for enrollment in any regular semester. This includes auditors.

REGISTRATION

Graduate students who receive notice from the Office of Admissions that they are eligible for admission to the College must complete additional requirements for registration, such as clearance of residency status, payment of fees, and the keeping of other designated appointments as outlined in the Class Schedule and Instructions for Registration, a publication issued each semester and on sale at the College Book Store.

LIMITATION OF ENROLLMENT

Admission to a state college shall be limited to the number of students for whom facilities and competent instructors are available to provide opportunity for an adequate college education. The Board of Trustees shall determine the number of students for whom there are available facilities and competent instructors at the college.

STUDENT DISCIPLINE AND ATTENDANCE

Any student may be placed on probation, suspended, or expelled for one or more of the following causes:

(a) Disorderly, unethical, vicious, or immoral conduct.

(b) Misuse, abuse, theft, or destruction of state property.

The period for which the student may be placed on probation or suspended by the president shall not exceed 12 months. Fees or tuition paid by or for the semester or summer session in which he is suspended will not be refunded.
ADMISSION OF GRADUATE STUDENTS

TO THE GRADUATE DIVISION

Students will be admitted to the Graduate Division only after they have been officially admitted to the College by the Dean of Admissions.

The requirements for admission of students to all graduate curricula are determined by the Board of Trustees of the California State Colleges and are stated in Section 41001 of the Administrative Code as follows:

"A student who has been admitted to a state college under Section 41000 (quoted above) may, upon application, be admitted to an authorized graduate degree curriculum of the college as a classified graduate student if he satisfactorily meets the professional, personal, scholastic, and other standards as the appropriately college authorities may prescribe. Only those applicants who show promise of success and fitness will be admitted to graduate degree curricula, and only those who continue to demonstrate a satisfactory level of scholastic competence and fitness, as determined by the appropriate college authorities, shall be eligible to continue in such curricula. Students whose performance in a graduate degree curriculum is judged to be unsatisfactory by the authorities of the college may be required to withdraw from all graduate degree curricula offered by the college."

Admission to the Graduate Division is accomplished by being formally admitted to the Graduate Division with classified graduate standing. A student desiring to begin work for an advanced degree offered by the college must first be admitted to the college with unclassified graduate standing. Subsequent to (or simultaneously with) the filing of his application for admission to the college, he must file application for admission to the Graduate Division with classified graduate standing and specify his graduate objective.

Applications for admission to the Graduate Division must be filed in duplicate on forms available at the Graduate Office.

A graduate student desiring to take courses, but who does not wish to earn an advanced degree at San Diego State College, is not required to gain admission to the Graduate Division. If a graduate student desires a graduate credential but not an advanced degree, he must meet the admission requirements for the appropriate credential.

Classified Graduate Standing

In order to receive classified graduate standing in the Graduate Division, the applicant must:

(1) Satisfy the requirements for unclassified graduate standing in the college.

(2) Have earned not less than a 2.5 grade point average in all undergraduate work taken for the baccalaureate degree.

(3) Obtain a satisfactory score on the Graduate Record Examination Aptitude Test.

(4) Have completed an undergraduate major appropriate to the field in which he desires to earn an advanced degree.

(5) Satisfy the special departmental, divisional or school requirements as stated in Part Four of this bulletin under Fields of Study and Courses of Instruction.

(6) Meet the professional, personal, and scholastic standards for graduate study in the Graduate Division.

Admission to the Graduate Division with classified graduate standing does not imply that the student will be advanced to candidacy for a graduate degree.

If a student does not receive a satisfactory score on the Graduate Record Examination Aptitude Test, or if he has earned less than a 2.5 grade point average in his undergraduate work, or if he does not meet the minimum requirements of a divi-
REGULATIONS OF THE GRADUATE DIVISION

Graduate students are individually responsible for complying with the procedures, regulations, and deadlines as set forth in the General Catalog of the college and in this bulletin. All questions concerning graduate study at San Diego State College should be referred to the Graduate Office.

All graduate students admitted to the college after August, 1964 will be required to follow the procedures and regulations stated in the 1964-1965 editions of the General Catalog and this bulletin. A student who was admitted to a graduate degree curriculum at this college prior to that date and who has been enrolled in one or more courses during each consecutive semester since first enrolling as a graduate student, or whose attendance has not been interrupted by more than two consecutive semesters, will be held responsible for the regulations in effect at the time his official master's degree program was approved.

NUMBERING OF COURSES

Courses numbered 1 through 99 or by letters (A, B, C, etc.) are in the lower division (freshman and sophomore years); those numbered 100 through 199 are in the upper division (junior and senior years); and those numbered 200 through 299 are strictly graduate courses. Courses numbered 300 or over are professional education courses in the graduate credential program.

GRADING SYSTEM

At the end of each semester or summer session in which a student is enrolled, a report of courses taken, showing units and grades earned, is sent to the student. Grades and grade points used in reporting are as follows: Grade of A (outstanding achievement), 4 points; B (commendable), 3 points; C (satisfactory), 2 points; D (passing), 1 point; F (failure), 0 points; Inc (incomplete), counted as units attempted, 0 points; W (withdrawal), not counted in grade point average; WF (withdrawal failing), counted as failing in the grade point average; Cr (credit), signifies units earned, but not counted in the grade point average. The mark “Cr” is used in reporting satisfactory completion of certain courses, such as Course 299, where letter grades would be inappropriate. No course in which a final grade below “C” was earned may be used to satisfy the requirements for a master's degree.

GRADE POINT AVERAGES

Grade point averages are determined by dividing the total number of grade points earned by the total number of units attempted. For details see the section of this bulletin under Basic Requirements for the Master's Degree.

INCOMPLETE GRADE

An incomplete grade is counted as units attempted with no grade points and remains on the student's record unless made up. One calendar year beyond the end of the term when an incomplete is assigned will be allowed for makeup of the incomplete. The student must arrange with the instructor who gave the incomplete for removal of the course deficiencies, upon completion of which a final grade will be assigned. An incomplete cannot be removed by repeating the course. If a student does not make up the incomplete, but instead re-enters the course for credit, he has repeated the course for which he will receive the credit and grade points earned, subject to the regulations for repeated courses. The incomplete will remain on the student's permanent record as units attempted with course deficiencies.

WITHDRAWALS FROM COURSES

OFFICIAL WITHDRAWAL

The student is held for every course appearing on his official semester study list. Any withdrawal from college or withdrawal from a class must be officially filed at the Registrar's Office; otherwise the student will receive a grade of "F" in the course. Application for withdrawal is made at the Registrar's Office.

Withdrawal Deadline Dates and Penalties. If a student withdraws officially from college or from a class by the end of the third week of classes, the course will not be recorded upon his permanent record. If he withdraws after the third week and not later than the end of the ninth week of classes, either a W or WF (withdrawal failing) will be recorded, depending upon whether he is passing or failing the course on the date of filing the request for withdrawal. (WF is equivalent to a failing grade.) After the ninth week, withdrawal from a class is not permitted.

A final grade will be recorded for each class for which the student is enrolled. Withdrawal from college (that is from all courses) will be permitted up to 10 days preceding the final examination schedule; however, the student will receive a W or WF grade in each class, depending upon whether he is passing or failing in the class on the date of filing his request for withdrawal from college.

Improper Registration in Graduate Courses. The registration of graduate students in Course 298, Special Study, and Course 299, Thesis, will be cancelled if the prerequisites for these courses have not been met before registration.

UNOFFICIAL WITHDRAWAL

Unofficial Withdrawal. A student withdrawing unofficially from class or from college will receive failing grades in all courses from which he withdraws unofficially. An unofficial withdrawal is one in which a student stops attending classes without filing official withdrawal forms with the Registrar within the deadline dates established for withdrawal.

REPEATED COURSES

A graduate student may not repeat courses which have been taken as part of the master's degree, except in the case of courses required as prerequisites to a master's degree program. Such courses may be repeated under the overall college regulations for repeated courses. (Refer to the General Catalog.)

PROBATION

Any undergraduate student whose scholarship record falls below a "C" average (2.0) for all college work attempted, or all college work attempted at San Diego State College, will be placed on probation by the Office of Admissions. Probation may be continued, provided that the student obtains a "C" average or better each semester while on probation. The student will be removed from probation when he has attained a "C" average or better on all college work attempted and on all college work attempted at San Diego State College. These regulations regarding probation in the College also apply to the graduate student, except that only postgraduate work is counted.

DISQUALIFICATION FROM THE COLLEGE

Disqualification for Scholarship. Any student on probation whose scholarship falls below a "C" average (2.0) in any single semester or summer session will be subject to disqualification and dismissal from the college. Veterans who are disqualified from further attendance at this college forfeit their rights to veterans' benefits. Specific information may be obtained from the Veterans Administration regarding disqualification of veterans in graduate curricula.

Reinstatement After Disqualification. A disqualified student may be readmitted to the college for reasons satisfactory to the Board of Admissions. Applications for readmission must be made on forms which may be obtained at the Admissions Office. Students petitioning for readmission are required to have personal interviews with members of the Board of Admissions.
DISQUALIFICATION FROM THE GRADUATE DIVISION

Any graduate student who has been admitted to a graduate degree curriculum in the Graduate Division and whose performance therein is judged to be unsatisfactory with respect to scholastic or professional standards as judged by the Graduate Council will be required to withdraw from all graduate curricula in the Graduate Division and his official status will be changed from classified graduate standing to unclassified graduate standing.

TRANSCRIPTS OF RECORD

An official transcript of record may be obtained by filing an application for transcript at the Registrar's Office. A fee of $1 is charged for each transcript (first credit or final grade in the course or examinations and does not receive credit or a final grade in the course. A student may change his program from "audit" to "credit" or vice versa within the time limits authorized for changes of program and subject to the regulations for withdrawal from classes.

AUDITORS

A graduate student who does not wish to take a course for credit may enroll as an auditor, class size permitting. An auditor must meet all admission requirements, pay the same fees, and comply with all regulations required of students taking the course for credit. An auditor is not held for examinations and does not receive credit or a final grade in the course. A student may change his program from "audit" to "credit" or vice versa within the time limits authorized for changes of program and subject to the regulations for withdrawal from classes.

FINAL EXAMINATIONS

No final examination shall be given to individual students before the regularly scheduled time. Any student who is passing in a course and who finds itself impossible to take a final examination on the date scheduled must make arrangements with the instructor to have an incomplete grade reported and must take the deferred final examination within the time allowed for making up incomplete grades.

TRANSFER OR EXTENSION COURSE CREDIT

The amount of transfer and extension course credit acceptable on a master's degree programs is limited to a total of 6 units for the Master of Arts and the Master of Science degrees; 34 units for the Master of Business Administration degree; 30 units for the Master of Social Work degree and for the Master of Science degree; and 24 units for the Master of Arts degree.Credit earned in other colleges or in extension courses must be approved by the appropriate graduate adviser and the Dean of Graduate Studies. Approval of extension course credit must be obtained by the student prior to the date of completion of the extension course. Credit earned by correspondence is not accepted as satisfying degree requirements.

STUDY LIST LIMITS IN THE GRADUATE DIVISION

A graduate student who is not taking any 200-numbered courses may register for 17½ units of credit during any semester. If one or more 200-numbered courses are included in the study list, the maximum number of units permitted is 15. An excess study load requires the approval of the Dean of Graduate Studies at the beginning of the semester in which the credit is to be earned. The maximum amount which will be approved by petition for any one semester for students carrying one or more 200-numbered courses is 17 units and for any one year, 31 units.

Graduate students who are employed full time should not attempt to earn more than six units of credit per semester. Graduate students attending summer sessions are limited to one unit of credit per week of attendance.

Graduate students who are employed as teaching assistants at San Diego State College are limited to 15 units of combined teaching assignments and course work unless their request for excess load is approved by the Dean of Graduate Studies. Students who enroll for more units than authorized will not receive credit on their official master's degree programs for the excess number of units completed.

OFFICIAL PROGRAMS OF STUDY

Official master's degree programs of study, as signed or revised by the graduate adviser and accepted by the Graduate Council, are binding unless a student withdraws from the Graduate Division. Withdrawal is defined as having taken no courses during a calendar year. Students who have withdrawn must file a request for readmission to the Graduate Division before they will be permitted to register for any courses leading to the master's degree.

It is the student's responsibility to complete the specific courses listed on his official program. For the master's degree programs, all credit must be approved unless approved by the graduate adviser and the Dean of Graduate Studies. No course can be deleted from an official program after the course has been completed. No course completed prior to seven years of the date the program is approved may be listed on the program.

APPLICATION FOR GRADUATION

An application for graduation must be filed in the Graduate Office well in advance of the date of graduation. Refer to the calendar in Part I of this Bulletin for deadline dates.

BASIC REQUIREMENTS FOR THE MASTER'S DEGREE

To receive the master's degree at San Diego State College, the candidate must have completed the following general requirements of the Graduate Division and the specific requirements listed in the appropriate sections of Part Four of this Bulletin, Fields of Study and Courses of Instruction for the Master's Degree:

(A) ADVANCEMENT TO CANDIDACY:

A student who holds classified graduate standing in the Graduate Division at San Diego State College and who meets its scholastic, professional, and personal standards may be considered for advancement to candidacy for the master's degree provided he has filed an official program of study approved by the appropriate graduate adviser and the Dean of Graduate Studies. The Master of Arts degree, the Master of Science degree, the Master of Business Administration degree, the Master of Social Work degree, the Master of Public Administration degree, and the Master of Public Affairs degree may be advanced to candidacy after he has earned at least 12 units in his graduate program in the Graduate Division with a minimum grade point average of 3.0 (B), or six units of his program if he is a graduate of San Diego State College provided the Master of Arts degree, the Master of Science degree, the Master of Business Administration degree, the Master of Social Work degree, the Master of Public Administration degree, and the Master of Public Affairs degree, the student must have earned at least 24 units in his graduate program in the School of Business Administration with a minimum grade point average of 3.0 (B); and for the Master of Social Work degree, the student must have earned at least 27 units in his graduate program in the School of Social Work with a minimum grade point average of 3.0 (B).

In addition to having the grade point averages specified above, the student must (1) complete all undergraduate deficiencies and the special requirements of the department, division, or school concerned; (2) have attained satisfactory scores on the Graduate Record Examination Aptitude Test and, if applicable, on the General Culture Test; (3) have been recommended for advancement to candidacy by the department, division, or school concerned; and (4) have been approved for advancement by the Graduate Council. Written notification of advancement to candidacy will be sent to the student from the Graduate Office.

(B) EXAMINATIONS:

Prior to or during their first semester in residence, all students desiring the master's degree must take the Graduate Record Examination Aptitude Test. Students desiring the Master of Arts degree for teaching service must
UNIT REQUIREMENTS:

(C) Master of Arts and Master of Science degrees:

Thirty units of approved 100- or 200-numbered courses earned in graduate standing, at least 24 of which must be completed in residence. At least 12 units must be in 200-numbered courses. Not more than a total of 6 units in approved semester transfer courses and 12 units in approved summer transfer courses may be used to satisfy the 30 units required for the degree. Courses required to remove undergraduate deficiencies are in addition to the minimum 30 units required for the degree. Credit earned by correspondence is not acceptable. Not more than a total of 6 units in special study courses numbered 199 and 298 will be accepted for credit toward the degree.

(D) COURSE REQUIREMENTS:

In all master's degree curriculums offered at San Diego State College, any course completed more than seven years prior to the date on which all requirements for the degree are completed cannot be used to satisfy the foregoing unit requirements except that the Graduate Council, on the recommendation of the department, division, or school concerned, may extend the time for students who pass a comprehensive examination in lieu of a thesis. With the approval of the appropriate graduate adviser and the Dean of Graduate Studies, a more recent completed course may be substituted for an outdated one. A course completed prior to seven years of the date that the official master's degree program is approved may not be listed on the program. A minimum of nine units of courses listed on the official program of study must be completed after advancement to candidacy for the Master of Arts and the Master of Science degrees. A minimum of 24 units on programs of study for the Master of Business Administration and Master of Social Work degrees must be completed after advancement to candidacy.

Specific courses required for the Master of Business Administration degree are listed in the appropriate sections of Part Four, Fields of Study and Courses of Instruction under Specific Requirements for the Master's Degree.

(E) THESIS:

Plan A, requiring a thesis, may be selected by a student seeking the master's degree provided the department, division, or school concerned approves the listing of Course 299, Thesis, on the official program of study. Three units of "C" are granted for satisfactory completion of the thesis or project following its acceptance by the student's thesis committee, the department, division, or school concerned, and the Graduate Council.

Assigning of "C" grade for the thesis is the responsibility of the Graduate Office. Registration in Course 299, Thesis, is required; however, students will not be permitted to register for this course until they have received official notification of advancement to candidacy from the Graduate Office and have an officially appointed thesis or project committee. Theses or projects must be completed well in advance of the date of the convocation at which the degree is to be conferred. Refer to the calendar in Part I of this Bulletin for deadline dates.

All theses or projects must be typed on special water-marked thesis paper available at the College Book Store. Instructions for typing, preparing maps and charts, binding, etc., are available at the Graduate Office.

Two of the three required copies of all master's theses or projects are accessioned by the Library of San Diego State College and are subject to the regulations of the Library with respect to cataloged materials.

Plan B, requiring a comprehensive examination in lieu of a thesis, may, with the approval of the department, division or school concerned, be followed in certain graduate degree curricula as indicated in Part Four of this bulletin. Dates on which comprehensive examinations in lieu of theses are given must be determined by the department, division, and school concerned. Results on comprehensive examinations must be reported to the Graduate Office by the department, division, or school. Refer to the calendar in Part I of this Bulletin for deadline dates.

(F) GRADE POINT AVERAGES:

Grade point averages of at least 3.0 (B) must be maintained on:

1. All programed courses including courses accepted for transfer credit and courses taken concurrently with or subsequently to courses accepted for transfer.
2. All 100- or 200-numbered courses taken at San Diego State College concurrently with or subsequently to the earliest course listed on the official master's degree program.

(G) FINAL APPROVAL:

The student's official program of study as approved by the appropriate graduate adviser and the Graduate Council and all required examinations must be completed in a satisfactory manner before the student will be recommended for the degree by the Graduate Council.

An application for graduation must be filed in the Graduate Office well in advance of the expected date of graduation to provide adequate time for official faculty vote of approval for graduation. Refer to the calendar in Part I of this Bulletin for deadline dates.

(H) AWARD OF DEGREES:

The Board of Trustees of the California State Colleges, upon recommendation of the faculty of San Diego State College, awards the appropriate diploma or degree to a student who has completed the prescribed course of study.

(I) DIPLOMA:

The appropriate diploma is ordered by the student from the College Book Store.
PART FOUR

FIELDS OF STUDY AND COURSES OF INSTRUCTION

This section contains the specific requirements for all master's degrees authorized at San Diego State College by the Board of Trustees of the California State Colleges. These specific requirements of departments, divisions, or schools supplement and are in addition to the basic requirements for the master's degree as stated in Part Three of this bulletin. All official master's degree programs must be prepared in conformity with the basic and specific requirements for the degree in question.

In addition, courses acceptable for credit toward a master's degree are listed under major fields and areas of concentration. Each course is listed by department number, title, and units. Graduate level (200-numbered) courses carry course descriptions. Full descriptions for other courses may be found in the General Catalog. Not all courses are offered every semester or every year. Ordinarily each listed course will be offered not less than once during a two-year period. For courses offered in any given semester, together with the time and place of meeting, consult the semester Class Schedule, which is available at the College Bookstore prior to the date of registration of each semester, or the summer session bulletin which is available prior to the opening of summer session.

The college reserves the right to withdraw any course listed in the class schedule for which the enrollment is not sufficient to warrant the organization of a class.

PREREQUISITES FOR GRADUATE COURSES

Graduate level (200-numbered) courses require, as a general prerequisite, competence in the specified field as indicated by a substantial amount of upper division study in the field or in a closely related field. Unless otherwise specified in the course description, graduate level courses are open to classified graduate students with the permission of the instructor. Unclassified graduate students must obtain the permission of the instructor and the Dean of Graduate Studies before they may enroll in a graduate level course. Undergraduates are not permitted to enroll in 200-numbered courses.

Registration in Course 298, Special Study (3-6), must be arranged through the instructor, the chairman of the department concerned, and the Graduate Office. Forms for this purpose are available in the Graduate Office.

Course 299, Theses (3), can be taken only by those students who are advanced to candidacy for a master's degree, and who have an officially appointed thesis committee. Students must receive clearance for registration in Course 299, Thesis, from the Graduate Office.
ART

GENERAL INFORMATION
The Department of Art, in the Division of the Fine Arts, offers graduate study leading to the Master of Arts degree with a major in art and to the Master of Arts degree for teaching service with a concentration in art.

The Art Department is prepared to offer advanced study to graduate students in the fields of painting, sculpture, ceramics, printmaking, and the history of art. In addition to the excellent equipment of the Fine Arts Building at the college, the Fine Arts Gallery of San Diego and the Museum of Archeology, both located in Balboa Park, offer valuable original materials as well as specialized libraries for research in those fields.

ADMISSION TO THE GRADUATE DIVISION
All students must satisfy the general requirements for admission to the Graduate Division with classified graduate standing, as described in Part Three of this bulletin. In general, the student must have completed an undergraduate major in art with a minimum of 24 upper division units, including a course in the principles of art appreciation and two semesters' work in the general history of art, before he will be permitted to begin work on his graduate program. The student must also be able to show that he is adequately advanced both in drawing and design to carry out projects which measure up to graduate standards. This requirement will be measured through an examination of examples of the student's undergraduate work. If it is determined that the student is capable of doing graduate art work, he may be permitted to begin such work even though he has not completed an appropriate undergraduate major in art. Those students whose work is insufficiently advanced for classified graduate standing may enroll for courses, under guidance of the department, in order to meet the standard requirements.

ADVANCEMENT TO CANDIDACY
In addition to meeting the requirements for advancement to candidacy as described in Part Three of this bulletin, all students will be required to pass a comprehensive examination covering the fields of History of Art, Western Civilization, Principles of Art Appreciation, and the techniques and materials of the artist.

SPECIFIC REQUIREMENTS FOR THE MASTER OF ARTS DEGREE
In addition to meeting the requirements for classified graduate standing and the basic requirements for the master's degree as described in Part Three of this bulletin, the student must complete a graduate program which includes a major consisting of at least 24 units in art from courses listed below as acceptable on master's degree programs in art, of which at least 16 units must be in the 200-numbered courses. Art 299, and Education 211 are required courses. (Students must also satisfy the requirements for a California school service credential.) Not more than a total of 6 units in the special study courses Art 199 and Art 298 will be accepted.

In connection with the thesis or project, each candidate for the degree must present an exhibition on the campus of representative graduate work including the project (if applicable), and a portfolio of additional graduate work. An oral examination over the field of the thesis or project and related material is required.

SPECIFIC REQUIREMENTS FOR THE MASTER OF ARTS DEGREE FOR TEACHING SERVICE
In addition to meeting the requirements for classified graduate standing and the basic requirements for the master's degree as described in Part Three of this bulletin, the student must complete a graduate program which includes a concentration consisting of at least 18 units in art from courses listed below as acceptable on master's degree programs in art, of which at least 12 units must be in 200-numbered courses. Art 299, and Education 211 are required courses. (Students must also satisfy the requirements for a California school service credential.) Not more than a total of 6 units in the special study courses Art 199 and Art 298 will be accepted.

In connection with the thesis or project, each candidate for the degree must present an exhibition on the campus of representative graduate work including the project (if applicable), and a portfolio of additional graduate work. An oral examination over the field of the thesis or project and related material is required.

THESIS AND PROJECTS IN ART
The thesis required for the Master of Arts degree in art is a written document; the project is an original work of creative art, accompanied by a written report. All theses and written reports accepted in satisfaction of a requirement for the master's degree are catalogued and accessioned in the college library; projects remain in the custody of the Department of Art at the college.

FACULTY
Chairman, Division of the Fine Arts: G. N. Sorenson, M.A.
Chairman, Department of Art: J. D. Swiggett, M.F.A.
Graduate Advisers: Major, J. D. Swiggett; Teaching, J. H. Dirks
Credentia Adviser: J. D. Swiggett
Professors: Ilse H. Ruocco, M.A.; G. N. Sorenson, M.A.; J. D. Swiggett, M.F.A.
Instructors: C. Forbrook, M.F.A.; L. B. Hunter, M.A.; A. W. Miller, M.A.

GRADUATE COURSES

206. Seminar in Creative Printmaking (3)  
Prerequisites: Art 106A and 106B. 
Advanced creative work in selected printmaking media based upon the analysis of the history and philosophies of printmaking from its inception through contemporary concepts. May be repeated once with new content.
216. Seminar in Creative Painting (3)
Prerequisites: Art 112A, 112B, 116A and 116B.
Aesthetic organization of selected visual subject matter in the medium of colors
in oils. May be repeated to a maximum of 6 units.

217. Seminar in Creative Sculpture (3)
Prerequisites: Art 117 A, B, C, D.
Aesthetic organization of selected subject matter in the medium of sculpture. May
be repeated to a maximum of 6 units.

219. Seminar in Creative Crafts (3)
Prerequisites: 6 units completed in upper division courses in sculpture or ceramics
or printmaking or a combination of these courses.
Advanced creative work in selected craft media. May be repeated to a maximum
of 6 units.

290. Bibliography (1)
Exercises in the use of basic reference books, journals, and specialized bibliogra-
phies, preparatory to the writing of a master's project or thesis.

292A-292B. Seminar in Art History (3-3)
Prerequisites: Art 50A and 50B, or equivalents.
An intensive study of the development of art styles in selected historical periods.

294A-294B. Seminar in the Principles of Design in the Space Arts (3-3)
Prerequisite: A semester course in art appreciation.
An intensive study of the activity of creative expression and aesthetic appreciation
in the area of visual experience. The aesthetic analysis of original works of art.

ASTRONOMY

GENERAL INFORMATION

The Department of Astronomy, in the Division of the Physical Sciences, offers
graduate study leading to the Master of Science degree in Astronomy.

This degree is designed to augment the student's undergraduate training by a
fifth year of more advanced study in the field of astronomy and the associated
fields of mathematics and physics. The College has excellent equipment, including
a 24-inch reflecting telescope, an 8-inch photographic telescope of long focus, and
several other telescopes, ranging from 6- to 12-inch aperture. Research is centered
about photometric work, and research projects are being carried out in the area
of eclipsing binaries. A fine photoelectric photometer with both UBV and narrow-
band filters is attached to the 24-inch telescope, and a regular schedule of nightly
observations is now in operation. Also, an IBM 1620 electronic computer is avail-
able. San Diego State College is fortunate in its location in that it is within 100
miles of the Mount Wilson and Palomar Observatories and about 300 miles from
the Kitt Peak National Observatory.

ADMISSION TO THE GRADUATE DIVISION

All students must satisfy the general requirements for admission to the Graduate
Division with classified graduate standing, as described in Part Three of this
bulletin under Admission to the Graduate Division. In addition, the student must
have an over-all grade point average of at least 2.75 in the last 60 units of his
undergraduate work and must have preparation in astronomy and related sciences
substantially equivalent to that required for the bachelor's degree in astronomy at
this college. Students transferring to San Diego State College must submit two
letters of recommendation to the Department of Astronomy.

ADVANCEMENT TO CANDIDACY

All students must satisfy the general requirements for advancement to candidacy
as specified in Part Three of this bulletin. In addition, students will be required
to take a qualifying examination during their first semester of residence.

SPECIFIC REQUIREMENTS FOR THE MASTER OF SCIENCE DEGREE

In addition to meeting the requirements for classified graduate standing and the
basic requirements for the master's degree as described in Part Three of this
bulletin, the student must also meet the following departmental requirements in
his 30 unit program:

(a) Complete at least twelve units of 200-numbered courses in astronomy in-
cluding Astronomy 200, 210, and 220.
(b) Complete at least nine units of graduate level or approved upper division
courses in astronomy or related fields as approved by his departmental
committee.
(c) If a student elects Plan A, he must enroll in Astronomy 299, Thesis. If a
student, with the approval of the department, elects Plan B, he must com-
plete at least three additional units of graduate level or approved upper
division courses in astronomy or related fields and pass a final comprehensive
examination in lieu of the thesis.
(d) Complete 6 units of electives selected with approval of the adviser.
(e) A reading knowledge of scientific French, German, or Russian is highly
recommended.
TEACHING ASSISTANTSHIPS

Teaching assistantships in astronomy are available to one or two qualified students. Application blanks and additional information may be secured from the Chairman of the Department of Astronomy.

FACULTY

Chairman, Division of the Physical Sciences: D. H. Robinson, Ph.D.
Chairman, Department of Astronomy: C. E. Smith, Ph.D.
Graduate Adviser: C. E. Smith, Ph.D.
Professors: C. M. Huffer, Ph.D.; C. E. Smith, Ph.D.
Associate Professor: Burt Nelson, Ph.D.
Assistant Professors: J. D. Schopp, Ph.D.; J. C. Silvernail, M.A.

COURSES ACCEPTABLE ON MASTER'S DEGREE PROGRAMS IN ASTRONOMY

Astronomy
150. Introduction to Variable Stars and Peculiar Stars (3)
180. Celestial Mechanics (3)
196. Advanced Topics in Astronomy (2-3)

Mathematics
118A-118B. Advanced Mathematics for Engineering Students (3-3)
119. Differential Equations (3)
121A-121B. Advanced Calculus (3-3)
124. Vector Analysis (3)
150A-150B. Statistical Methods (3-3)
131A-131B. Numerical Analysis (3-3)
140A-140B. Mathematical Statistics (3-3)
170. Partial Differential Equations (3)
175. Functions of a Complex Variable (3)

Any graduate course in Mathematics.

Physics
106. Optics (3)
110. Electricity and Magnetism (3)
112. Thermodynamics and Kinetic Theory (3)
131. Astronautics (2)
148. Nuclear Physics Laboratory (3)
151. Nuclear Physics (3)
156. Digital Computers (3)
163. Electronics Laboratory (2)
170. Electromagnetic Theory (3)
173A-173B. Physical Electronics (3-3)
175. Advanced Mechanics (2)
180. Solid State Physics (3)
190. Introductory Quantum Mechanics (3)
196. Advanced Physics (2 or 3)

Any graduate course in Physics.

Graduate Courses
200. Seminar (2 or 3)
Prerequisite: Consent of instructor.
An intensive study of a selected topic in advanced astronomy. May be repeated with new subject matter for additional credit.

210. Binary Stars (3)
Prerequisite: Astronomy 112B.
An intensive study of visual, spectroscopic, and eclipsing binaries, including the determination of orbits.

220. Galactic and Extragalactic Structure (3)
Prerequisite: Astronomy 112B.
Types, movements and characteristics of stars in the galaxy and a similar study of extragalactic structures.

230. Stellar Interiors (3)
Prerequisite: Astronomy 112B.
Structure of the interior of stars including the details of the reactions by which energy is obtained and the evolution of stars.

280. Orbit Theory and Computation (3)
Prerequisite: Astronomy 180.
A study of the derivation of the methods of determining orbits of comets, asteroids, and planets. The computation of an orbit will be required.

297. Research (Credit to be arranged)
Prerequisite: Classified graduate standing.
Research in one of the fields of astronomy. Maximum credit six units applicable on a master's degree.

298. Special Study (1-6)
Individual study. Six units maximum credit.
Prerequisite: Consent of staff; to be arranged with department chairman and instructor.

299. Thesis (3)
Prerequisites: An officially appointed thesis committee and advancement to candidacy.
Guidance in the preparation of a project or thesis for the master's degree.
Biology

General Information

The Departments of Biology, Botany, Microbiology, and Zoology, in the Division of the Life Sciences, offer graduate study leading to the Master of Arts degree with a major in biology, the Master of Arts degree for teaching service with a concentration in biology, and the Master of Science degree in biology. The concentration for the master's degree may be in any one of the departments listed above. The completion of a new Life Science building in 1962 has increased the facilities for graduate study in the biological sciences. Additional facilities available in the community include the San Diego Zoo Hospital, the United States Department of Agriculture, Fish and Game Commission, and the Alvarado Filtration Plant of the City of San Diego. The College is establishing a biological research center on a 2,530 acre area in Temecula, Riverside County.

Admission to the Graduate Division

In addition to the general requirements for admission to the Graduate Division with classified graduate standing, as described in Part Three of this bulletin, a student must satisfy the following requirements before he will be recommended for classified graduate standing:

(a) Have or complete an undergraduate major in the department of the biological sciences in which graduate study is contemplated.

(b) Satisfactorily complete a qualifying examination in the biological sciences. Details may be obtained from the Division of the Life Sciences.

(c) As soon as a general area has been decided upon, the appropriate graduate adviser should be consulted regarding the program of study.

Advancement to Candidacy

All students must satisfy the general requirements for advancement to candidacy, which are described in Part Three of this bulletin.

Specific Requirements for the Master of Arts Degree

In addition to meeting the requirements for classified graduate standing and the basic requirements for the master's degree as described in Part Three of this bulletin, the student must complete a graduate program which includes a major concentration of at least 24 units in the biological sciences from courses listed below. The remaining units must be in fields, or in the biological sciences. A reading knowledge of scientific French, German, Russian, or Spanish, and a final oral examination on the field of the thesis and its implications in the broad field of biology are also required.

Specific Requirements for the Master of Arts Degree for Teaching Service

In addition to meeting the requirements for classified graduate standing and the bulletin, the student must complete a graduate program which includes a concentration consisting of at least 18 units in the biological sciences from courses listed below. The remaining units must be in 200-numbered courses, including the thesis. (Students must also satisfy the requirements for a California school service credential.) Plan A (Thesis) will be required unless the Biology Graduate Committee and the graduate adviser approve the substitution of Plan B. For Plan A, a final oral examination in the field of the thesis and its implications in the broad field of biology is required. For Plan B, the candidate must satisfactorily pass a comprehensive examination after he has been advanced to candidacy. The examination will consist of two parts: one part will be a written survey test on general biology; the second part will be an oral test covering his special area of concentration.

Specific Requirements for the Master of Science Degree

In addition to meeting the requirements for classified graduate standing, the student must satisfy the general requirements for the master's degree, described in Part Three of this bulletin. The student must also meet the following departmental requirements:

(a) A minimum of 12 units of graduate level (200-numbered) courses in one of the following fields: biology, botany, microbiology, or zoology.

(b) A minimum of 12 additional units of upper division or graduate courses selected from biology, botany, microbiology, or zoology. Remaining units may be taken in these, or closely related fields.

(c) Plan A will be required. The student must satisfactorily defend his thesis and be prepared to discuss orally questions covering a survey of the general field of biology.

Teaching Assistantships

Teaching assistantships in biology are available to a limited number of qualified students. Application blanks and additional information may be secured from the Chairman of the Division of Life Sciences.

Faculty

Chairman, Division of the Life Sciences: J. E. Crouch, Ph.D.
Chairman, Department of Biology: F. J. Ratty, Ph.D.
Chairman, Department of Botany: A. H. Gallup, Ph.D.
Chairman, Department of Microbiology: H. B. Moore, Ph.D.
Chairman, Department of Zoology: K. K. Bohnsack, Ph.D.

Coordinator of Graduate Programs: Mabel A. Myers

Graduate Advisers:
Master of Arts: Biology, C. L. Brandt; Botany, H. L. Wedburg; Microbiology, Mabel A. Myers; Teaching, A. H. Gallup; Zoology, R. E. Etheridge.
Master of Science: Biology, G. C. Goeringer and D. L. Jameson; Botany, A. H. Gallup; Microbiology, Mabel A. Myers; Zoology, R. E. Etheridge.

Credential Adviser: A. H. Gallup.

Associate Professors: C. L. Brandt, Ph.D.; D. A. Farris, Ph.D.; E. W. Huffman, Ph.D.; Wm. McBlair, Ph.D.; C. E. Norland, M. S.; D. A. Preston, Ph.D.; D. C. Shepard, Ph.D.; H. A. Walsh, Ph.D.

COURSES ACCEPTABLE ON MASTER'S DEGREE PROGRAMS

UPPER DIVISION COURSES

**Biology**

101. General Physiology (4)
103. General Cytology (4)
105. Developmental Biology (4)
110. Ecology (4)
111. Aquatic Biology (4)
112. Fisheries Biology (3)
113. Biological Oceanography (4)
130A-150B, Radiation Biology (2-2)
151. Radiisotope Techniques in Biology (3)

164. Human Genetics (4)
199. Special Study (1-6)

GRADUATE COURSES

**Biology**

200. Seminar (2 or 3)
   Prerequisite: Consent of instructor.
   An intensive study of a selected topic in advanced biology.
   May be repeated with new content for additional credit.

210. Seminar in Cellular Biology (2)
   Prerequisite: Biology 101 or 103, or consent of instructor.
   May be repeated with new content to a maximum of four units.

220. Seminar in Growth and Development (2)
   Prerequisite: Zoology 100 or consent of instructor.
   May be repeated with new content to a maximum of four units.

230. Special (3)
   Prerequisites: Biology 110 and 155; or Biology 160.
   Concepts and principles of the origin of species.

231. Seminar in Ethology and Comparative Psychology (2)
   (Same course as Psychology 231)
   Prerequisite: Biology 110 or Psychology 114 or consent of instructor.
   A seminar in the types of species, specific behavior patterns, and their function of four units.

240. Seminar in Ecology (2)
   Prerequisite: Biology 110 or 112, or consent of instructor.
   May be repeated with new content to a maximum of four units.

250. Biogeography (3)
   Prerequisite: Biology 110 or 160.
   Concepts and principles of the distributional history of plant and animal groups, and the origins and dispersal of modern faunas and floras.

260. Seminar in General Physiology (2)
   Prerequisite: Biology 101 or Botany 107, or consent of instructor.
   May be repeated with new content to a maximum of four units.

270. Seminar in Genetics (2)
   Prerequisite: Biology 155 or consent of instructor.
   May be repeated with new content to a maximum of four units.

276. Physiological Genetics (3)
   Prerequisites: Biology 155 or Zoology 164; Chemistry 101A.
   Recommended: Chemistry 115A-115B. Biochemical aspects of genetics of microbial and human systems.

290. Bibliography (2)
   Exercises in the use of basic reference books, journals, and specialized bibliographies, preparatory to the writing of a master's project or thesis.

298. Special Study (1-6)
   Prerequisite: Consent of staff; to be arranged with department chairman and instructor.
   Individual study. Six units maximum credit.

299. Thesis or Project (3)
   Prerequisites: An officially appointed thesis committee and advancement to candidacy.
   Guidance in the preparation of a project or thesis for the master's degree.

200. Seminar (2 or 3)
   Prerequisite: Consent of instructor.
   An intensive study of a selected topic in advanced botany. May be repeated with new content for additional credit.

298. Special Study (1-6)
   Prerequisite: Consent of staff; to be arranged with department chairman and instructor.
   Individual study. Six units maximum credit.

299. Thesis or Project (3)
   Prerequisites: An officially appointed thesis committee and advancement to candidacy.
   Guidance in the preparation of a project or thesis for the master's degree.

**Botany**

200. Seminar (2 or 3)
   Prerequisite: Consent of instructor.
   An intensive study of a selected topic in advanced botany. May be repeated with new content for additional credit.

298. Special Study (1-6)
   Prerequisite: Consent of staff; to be arranged with department chairman and instructor.
   Individual study. Six units maximum credit.

299. Thesis or Project (3)
   Prerequisites: An officially appointed thesis committee and advancement to candidacy.
   Guidance in the preparation of a project or thesis for the master's degree.

**Microbiology**

200. Seminar (2 or 3)
   Prerequisite: Consent of instructor.
   An intensive study of a selected topic in advanced microbiology. May be repeated with new content for additional credit.

298. Special Study (1-6)
   Prerequisite: Consent of staff; to be arranged with department chairman and instructor.
   Individual study. Six units maximum credit.

299. Thesis or Project (3)
   Prerequisites: An officially appointed thesis committee and advancement to candidacy.
   Guidance in the preparation of a project or thesis for the master's degree.
220. Seminar in Industrial and Agricultural Microbiology (2)
Prerequisite: Microbiology 101 or consent of instructor.
May be repeated with new content to a maximum of four units.

230. Seminar in Medical Mycology (2)
Prerequisite: Microbiology 104 or consent of instructor.
May be repeated with new content to a maximum of four units.

240. Seminar in General Microbiology (2)
Prerequisites: Microbiology 101 and 105, or consent of instructor.
May be repeated with new content to a maximum of four units.

250. Seminar in Virology (2)
Prerequisite: Microbiology 107 or consent of instructor.
May be repeated with new content to a maximum of four units.

260. Seminar in Immunology and Serology (2)
Prerequisite: Microbiology 103 or consent of instructor.
May be repeated with new content to a maximum of four units.

298. Special Study (1-6)
Prerequisite: Consent of staff; to be arranged with department chairman and instructor.
Individual study. Six units maximum credit.

299. Thesis or Project (1-3)
Prerequisites: An officially appointed thesis committee and advancement to candidacy.
Guidance in the preparation of a project or thesis for the master's degree.

BUSINESS ADMINISTRATION

GENERAL INFORMATION

The School of Business Administration offers graduate study leading to the
Master of Business Administration degree and to the Master of Science degree in
business administration. The major goals of the master's degree curriculum are to
educate the students for general management positions, for management of the
functional areas of business, and for executive responsibilities in organizations having
close relationships with business activities. The School of Business Administration
also offers graduate study leading to a Master of Arts degree in business education.
Please refer to the section of this Bulletin on Business Education, which follows
this section, for detailed information.

The Master of Business Administration degree is designed to provide a broad
education in business for the student with a non-business undergraduate degree.
The Master of Science degree with a major in business administration is designed
to provide for additional education and specialization in business subjects for the
student who has an undergraduate degree in one of the business subject fields.
The Master of Science degree with a major in business administration has been
accredited by the American Association of Collegiate Schools of Business.

Entrance requirements for the two master's degree curriculums are the same.
Either degree is available to any student regardless of previous education, provided
the requirements of the degree are met.

All students considering graduate work in business are advised to seek further
details from the Coordinator of Graduate Programs in the School of Business
Administration prior to applying for admission.

Close contacts with large and small firms, both local and national, enhance the
business student's education. The generous cooperation of local business and govern-
ment organizations provides opportunities for research and observation for graduate
students. The continued professionalization of the business executives' responsibilities
has created many opportunities for the student with an advanced degree in Business
Administration.

ADMISSION TO GRADUATE CURRICULUMS

A student seeking admission to either of the master's degree curriculums offered
in the School of Business Administration must (1) be admitted to the College with
unclassified graduate standing and (2) be admitted to the Graduate Division with
classified graduate standing.

ADMISSION TO THE COLLEGE

Students should request application materials for admission to the College directly
from the Office of Admissions. They are required to file applications and duplicate
copies of transcripts of all college work. See Part III of this Bulletin under Admis-
sion of Graduate Students to the College for information on admission procedures.
ADMISSION TO THE GRADUATE DIVISION AND THE SCHOOL OF BUSINESS ADMINISTRATION

Admission to the Graduate Division with classified graduate standing for the purpose of working toward either the Master of Business Administration degree or the Master of Science degree in business administration constitutes admission to the School of Business Administration. Students should request application materials from the Graduate Office. For additional information, see Part III of this Bulletin under Admission of Graduate Students to the Graduate Division.

All students must have classified graduate standing prior to enrolling in any course for credit toward either master’s degree. In order to obtain classified standing for the purpose of working toward a master’s degree in the School of Business Administration, a student must have an undergraduate grade point average of not less than 3.0 (B) on a 4-point scale on all college work attempted up to the time he applies for admission.

Students may also be recommended for classified graduate standing in the Graduate Division if their capacity for graduate study is demonstrated by satisfactory scores on the following two mandatory examinations: (1) Graduate Record Examination Aptitude Test, (2) Admission Test for Graduate Studies in Business. (Students should arrange to take these tests prior to enrolling in the College. Details concerning these tests, fees, and examination dates may be obtained from the Test Officer, San Diego State College, or by writing to the Educational Testing Service, 20 Nassau Street, Princeton, New Jersey. These tests are administered twice a year, in November, February, April, and July.)

Course Prerequisites for Admission to Master’s Degree Curricula

For admission to the curriculum for the Master of Business Administration degree there are no specific prerequisite courses. For admission to the curriculum for the Master of Science degree in business administration, the following courses or their equivalents must be completed before classified graduate standing can be given:

- Business Administration 1A-1B, Principles of Accounting (4 units)
- Economics 1A-1B, Principles of Economics (6 units)
- Economics 2, Statistical Methods (3 units)
- Business Administration 30A, and Business Administration 30B, Business Law (6 units)
- Business Administration 131, Legal Factors in Business (6 units)
- Business Administration 150, Marketing Principles (3 units)
- Business Administration 127, Fundamentals of Finance, or Economics 135, Money and Banking (3 units)

Notice of admission to a curriculum with classified graduate standing will be sent to the student by the Graduate Office only upon the recommendation of the School of Business Administration.

ADVANCEMENT TO CANDIDACY

The Master of Business Administration Degree

To be eligible for advancement to candidacy for this degree, the student must, in addition to holding classified graduate standing, have filed an official program indicating the area of concentration, and he must have completed at least 24 units listed on that program with a grade point average of 3.0 or higher. He must also meet the scholastic, professional, and personal standards of the Graduate Division and of the School of Business Administration, and otherwise comply with the regulations of the Graduate Division as described in Part III of this Bulletin under Advancement to Candidacy, including the attainment of a satisfactory score on the Graduate Record Examination Aptitude Test. In addition, the School of Business Administration must recommend to the Graduate Division that the student be advanced to candidacy to assure that all requirements of that School have been met.

The Master of Science Degree in Business Administration

To be eligible for advancement to candidacy for this degree, the student must, in addition to holding classified graduate standing, have filed an official program of studies for the degree, and he must have completed 12 units listed on that program with a grade point average of 3.0 or higher. In addition, the School of Business Administration must recommend to the Graduate Division that the student be advanced to candidacy to assure that all deficiencies have been removed and all requirements of that School have been met.

SPECIFIC REQUIREMENTS FOR MASTER’S DEGREES

The Master of Business Administration Degree

In addition to meeting the requirements for classified graduate standing in the Graduate Division for the purpose of pursuing the Master of Business Administration degree, the student must complete an approved program of studies consisting of at least 54 units of 200-numbered courses. In the event that the student has met the requirements of a given course by previous course work he will substitute another approved 200-level course in its place.

In completing the program, all students must:

1. Complete 36 units of core courses as follows:
   - B.A. 200, Financial Accounting (3)
   - B.A. 201, Business Organization and Management (3-3)
   - B.A. 202A-202B, Quantitative Methods (3-3)
   - B.A. 203, Marketing (3)
   - B.A. 204, Law for Business Executives (3)
   - B.A. 205, Financial Principles and Policies (3)
   - B.A. 206, Managerial Accounting (3)
   - B.A. 207, Research and Reporting (3)

3. Complete one of the concentrations listed below.
   a. Accounting: B.A. 210, Theory and Analysis of Financial Statements (3); B.A. 211, Advanced Accounting Problems (3); B.A. 212, Income Tax Accounting (3); B.A. 213, Auditing (3); and B.A. 219, Seminar in Accounting Theory (3).
   b. Employee Relations: B.A. 240, Employee Relations (3); two courses selected from B.A. 241, Business and Labor (3), B.A. 242, Wage Theory and Administration (3), and B.A. 243, Management Development (3); B.A. 249, Seminar in Employee Relations (3); and 3 units of electives in an area other than employee relations.
   c. Finance: B.A. 282, Seminar in Financial Markets (3); B.A. 222, Seminar in Business Finance (3); and nine units of electives.
   d. Management: B.A. 284, Policy Formation (3); two courses selected from B.A. 281, Behavioral Science for Management (3), B.A. 282, Group Processes and Leadership (3), B.A. 283, Origin and Nature of American Business Enterprise (3), and B.A. 289, Seminar in Organization and Management (3); and six units of electives, 3 of which must be in an area other than management.
   e. Marketing: B.A. 259, Marketing Analysis and Research (3); B.A. 251, Seminar in Marketing Theory (3); B.A. 252, Marketing Institutions (3); B.A. 253, Seminar in Marketing Price Policy (3); and 3 units of approved electives in an area other than marketing.
   f. Office Administration: B.A. 273, Data Systems and Automation (3); B.A. 278, Seminar in Office Administration (3); B.A. 279, Seminar in Data Systems Design (3); and six units of electives, of which 3 must be outside of the business education area and 3 must be in fields other than business administration and economics.
   g. Production Management: B.A. 230, Production Management (3); B.A. 231, Advanced Methods in Engineering and Work Measurement (3); B.A. 232, Operations Research (3); B.A. 239A or 239B, Seminar in Production Management (3); and three units of electives in an area other than production management.
In addition to meeting pattern requirements for the Master of Business Administration degree described above, the student must meet the general requirements and regulations of the Graduate Council published elsewhere in this Bulletin, including the following:

1. The student must complete at least 24 units of course work on his program after he has been advanced to candidacy.
2. At least thirty of the required 54 units must be completed at San Diego State College. All courses accepted for transfer must be strictly graduate courses and equivalent to those required as a part of the degree.
3. All course work included as a part of the requirement for the degree must be completed within seven years of the date when all requirements for the degree are completed, except that the College, at its option, may extend the time for students who pass a comprehensive examination in the relevant course or subject field.
4. Grade Point Averages:
   - Grade point averages of at least 3.0 (B) must be maintained on:
     a. All programmed courses required for the removal of undergraduate deficiencies.
     b. All programmed courses including courses accepted for transfer credit and courses taken concurrently with or subsequently to courses accepted for transfer.
   - All 100- or 200-numbered courses taken at San Diego State College concurrently with or subsequently to the earliest course listed on the official master's degree program.
5. Final approval:
   - The student's official program of study as approved by the School of Business Administration and the Graduate Council and all required examinations must be completed in a satisfactory manner before the student will be recommended for the degree by the Graduate Council.
   - An application for graduation must be filed in the Graduate Office well in advance of the expected date of graduation to provide adequate time for official faculty vote of approval for graduation. Refer to the calendar in Part I of this Bulletin for deadline dates.
6. Award of Degrees:
   - The Board of Trustees of the California State Colleges, upon recommendation of the faculty of San Diego State College, awards the appropriate diploma or degree to a student who has completed the prescribed course of study.
7. Diploma:
   - The appropriate diploma is ordered by the student from the College Book Store.

The Master of Science Degree in Business Administration

In addition to meeting the requirements for classified graduate standing as described above and the general requirements for master's degrees as described in Part III of this Bulletin, the student must complete a graduate program of 30 units in Business Administration 299. Thesis, is required. Economics 201, Economic Theory, is his undergraduate preparation. At least twenty-four units must be in business administration and economics.

TEACHING ASSISTANSHIPS

Teaching assistantships in business administration are available to a limited number of qualified students. Application blanks and additional information may be secured from the Dean of the School of Business Administration.

FACTORIES

Dean, School of Business Administration: C. W. Lamden, Ph.D., C.P.A.
Chairman, Department of Accounting: D. B. Ferrel, M.B.A., C.P.A.
Chairman, Department of Business Law and Finance: W. H. Hippaka, Jur.D.
Chairman, Department of Management: L. H. Peters, Ph.D.
Chairman, Department of Marketing: E. A. Hale, Ph.D.
Coordinator of Graduate Programs: D. C. Bridenstine, Ph.D.

Graduate Advisors:
Accounting: C. W. Lamden, V. E. Odmork
Business Management: D. W. Belcher, A. C. Pierson, L. H. Peters
Finance: R. P. Hungate, Sylvia Lane, W. A. Nye
Production Management: Oliver Galbraith, G. L. Hodge, A. L. Srbich
Insurance: R. P. Hungate, W. A. Nye
Junior College Credential: E. P. Brown
Marketing: G. K. Sharkey, E. A. Hale
Employee Relations: D. W. Belcher, Frances B. Torbert
Real Estate: W. H. Hippaka

</table>
200. Financial Accounting (3)
Prerequisite: Classified graduate standing or consent of instructor.
Basic concepts and principles of financial accounting; accounting as a data processing system; measurement of business income; financial statements.

201A-201B. Business Organization and Management (3-3)
Prerequisite: Classified graduate standing.
Functions, role, and relationships of business organizations; theories of management; decisions, dilemmas, and human values in industrial societies.

202A-202B. Quantitative Methods (3-3)
Prerequisite: Classified graduate standing.
In 202A: Measures of central tendency and variation, sampling and various statistical tests such as analysis of variance, F, t, and X² tests. Simple and multiple correlation. In 202B: The design of statistical experiments and various operations research techniques such as simulation, linear programming, queuing theory, and Markov chain analysis.

203. Marketing (3)
Prerequisite: Classified graduate standing.
The marketing activities of a firm in relation to management and society. Application of economic theory to marketing institutions and functions.

204. Law for Business Executives (3)
Prerequisite: Business Administration 200.
Development significance, and interrelationships of law and business. Analysis of essential aspects of law pertaining to business including materials from the law of contracts, sales, agency, business organizations, property, negotiable instruments, secured transactions. Effects of government regulation of labor and business.

205. Financial Principles and Policies (3)
Prerequisite: Business Administration 200.
Finance and financial institutions as they relate to the firm and the flow of funds. Emphasis upon the supply of and demand for capital; principles and tools of business finance; money and capital markets.

206. Managerial Economics (3)
Prerequisite: Economics 100A or 201. (Students who have not completed this prerequisite must include Economics 201 as a substitute for three units of electives during their first year.)
Role of economic theory in management analysis and decisions. Study of demand, cost, and supply theories from a business viewpoint.

207. Research and Reporting (3)
Prerequisite: Business Administration 202A.
Principles of research design and data accumulation. Emphasis on the analysis and effective presentation of data related to business and industry.

208. Managerial Accounting (3)
Prerequisite: Business Administration 200.
Accounting in relation to the decision making process; various cost concepts; direct costing, flexible budgets, distribution cost-planning and control.

210. Theory and Analysis of Financial Statements (3)
Prerequisite: Business Administration 200.
An intensive study of the theories, principles, and concepts underlying financial statements; measurement and presentation of enterprise resources, equities, and income in accordance with generally accepted accounting principles; consideration of price level problems.

211. Advanced Accounting (3)
Prerequisite: Business Administration 210.
Principles and concepts as related to the measurement, determination, and presentation of resources, equities, and income of parent and affiliated companies; concepts of fund accounting; specialized reporting for partnership formation, income distribution, and liquidation; statement of affairs, estates and trusts.

212. Income Tax Accounting (3)
Prerequisite: Business Administration 210.
Provisions of the federal tax law, including preparation of returns for individuals, partnerships, corporations, estates, trusts; procedures for reporting deficiency assessments, refunds, and other administrative practices.

213. Auditing (3)
Prerequisite: Business Administration 211.
Critical analysis of the application of auditing principles in verification of financial statements; review of AICPA and SEC bulletins and regulations; consideration of professional ethics, audit standards, procedures, sampling techniques, and report writing; trends and developments in auditing profession.

219. Seminar in Accounting Theory (3)
Prerequisite: Business Administration 211.
Historical development of accounting principles and theory; problems in valuation, income determination, and statement presentation. (Formerly Business Administration 200, Seminar in Accounting Theory.)

220. Legal Aspects of Labor-Management Relations (3)
Prerequisite: Classified graduate standing.
Legal aspects of union organizational activities, representation proceedings, unfair labor practices, collective bargaining and contracts, grievances and arbitration, strikes, picketing, boycotts and injunctions.

221. Insurance Principles and Practices (3)
Prerequisite: Classified graduate standing.
Nature and extent of personal, business, and social risk. Risk handling techniques; insurance principles and practices; basic contract analysis; insurance underwriting and rating; insurance problems and trends; personal and business risk management.

222. Principles of Real Estate (3)
Prerequisite: Classified graduate standing.
Functions and regulation of the real estate market, real estate finance, property management, real estate appraisal theory, specialized properties, urban development, and contemporary real estate problems.

223. Seminar in Business Finance (3)
Prerequisite: Business Administration 205.
Application of principles of finance to current problems in financial management, with emphasis on planning and development of tools for use in decision making. Consideration of case materials, study of the literature, and development of individual student reports.

225. Seminar in Insurance (3)
Prerequisite: Business Administration 221.
Risk management in effective business operations. Programming of personal and business risk problems. Insurance institutions. (Formerly Business Administration 223, Seminar in Insurance.)

226. Seminar in Real Estate (3)
Prerequisite: Business Administration 222.
Current problems in real property. Regional land use planning. (Formerly Business Administration 275, Seminar in Real Estate.)
229. Seminar in Financial Markets (3)
Prerequisite: Business Administration 205.
Analysis of money and capital markets. Emphasis on factors of influence and
sources and uses of data. Survey of literature in the field. (Formerly Business
Administration 222, Seminar in Finance.)

230. Production Management (3)
Prerequisites: Business Administration 202A and 202B. (Concurrent enrollment
permissible.)
Analysis of management techniques applied to modern industrial enterprises.
Survey of production activities with special emphasis upon quantitative decision
making techniques.

231. Advanced Methods Engineering and Work Measurement (3)
Prerequisite: Business Administration 230.
Analysis and solution of plant management problems using multiple operation
analysis and advanced work measurement techniques (M.T.M., Work Factor Sys-
tem, and others). Relation of production to other functions.

232. Operations Research (3)
Prerequisite: Business Administration 230.
Programming and simulation techniques for analysis of interlocking decision prob-
lems with and without the use of computers. Derivation of man, machine, and sys-
tems models. Design of steady state and dynamic stochastic models.

239A. Seminar in Production Management (3)
Prerequisite: Business Administration 231.
Current developments in production engineering and management. Survey of
literature and analysis of modern methods. (Formerly Business Administration 224,
Seminar in Industrial Management.)

239B. Seminar in Production Management (3)
Prerequisite: Business Administration 232.
Analysis by quantitative techniques for managerial planning and decision making.
Applications of operations research and other concepts to industrial situations.

240. Employee Relations (3)
Prerequisites: Business Administration 201A and 201B. (Concurrent enrollment
permissible.)
Analysis of theories and factors underlying managerial policies and practices in-
volving employees.

241. Business and Labor (3)
Prerequisite: Business Administration 240.
Analysis of the role of unions in the modern business community with special
attention to the impact of union policies on management.

242. Wage Theory and Administration (3)
Prerequisite: Business Administration 240.
Study of wage theory, factors, and criteria important in determination of wage
rates. Wage structure, payment methods, and other compensation relating to the
business firm.

243. Management Development (3)
Prerequisite: Business Administration 240.
Management development programs; organization, administration, development,
and evaluation.

249. Seminar in Employee Relations (3)
Prerequisite: Business Administration 240.
Analysis of factors underlying managerial policies and programs in employee
relations. (Formerly Business Administration 221, Seminar in Personnel Manage-
ment.)

250. Seminar in Marketing (3)
Prerequisites: Business Administration 150 and consent of instructor.
Selected phases of marketing, such as pricing policies and practices, channels of
distribution, sales promotion activities, distribution cost analysis. Written reports on
special aspects of the semester's subject matter are required.

251. Seminar in Marketing Theory (3)
Prerequisites: Business Administration 203 and 259. (Concurrent enrollment in
Business Administration 259 permissible.)
Study of marketing theory and contributions of economics and behavioral sci-
ences to marketing thought.

252. Marketing Institutions (3)
Prerequisite: Business Administration 203.
Analysis of development of wholesaling and retailing and of growth, change, and
efficiency of these institutions in the American and other economies.

253. Seminar in Marketing Price Policy (3)
Prerequisite: Business Administration 251.
Study of pricing strategy and price determination in business organizations.

259. Market Analysis and Research (3)
Prerequisite: Business Administration 203.
Application of mathematical methods to market problems, consumer research,
and product analysis.

270. Seminar in Business Education (3)
An intensive study of some phase of business education, such as administration
and supervision; distributive and basic business education; trends in and methods
of teaching shorthand and typewriting. May be repeated with new subject matter.
Maximum of six units may be applied for the master's degree program.

273. Data Systems and Automation (3)
Prerequisite: Business Administration 202A.
Principles and techniques used in formulating, installing, and operating integrated
and electronic data processing systems, including computer applications to typical
automated data processing problems.

278. Seminar in Office Administration (3)
Prerequisites: Business Administration 185 and 186, or Business Administration
187.
Advanced study of contemporary problems in office administration. Emphasis on
current trends and developments and on individual student research. (Formerly
Business Administration 271, Seminar in Office Management.)

279. Seminar in Data Systems Design (3)
Prerequisites: Business Administration 185 and 186, or Business Administration
187.
Research in the analysis and design of data processing systems.

281. Behavioral Sciences for Management (3)
Prerequisites: Business Administration 201A and 201B.
Applications of findings from behavioral sciences to management problems and
decisions. Study of organization cultures and subcultures. Impact of human be-
havior on the enterprise.

282. Group Processes and Leadership (1)
Prerequisites: Business Administration 201A and 201B.
Perceptions and processes in work groups. Experience in interpersonal networks,
influence and rewards, stereotypes; managing differences and conflicts.
283. Origins and Nature of American Business Enterprise (3)
Prerequisites: Business Administration 201A and 201B.
Factors underlying the American system of business enterprise: modern corporations, the corporation man, technological change, the business community and politics, and other significant issues.

284. Policy Formulation (3)
Prerequisites: Business Administration 201A and 201B.
Building and maintaining enterprises in our society; determining objectives; developing policies and plans for achievement; measuring and controlling organizational activities; reappraising objectives and policies on the basis of new developments.

289. Seminar in Organization and Management (3)
Prerequisites: Business Administration 201A and 201B.
Analysis of problems in business and other organizations. Organization and decision theory and contemporary developments in management science are emphasized. (Formerly Business Administration 220, Seminar in Business Organization and Management.)

290. Bibliography (1)
Exercises in the use of basic reference books, journals, and specialized bibliographies, preparatory to the writing of a master's project or thesis.

298. Special Study (1-6)
Prerequisite: Consent of staff; to be arranged with department chairman and instructor.
Individual study. Six units maximum credit.

299. Thesis (3)
Prerequisites: An officially appointed thesis committee and advancement to candidacy.
Guidance in the preparation of a project or thesis for the master's degree.
COURSES ACCEPTABLE ON MASTER'S DEGREE PROGRAMS 
IN BUSINESS EDUCATION

UPPER DIVISION COURSES IN BUSINESS ADMINISTRATION

181. Administration and Supervision of Distributive Education (3)
189. Scope and Function of Business Education (3)
199. Special Study (1-6)

Any upper division course acceptable on master's degree programs in the School of Business Administration may be selected with approval of graduate adviser.

GRADUATE COURSES IN BUSINESS ADMINISTRATION

207. Research and Reporting (3)
Prerequisite: Business Administration 202A.

270. Seminar in Business Education (3)
An intensive study of some phase of business education such as administration and supervision, distributive and basic business education; trends in and methods of preparing, printing, and typewriting. May be repeated with new subject matter.

271. Seminar in Office Management (2)
Prerequisites: Business Administration 1A, 1B, and 184.
The relation of records, reports, budgets, and manuals to managerial control.

273. Data Systems and Automation (3)
Prerequisite: Business Administration 202A.
Principles and techniques used in formulating, installing, and operating integrated and electronic data processing systems, including computer applications to typical automated data processing systems.

278. Seminar in Office Administration (3)
Prerequisites: Business Administration 185 and 186, or Business Administration 195 and 196.

279. Seminar in Data Systems Design (3)
Prerequisites: Business Administration 185 and 186, or Business Administration 195 and 196.
Research in the analysis and design of data processing systems.

290. Bibliography (1)
Exercises in the use of basic reference books, journals, and specialized bibliographies, preparatory to the writing of a master's project or thesis.

298. Special Study (1-6)
Prerequisite: Consent of staff; to be arranged with department chairman and instructor.

299. Thesis (3)
Prerequisites: An officially appointed thesis committee and advancement to candidacy.
Guidance in the preparation of a project or thesis for the master's degree.

CHEMISTRY

GENERAL INFORMATION

The Department of Chemistry in the Division of the Physical Sciences offers graduate study leading to the Master of Arts degree with a major in chemistry, the Master of Science degree for teaching service with a concentration in chemistry, and the Master of Science degree in chemistry.

The facilities, staff, and equipment of the Department of Chemistry meet the requirements of the American Chemical Society, and students obtaining the A.B. or B.S. degree with the approved curriculum are granted the A.C.S. certification. All graduate study is based on this sound undergraduate foundation. Specialized equipment is available for research projects in the new four-million-dollar chemistry building.

ADMISSION TO THE GRADUATE DIVISION

All students must satisfy the general requirements for admission to the Graduate Division with classified graduate standing, as described in Part Three of this bulletin under Admission to the Graduate Division. The student with a major in chemistry from another accredited institution should have included in the undergraduate program a year-course in each of the following fields: general chemistry, analytical chemistry, organic chemistry, and physical chemistry. The course in physical chemistry must have included laboratory work. In addition, the student should have had enough specialized elective courses in chemistry to give a minimum of 24 units in upper division courses, including at least one course which has three years of chemistry as a prerequisite.

ADVANCEMENT TO CANDIDACY

In addition to meeting the requirements for advancement to candidacy as described in Part Three of this bulletin, students must pass a qualifying examination in chemistry. This examination should be taken during the first semester in residence.

SPECIFIC REQUIREMENTS FOR THE MASTER OF ARTS DEGREE

In addition to meeting the requirements for classified graduate standing and the basic requirements for the master's degree as described in Part Three of this bulletin, the student must complete a graduate program which includes a major consisting of at least 24 units in chemistry from courses listed below as acceptable on master's degree programs. At least 15 of these units must be in 200-numbered courses, excluding Chemistry 290, 297, and 298. Chemistry 211, 290, 291, and 298 are required. The student must demonstrate a reading knowledge of scientific German and must pass a final oral examination on his thesis.

SPECIFIC REQUIREMENTS FOR THE MASTER OF ARTS DEGREE 
FOR TEACHING SERVICE

In addition to meeting the requirements for classified graduate standing and the basic requirements for the master's degree as described in Part Three of this bulletin, the student must complete a graduate program which includes a concentration consisting of at least 18 units from courses listed below as acceptable on master's degree programs in chemistry, of which at least 12 units must be in 200-numbered courses. Chemistry 290 and Chemistry 299 are required courses. (The student must also satisfy the requirements for a California school service credential.)

SPECIFIC REQUIREMENTS FOR THE MASTER OF SCIENCE DEGREE

In addition to meeting the requirements for classified graduate standing, the student must satisfy the basic requirements for the master's degree as described in Part Three of this bulletin. He must also complete a graduate program which
includes a major consisting of at least 24 units in chemistry from courses listed below as acceptable on master's degree programs. At least 12 of these units must be in 200-numbered courses, excluding Chemistry 290, 297, 298, and 299. Chemistry 211 and 291 are required. Subject to departmental approval, the student may elect Plan A with the thesis (in which case the program must include Chemistry 290 and 299), or Plan B with the comprehensive examination in lieu of the thesis. A student electing Plan A must pass a final oral examination on his thesis. The student must demonstrate a reading knowledge of scientific German or Russian. This requirement will be considered to have been met by the student who holds the American Chemical Society Certificate.

TEACHING ASSISTANTSHIPS
Teaching assistantships in chemistry are available to a limited number of qualified students. Application blanks and additional information may be secured from the Chairman of the Department of Chemistry.

FACULTY
Chairman, Division of the Physical Sciences: D. H. Robinson, Ph.D.

Prerequisites: Mathematics 52 and Chemistry 110B. Chemical thermodynamics and an introduction to statistical thermodynamics. (Formerly Chemistry 220.)
261. Advanced Biochemical Techniques (2)
Prerequisite: Chemistry 116A.
Six hours of laboratory.
The laboratory application of biochemical techniques in manometry, chromatography, electrophoresis and enzymology.

270. Nuclear Chemistry (2)
Prerequisite: Chemistry 110B.
Nuclear reactions, fission systematics, interpretations arising from nuclear models and applications of radioactivity to chemistry.

290. Bibliography (1)
Exercise in the use of basic reference books, journals, and specialized bibliographies, preparatory to the writing of a master's project or thesis.

291. Research Seminar (1)
Prerequisite: Consent of department chairman.
Discussions on current research by students, faculty, and visiting scientists. Each student will make a presentation based on the current literature.

297. Research (Credit to be arranged)
Prerequisite: Consent of instructor.
Research in one of the fields of chemistry. Maximum credit six units applicable on a master's degree.

298. Special Study (1-6)
Prerequisite: Consent of staff; to be arranged with department chairman and instructor.
Individual study. Six units maximum credit.

299. Thesis (3)
Prerequisite: An officially appointed thesis committee and advancement to candidacy.
Guidance in the preparation of a project or thesis for the master's degree.

ECONOMICS

GENERAL INFORMATION
The Department of Economics, in the Division of the Social Sciences, offers graduate study leading to the Master of Arts degree with a major in economics. For graduate study in connection with the Master of Arts degree for teaching service with a concentration in social science, refer to the section of this bulletin under Social Science. Research facilities provided by the Department of Economics include the Economics Research Center and the Institute of Labor Economics.

ADMISSION TO THE GRADUATE DIVISION
All students must satisfy the general requirements for admission to the Graduate Division with classified graduate standing as described in Part Three of this bulletin. In addition, students seeking the Master of Arts degree with a major in economics must have completed Economics 2, Statistical Methods, and at least 18 units of upper division courses in economics including Economics 100A-100B, Intermediate Economic Theory, or their equivalents, and six units of upper division courses in economics or related fields as approved by the graduate advisor.
A student with a bachelor's degree in a field other than economics who has completed the core courses, Economics 2 and Economics 100A-100B may, with the consent of the Department of Economics, offer more than six upper division units in fields other than economics as part of this undergraduate preparation for admission to classified graduate standing.

ADVANCEMENT TO CANDIDACY
In addition to meeting the requirements for advancement to candidacy as described in Part Three of this bulletin, all students must take the Graduate Record Advanced Test in Economics. Reservations for this test must be made at the Test Office in the Administration Building.

SPECIFIC REQUIREMENTS FOR THE MASTER OF ARTS DEGREE
In addition to meeting the requirements for classified graduate standing and the basic requirements for the master's degree as described in Part Three of this bulletin, the student must include in his graduate program a minimum of 24 units in economics from courses listed below as acceptable on master's degree programs of which at least 18 units must be in 200-numbered courses including Economics 299, Thesis. The remaining unit requirements may be selected from courses in economics listed below or, by petition to the Departmental Graduate Study Committee, from 100 or 200-numbered courses offered by other departments of the college. A written comprehensive examination over course work taken for the degree is required.

TEACHING ASSISTANTSHIPS
Teaching assistantships in Economics are available to a limited number of qualified students. Application blanks and further information may be obtained from the Chairman of the Department of Economics.
FACULTY
Chairman, Division of the Social Sciences: D. S. Milne, Ph.D.
Chairman, Department of Economics: D. A. Flagg, Ph.D.
Graduate Adviser: George Babilot
Associate Professors: George Babilot, Ph.D.; R. E. Barckley, Ph.D.; D. A. Flagg, Ph.D.; E. J. Neuner, Ph.D.; Marjorie S. Turner, Ph.D.
Assistant Professors: G. P. Balabanis, A.B.; L. E. Chadwick, B.S.; Chulsoon Kahng, M.A.; J. W. Leasure, Ph.D.; Kozo Yamamura, Ph.D.

</table>
EDUCATION

GENERAL INFORMATION

The School of Education offers graduate study leading to the Master of Arts degree in education with concentrations in the following: audiovisual education, elementary curriculum and instruction, secondary curriculum and instruction, administration, supervision, pupil personnel services, and special education. Some of these concentrations are designed to permit concurrent completion of the requirements for the corresponding advanced credential. A student who has not embarked on a given credential program by November 1, 1963, will need to meet new credential requirements presently being developed in accordance with legislation enacted in 1961.

ADMISSION TO THE GRADUATE DIVISION

The student must satisfy the general requirements for admission to the Graduate Division with classified graduate standing, as described in Part Three of this bulletin under Admission to the Graduate Division. In addition, the student must have completed a minimum of 12 units in professional education courses, and he must either be admitted to the program of teacher education or hold a valid California credential, other than an emergency or provisional credential, before he will be recommended by the department for classified graduate standing.

ADVANCEMENT TO CANDIDACY

A student desiring a master's degree concentration in audiovisual education, elementary curriculum and instruction, or secondary curriculum and instruction may be advanced to candidacy upon completion of the basic requirements as described in Part Three of this bulletin, section on master's degree, and upon satisfactory completion of the qualifying examination (see below). A student desiring a concentration in administration, supervision, or pupil personnel services, must, in addition to the above, meet specific requirements for admission to the appropriate advanced credential program. A student desiring a master's degree concentration in special education must also meet specific admission requirements. (For further information, refer to the School of Education, Office of Advanced Credentials, Education 179.)

The Qualifying Examination

The student is urged to take this examination (The Graduate Record Examination Advanced Test in Education) at the earliest possible date in his first graduate year. In the fall semester, the test will be given on November 14, 1964, with reservations required prior to October 23, 1964. In the spring semester, the test will be given on March 20, 1965, with reservations required prior to February 26, 1965. Make reservations in the Test Office.

SPECIFIC REQUIREMENTS FOR THE MASTER OF ARTS DEGREE

In addition to meeting the requirements for classified graduate standing and the credential requirements as applicable, the student must satisfy the basic requirements for the master's degree, described in Part Three of this bulletin. In addition, the student must complete a minimum of 18 units in one of the concentrations in education. Education 211 and either Education 299 or Education 295A-295B are required courses. All applicants for the Master of Arts degree in education must pass a comprehensive examination and satisfactorily complete either a thesis (Plan A) or two writing seminars (Plan B). In addition, students majoring in certain concentrations are required to verify successful teaching experience, and to satisfy requirements for advanced credentials. See below for further information regarding each of the concentrations.

The Comprehensive Examination

This examination, designed to evaluate the student's achievement in the specific area of his concentration, is required of all candidates for the master's degree in education. A student is eligible to take the comprehensive only if he has been advanced to candidacy and has completed or is currently enrolled in the last course or courses in his major concentration.

This year this examination will be given on November 21, 1964, and on March 27, 1965. Reservations must be made at least a week in advance in the Office of Advanced Credentials, School of Education, Room 179.

SELECTION OF PLAN A OR PLAN B

After a student has been admitted to the Graduate Division with classified graduate standing he will be assigned an adviser. He must then make an appointment with that adviser to plan his program of studies for the master's degree. In general, applicants will be programmed at that time for Plan B, the seminar plan. After the student has completed approximately half of his program for the degree, he may request permission to transfer to Plan A, the thesis plan, if he has by this time established a plan for his thesis and has secured a faculty sponsor for it. Requests for transfer to Plan A must be prepared as an official change of program for the master's degree and countersigned by the faculty sponsor and then submitted to the Office of Advanced Credentials in the School of Education.

In general, Plan A is designed for students who have a particular research problem they wish to investigate in some detail. It is also recommended for students who plan eventually to secure the doctorate. Plan B provides an opportunity (1) to have two experiences of a writing and research nature, (2) to participate actively in the research projects of the other members of the seminar, and (3) to subject his own research to critical evaluation by the other seminar members. Both plans require the ability to formulate and define research problems, to assemble data pertinent to the projects, to draw conclusions and to present the study in adequate written form. It is expected that the two seminars will be at least as demanding as the thesis with respect to the difficulty and quantity of work required.

Course Requirements

Note: Students are requested to consult with the appropriate master's degree adviser prior to taking any course work leading to the master's degree. Students are urged to take Education 211 (formerly 290A-B) (3 units) as early as possible in their first graduate year.

Elementary Curriculum and Instruction

The Master of Arts degree with a major in elementary curriculum and instruction is designed to increase professional competence in the form of more breadth, depth, and technical skill in curriculum and instruction. Upon adviser's approval, up to 12 units of electives may be chosen from courses in the several elementary subject fields, child study, and related academic departments. This program of work furnishes an excellent curricular background for those who may prepare later for credentials in administration and supervision. Course requirements are as follows and should preferably be taken in the sequence as listed:

1. Prerequisite: A basic background in education (minimum of 12 units) to include curriculum and methods, child growth and development, tests and measurements, educational psychology, and history and philosophy of education.

2. Education 211, Procedures of Investigation and Report (3 units).

3. Core program (9 units) to include: Education 206, Philosophy of Education, or 207, Educational Sociology; Education 220, Advanced Educational Psychology, and Education 240, Elementary Curriculum.

4. Problems in Teaching (minimum of 6 units) from: Ed. 241, 242, 243, 244, and 248.

5. Electives selected with adviser's approval.

Secondary Curriculum and Instruction

The Master of Arts degree in secondary curriculum and instruction is designed to assist the applicant in improving performance in his roles as a classroom teacher. Twelve units in basic education courses are prerequisite to the program. Course requirements are as follows:

1. Education 211, Procedures of Investigation and Report (3 units).
2. Core program (15 units). The core is composed of advanced courses in education selected with the approval of the adviser on the basis of the student's interests and goals, and the need as evidenced by results of the qualifying examination.
3. Electives (6-9 units) selected with the approval of the adviser.

Audio-visual Education

1. Twelve units in basic education courses are prerequisite to the program.
2. Education 211, Procedures of Investigation and Report (3 units).
3. Core program (18 units) to include: (a) Education 240, Curriculum Construction and Evaluation in Elementary Education, or Education 241, Curricular Problems in Secondary Education; (b) nine units as follows: Education 141, Creating Audio-visual Materials for Classroom Use; Education 274A, Utilizing Audio-visual Materials in the Classroom; and Education 275, Administering the Use of Audio-visual Materials; (c) a minimum of three units from the following: Industrial Arts 183, Materials and Techniques for Teaching Graphic Arts; Industrial Arts 185, Photography for Teachers; Industrial Arts 186, Advanced Photography; Education or Speech Arts 141-S, Workshop in Educational Television; and Education 298, Special Study; (d) Education 375, Directed Internship.
4. Electives (6 units).

Administration and Supervision

A student who was enrolled in an administration or supervision credential program by November 1, 1963, either elementary or secondary, will be permitted to continue that program and to earn the master's degree (if he is qualified) as outlined on his official program. A student who is not so enrolled will be required to follow the program for the credential and master's degree which is presently being developed in accordance with regulations adopted by the State Board of Education in May, 1963. A student who wishes to work toward the master's degree in administration or supervision must either hold an administration or supervision credential or be formally admitted to the appropriate administration or supervision credential program. For further information, the student is referred to the Office of Advanced Credentials in the School of Education (Education Building, Room 179).

Pupil Personnel Services

A student who was enrolled by November 1, 1963, in a program leading to the pupil personnel services credential will be permitted to continue that program and to earn the master's degree (if he is qualified) as outlined on his official program, provided only that all requirements for the credential (but not necessarily for the master's degree) must be completed on or before September 15, 1966. A student who was enrolled will be required to follow the program for the standard designated services credential and master's degree. These programs are currently being developed in accordance with the regulations adopted by the State Board of Education in May, 1963. A student who wishes to work toward the master's degree with a concentration in pupil personnel services must be admitted to the credential program. For further information, the student is referred to the Office of Advanced Credentials in the School of Education. (Education Building, Room 179.)

Special Education

A student who was enrolled in a program leading to the credential for teaching exceptional children by November 1, 1963, will be permitted to continue that program, provided he can complete the credential requirements by September, 1966. If such a student has an approved official program on file in the Graduate Office for a master's degree with a concentration in special education, he will be permitted to continue this program also within the regulations of the Graduate Council.

A student not so enrolled will meet the requirement for a master's degree with a concentration if he, in addition to meeting other requirements of the graduate school,

1. Satisfies, either as a part of or in addition to the master's degree, the requirements for the minor in special education as specified for the Standard Teaching Credential. (For students who hold the Credential for Teaching Exceptional Children, this requirement will be waived.)
2. Completes a 30-unit graduate program approved by his adviser. Education 211, 220, 272, 273, and either 299 or 295A-295B are required in all programs. In addition the student interested in the elementary level must complete Education 137 and either Education 246 or Education 247. The student interested in the secondary level must complete Education 232 and one course selected from Education 130E, Education 122, and Education 137.

For further information the student is referred to the Office of Advanced Credentials in the Division of Education (Education Building, Room 179).

THE STANDARD TEACHING CREDENTIAL WITH A SPECIALIZATION IN JUNIOR COLLEGE TEACHING

Admission Requirements

Students holding an appropriate master's or higher degree must, in addition, be admitted to the credential program before they are eligible to take the required professional education courses. Students who plan to obtain the master's degree and this credential must be admitted to the Graduate Division and must, in addition, be admitted to the credential program.

The requirements for admission to the credential program are essentially the same as those for secondary teaching credentials except that applicants must hold the bachelor's degree. For additional information, see the Coordinator of Junior College Programs, Room 124, Education Building.

Basic Requirements

To qualify for The Standard Teaching Credential with a Specialization in Junior College Teaching through San Diego State College a student must:

(a) Hold a master's degree or a higher degree in a subject matter field commonly taught in a junior college
(b) Have satisfied the requirements for a teaching minor
(c) Have satisfied general education requirements specified by the State Board of Education, and
(d) Have completed prescribed courses in professional education, including directed teaching.

Most departments have developed programs permitting students to obtain the master's degree and to meet the credential requirements in a full year of full-time graduate study. The required courses in professional education are typically offered in the summer and after four o'clock in regular terms.

Professional Courses in Teacher Education

Prerequisite: Admission to the credential program.
Ten semester hours of professional education are required:
Education 201. The Junior College (2)
Education 223. Educational Psychology: Junior College (2)
Education 251. Instructional Methods and Materials: Junior College (2)
Education 316. Directed Teaching (4)

Directed teaching can be accomplished only in a junior college assignment.
SCHOLARSHIPS

The following scholarships are available to graduate students in education.

SAN DIEGO TEACHERS ASSOCIATION. Awarded to two students preparing for teaching. $100 each per year.

CALIFORNIA CONGRESS OF PARENTS AND TEACHERS, INC. Awarded to a fifth-year student in training for the General Secondary Credential. $400 per year.

FACULTY

Dean of the School of Education: M. H. Schrupp, Ph.D.
Administrative Chairman: G. A. Koester, Ph.D.
Coordinator of Elementary Education: P. S. Anderson, Ph.D.
Coordinator of Secondary Education: C. E. Crum
Coordinator of Administrative Studies: R. A. Houseman
Coordinator of Guidance Studies: D. D. Malcolm
Coordinator of Special Education Studies: R. L. Trimmer
Coordinator of Junior College Programs: A. M. Livingston
Coordinator of Graduate Programs: R. L. Trimmer

Graduate Advisers:
Elementary Curriculum and Instruction: P. J. Groff
Secondary Curriculum and Instructor: J. A. Apple, C. E. Fishburn
Elementary Administration and Supervision: W. H. Wetherill
Secondary Administration and Supervision: H. R. Holt
Elementary Pupil Personnel Services: L. E. Strom
Secondary Pupil Personnel Services: G. E. Person
Special Education: R. L. Trimmer
Audiovisual Education: J. S. Kinder

GRADUATE COURSES IN EDUCATION

For requirements for graduate courses, refer to the statement of prerequisites for graduate courses at the beginning of Part Four of this bulletin. In addition to these general requirements, 12 units of professional education are prerequisite for enrollment in all graduate courses, except Education 201, 223, and 231, which require special clearance from the Coordinator of Junior College Programs.

Sociological Foundations

Overview of philosophy, history, aims, scope, function, outcomes, principles and problems of the junior college. Relation of the junior college to elementary and secondary schools and to four-year colleges. Fieldwork, including observation and audiovisual experiences, required.

Comparative Education

The contemporary educational ideas and practices of various countries of the world and their impact upon our culture and education.

History of Education

Advanced study of the history of education with emphasis on educational practices as related to present-day problems.
206. Philosophy of Education (3)
Prerequisite: Education 100 or 101.
Advanced study of philosophical backgrounds of educational thought; a study of comparative philosophies, and an analysis of selected current trends and problems.

207. Education Sociology (3)
Prerequisite: Education 100 or 101.
A study of the social, economic, political and moral setting in which present-day American education functions.

208. Workshop in Community Influences on Learning and Curriculum Planning (3 or 6)
Prerequisite: Teaching experience.
Advanced study of community influences on learning and child growth and development, and of group techniques, implications for curriculum planning. Provides opportunity for work on individual problems of the participants.

Procedures of Investigation

211. Procedures of Investigation and Report (3)
Research methods in education. Location, selection, and analysis of professional literature. Methods of investigation, data analysis, and reporting. Required of all applicants for advanced degrees in education. (Formerly Education 290A-290B.)

Educational Psychology

220. Advanced Educational Psychology (1)
Prerequisite: Education 110 or 111.
Advanced study of the research and its application to learning and human growth.

221. Seminar in Educational Measurement (3)
Prerequisite, one of the following: Education 120, 151, 152. Problems in educational testing. Emphasis upon construction, administration, and validation of teacher-made tests.

222. The Gifted Child (3)
Prerequisites: Education 110, or 111 and 112.
The abilities and characteristics of the intellectually gifted or talented; related problems of curriculum, teaching, administration and guidance.

223. Educational Psychology (Junior College) (2)
Fieldwork required.
Prerequisite: Education 201 or concurrent registration in 201.
The nature of the junior college student; the learning process including contributions of audiovisual materials. The functions of student personnel services in the junior college.

224. Administration of Pupil Personnel Services (3)
Prerequisite: Education 230.
The organization and administration of school guidance services, including the use of community resources and a study of laws relating to children and child welfare. (Formerly Education 234.)

225A-225B. Determinants of Pupil Behavior (3-3)
Prerequisite: Education 110, or 111 and 112, or equivalent.
Implications of selected research findings in behavioral sciences for the understanding of pupil behavior. Education 225A will deal with the psychological and psycho-physiological research; 225B with social, cultural, and linguistic research.

226. Guidance Services in Public Education (3)
Prerequisite: Education 110, or Education 111 and 112, or equivalent.
Historical, philosophical, and legal bases of the pupil personnel services; staff roles and relationships in a variety of organizational patterns.

229. Workshop in Pupil Personnel Services (3)
Prerequisites: Teaching experience and consent of director of the workshop.
Application of principles and procedures to specific situations for improvement of pupil personnel services. Individual problems emphasized. (Formerly Education 299.)

230. Guidance Problems in Secondary Education (3)
Prerequisites: Education 110 or equivalent, and student teaching or teaching experience.
The theory and practice of guidance emphasizing advanced mental hygiene concepts needed by teachers and counselors.

231. Theory and Process of Pupil Appraisal (4)
Three lectures and three hours of laboratory.
Prerequisites: Education 225A, 225B, and 226.
Measurement theory and procedures, including interpretation of test results to pupils, parents, and teachers. (Formerly entitled: Techniques of Pupil Appraisal.) Not open to students with credit in Education 257.

232. Theory and Process of Vocational Choice (4)
Three lectures and three hours of laboratory and/or field work.
Prerequisites: Education 225A, 225B, and 226.
Vocational choice theory, occupational and educational materials used in career planning. Not open to students with credit in Education 257.

233. Theory and Process of School Counseling (4)
Three lectures and three hours of laboratory.
Prerequisites: Education 225A, 225B, and 226.
Counseling theory and techniques, interviewing and case study methods. Supervised practice in interviewing school age pupils, analyzing interviews, and writing reports. Not open to students with credit in Education 238 or Psychology 152.

234. Theory and Process of Group Work in Guidance (2)
One lecture and three hours of laboratory.
Prerequisites: Education 225A, 225B, and 226.
Group process and individual growth, theories of group interaction, group therapy, and group leadership techniques: applications for the school setting. Not open to students with credit in Education 238.

237. Measurement and Information in Guidance (6)
Five units of lecture and one unit of laboratory.
Prerequisite: Education 225A, 225B, and 226. Application to enter the course must be made early during the preceding semester.
Measurement theory, interpretation of test results, vocational choice theory, occupational and educational information in career planning. Not open to students with credit in Education 231 or 232.

238. School Counseling: Individual and Group (6)
Five units of lecture and one unit of laboratory.
Prerequisites: Education 225A, 225B, and 226. Application to enter the course must be made early during the preceding semester.
Counseling theory and techniques, individual and group. Not open to students with credit in Education 233 or 234.

239. Professional Seminar in Guidance (2)
Prerequisites: Education 231, 232, 233, and 234, or equivalent.
Study of current problems, issues, and research in pupil personnel services. Not open to students with credit in Education 233.
Elementary Education

240. Curriculum Construction and Evaluation in Elementary Education (3)
Prerequisites: 12 units of work in elementary education and consent of instructor.
Credit or concurrent registration in Education 211.
Advanced study of the research in curriculum development, construction, and evaluation.

241. Seminar in Arithmetic in Elementary Education (3)
Prerequisites: Education 130A. Credit or concurrent registration in Education 211.
A study of research and practice in the methods of teaching and in the curriculum of elementary and junior high school arithmetic.

242. Seminar in Reading in Elementary Education (3)
Prerequisites: Education 130E and 137. Credit or concurrent registration in Education 211.
Advanced study of trends in reading instruction. Topics include developmental sequences in reading skills and abilities, reading in the content fields, individual differences, and interests. Students will develop individual projects or problems.

243. Seminar in Social Studies in Elementary Education (3)
Prerequisites: Consent of instructor. Credit or concurrent registration in Education 211.
Advanced study of problems in teaching social studies in the elementary school, with emphasis on the study of the scientific research in the field.

244. Seminar in Language Arts in Elementary Education (3)
Prerequisites: Consent of instructor. Credit or concurrent registration in Education 211.
Advanced study of problems in teaching language arts in the elementary school, including spelling, literature and written and oral communication. Emphasis will be on the study of scientific research in the field.

245. Seminar in Elementary Education (3)
Prerequisites: 12 units in elementary education and consent of the instructor.
Credit or concurrent registration in Education 211.
A study of the methodology of research with particular reference to the basic research in the psychology and teaching of the elementary school subjects.

246. Advanced Diagnosis in Reading (1)
Prerequisites: Psychology 204 and Education 137, or consent of instructor. Credit or concurrent registration in Education 211.
Principles and techniques of individual and group diagnosis of reading difficulties. Experience in administration and interpretation of individual and group instruments in diagnosis.

247. Advanced Diagnosis and Treatment of Learning Difficulties (3)
Prerequisites: A teaching credential and Education 151 or 152. Credit or concurrent registration in Education 211.
Principles and techniques of diagnosis and treatment of difficulties in learning the school subjects. Supervised experience in working with individual pupils and their parents.

248. Seminar in Science in Elementary Education (3)
Prerequisites: Nine units in natural science and Education 131B, or consent of instructor. Credit or concurrent registration in Education 211.
Advanced study of the problems of teaching science in the elementary school with emphasis on the literature of science education.

Secondary Education

250. Curricular Problems in Secondary Education (3)
Prerequisite: Student teaching or teaching experience.
Present status and development of the secondary school curriculum with emphasis upon curriculum construction and curriculum evaluation. Opportunities provided for study of problems submitted by students.

251. Instructional Methods and Materials (Junior College) (2)
Prerequisites: Education 223 and concurrent registration in Education 316.
The teaching process at the junior college level, including lesson planning, utilization of audiovisual and other instructional materials and procedures of evaluation.

252. Seminar for Student Teachers (3)
Prerequisites: Education 110 and 100. To be taken concurrently with Education 180C.
Advanced study in the application of principles and research related to planning instruction, selecting and using materials, evaluating instruction and pupil progress, maintaining class morale; school law and finance for classroom teachers.

254. Advanced Problems in Secondary School Instruction (3)
Prerequisites: Teaching experience and consent of instructor.
An analysis of the scientific research and philosophical principles in secondary school instruction.

256. Recent Trends in Secondary Curriculum (3)
Prerequisites: 12 units in secondary education and consent of the instructor.
Current practices and trends in secondary schools. Extensive individual work on related problems of interest to members of the class.

257. Workshop in Intercultural Education (4)
Enrollment only by application to the Chairman of the Department of Education.
A co-operative workshop sponsored by the college and the San Diego City Schools to study trends in intercultural education in American schools, including units, curricular and instructional materials and techniques.

258. Research in Curricular Problems (1-3)
Admission by consent of the Coordinator of Secondary Education and instructor. Individual study by graduate students who have demonstrated exceptional ability and a need for such work.

School Administration and Supervision

260. Principles of School Administration (3)
Federal, state and local school administrative relationships including the financial and legal structure at these three levels.

261. Education Leadership (3)
Prerequisites: Standard Teaching Credential and consent of instructor.
Analysis of the factors and practice in the concepts and techniques of leadership, analysis of the factors and practice in the procedures of group and individual leadership in four areas: (a) the community; (b) the teaching staff; (c) the student personnel; (d) the professional field of educational administration and supervision. (Formerly Education 278.)

262. Principles of and Procedures for Instructional Improvement (3)
Prerequisites: Standard Teaching Credential and consent of instructor.
Improvement of instruction through selection of personnel, development and utilization of in-service programs, teacher evaluation; related legal and financial factors.
263. Curriculum Development and Evaluation (3)
Prerequisites: Standard Teaching Credential and consent of instructor.
Curriculum development in both elementary and secondary schools, with emphasis on interrelationships between these levels, responsibilities of curricular and supervisory personnel, and use of research.

264A-264B-264C. Seminar in Elementary School Administration and Supervision (2-2-2)
Prerequisites: Education 260, 261, 262, 263, consent of instructor, and admission to Program of Educational Administration.
Analysis of theories and practices in the administration and supervision of the elementary school.

265A-265B-265C. Seminar in Secondary School Administration and Supervision (2-2-2)
Prerequisites: Education 260, 261, 262, 263, consent of instructor, and admission to Program of Educational Administration.
Analysis of theories and practices in the administration and supervision of the secondary school.

266A-266B-266C. Field Experience in Elementary School Administration and Supervision (1-1-1)
Prerequisite: Concurrent registration required in Education 264A, 264B, 264C.
Field experience in the elementary schools. Approval of local school district required in the semester prior to registration.

267A-267B-267C. Field Experience in Secondary School Administration and Supervision (1-1-1)
Prerequisite: Concurrent registration required in Education 265A, 265B, 265C.
Field experience in the secondary schools. Approval of local school district required in the semester prior to registration.

268. Seminar in School Administration and Supervision (3)
Prerequisites: Standard Teaching Credential, Education 260, 261, 262, 263, consent of instructor, and admission to Program of Educational Administration.
School administration and supervision in a specialized field, such as the junior college, a subject field, or designated services. Field experience required. May be substituted for Education 264C or 265C.

271. Supervision of Student Teaching (2)
Open to experienced teachers interested in the teacher education program. Study of selection, orientation, induction, counseling and evaluation of credential candidates and student teachers; helping student teachers plan lessons, conduct classroom learning, analyze pupils' difficulties and achievements.

272. Seminar in Education of Exceptional Children (3)
Prerequisite: Education 167.
Principles, trends and research in the education of exceptional children.

273. Seminar in Education of the Mentally Retarded (3)
Prerequisites: Education 168 or 169 and Psychology 109.
Review of studies and investigation in learning and adjustment of retarded children including etiology, classification, diagnosis, and assessment.

274A. Utilizing Audiovisual Materials in the Classroom (3)
Prerequisite: Education 140.
A critical analysis of research evaluating the use of visual, auditory, and other sensory materials in education.

275. Administering the Use of Audiovisual Materials (3)
Prerequisite: Education 140 or by consent of the instructor.
Organizing, supervising, and coordinating audiovisual centers as an integral part of educational systems.

276. Seminar in Programed Instruction (3 to 6)
Prerequisite: Education 144.
Theories of programed instruction, with emphasis on construction of programs; application to teaching situations. Analysis and revision of programed projects.

280. Legal and Financial Aspects of School District Management (3)
Prerequisites: Standard Teaching Credential, Education 260, 261, 262, 263, and consent of instructor.
Principles and practices of law and finance as an aspect of school business administration, school plant planning and development, and the operation and maintenance of school facilities and services.

281. School-Community Relationships (3)
Prerequisites: Standard Teaching Credential, Education 260, 261, 262, 263, and consent of instructor.
Sociological aspects of school administration with particular emphasis on broad social policy, contemporary issues, community-school relationships, other social and service agencies of the community.

282. School District Personnel Management (3)
Prerequisites: Standard Teaching Credential, Education 260, 261, 262, 263, and consent of instructor.
Personnel relationships to include administrative relationships with the Board of Education and the school staff. Central office personnel procedures including recruitment, employment, placement, evaluation, promotional and training procedures.

283. District Curriculum Development, Evaluation and Improvement (3)
Prerequisites: Standard Teaching Credential, Education 260, 261, 262, 263, and consent of instructor.
School District Curricular development from kindergarten through junior college, relationships of the superintendent and central administrative staff to regular staff and supervisory staff.

284. Advanced Seminar in School Administration and Supervision (3)
Prerequisites: Standard Teaching Credential, Education 280, 281, 282, 283, and consent of instructor.
An intensive study of a selected area in school administration and supervision. May be repeated with new content for additional credit to a maximum of nine units. Typical courses in this area are School Law, School Finance, School Supervision, Personnel Procedures.

286A-286B. Seminar in School Building Construction and Utilization (3-3)
Prerequisite: Possession of Standard Administration or Supervision Credential, or consent of instructor. Completion of or concurrent registration in Education 286A is prerequisite to 286B.
School building construction and utilization: the development of new facilities from the planning stage to complete utilization, remodeling.

295A-295B. Seminar (3-3)
Prerequisites: Education 211 and advancement to candidacy for the Master of Arts degree in education.
An intensive study in selected areas of education culminating in a written project. Limited to students following Plan B for the Master of Arts degree in education.

298. Special Study (1-6)
Individual Study. Six units maximum credit. Prerequisite: consent of staff; to be arranged with department chairman and instructor.
299. Thesis (3)
Prerequisites: An officially appointed thesis committee and advancement to candidacy.
Guidance in the preparation of a project or thesis for the master's degree.

Internship

330. Guidance Internship (2-6)
Application to take the course should be made early during the preceding semester. Course may be repeated for additional credit with new content.
Supervised internship experience in pupil personnel activities with school age pupils.

331. Field Work in School Guidance (2)
Prerequisites: Education 231, 232, 233, and 234, or equivalent.
Application of concepts and procedures of pupil personnel services in public schools. Daily observation and practice. Weekly seminar sessions with college staff.

332. Practicum in School Counseling (3)
Prerequisites: Education 231, 232, 233, and 234, or equivalent. Application to take the course must be made early during the preceding semester.
Supervised experience in group and individual counseling and career planning with school age pupils. Not open to students with credit in Education 333.

333. Advanced Seminar and Practicum in Counseling (6)
Prerequisites: Education 237 and 238, or equivalent. Application to take the course must be made early during the preceding semester.
Supervised experience in group and individual counseling and career planning with school age pupils, and study of current problems, issues, and research. Not open to students with credit in Education 239 or 332.

334. Internship in School Administration and Supervision (3 to 6)
Prerequisites: Standard Teaching Credential and consent of instructor.
Internship for prospective school administrators in the public schools. Released time, permission of school district, and preregistration with Coordinator of Program of Educational Administration previous semester required.

371. Directed Internship—Mentally Retarded (4)
Application to take the course should be made during the preceding semester.
Extensive daily participation or teaching in public schools and preparation for the teaching of exceptional children in the area of the mentally retarded.

374. Directed Internship—Speech Correction (4)
Application to take the course should be made during the preceding semester.
Extensive daily participation or teaching in public schools and preparation for the teaching of exceptional children in the area of speech correction.

375. Directed Internship in Audiovisual Education (2-6)
Application to take the course should be made during the preceding semester.
Supervised internship experience in audiovisual services in the public schools.
### Mechanical Engineering:

(a) Fifteen units of 200-numbered courses in mechanical engineering including at least nine units in one area of concentration (designated as Group A and Group B, below), but excluding Engineering 297, 298, and 299.

(b) Nine units of 100- and 200-numbered courses in the School of Engineering or in the Division of Physical Sciences, including Engineering 299, Thesis, if elected.

(c) Six units of electives approved by the graduate adviser.

### AREAS OF CONCENTRATION IN MECHANICAL ENGINEERING

**Group A: Energy Conversion**
- M.E. 210, Cryogenic Engineering (3)
- M.E. 212, Gas Dynamics (3)
- M.E. 213, Turbomachinery (3)
- M.E. 214A-B, Thermodynamics (3-3)
- M.E. 215A-215B, Heat Transfer (3-3)

**Group B: Engineering Design**
- M.E. 220, Mechanical Vibrations (3)
- M.E. 221, Stress Analysis (3)
- M.E. 222, Dynamics of Machinery (3)
- M.E. 224, Fluid Power and Control Systems (3)
- M.E. 231A-231B, Advanced Science of Materials (3-3)
- M.E. 233, Reactor Materials (3)
- M.E. 234, High Temperature Materials (3)

### TEACHING ASSISTANTSHIPS

Teaching assistantships in engineering are available to a limited number of qualified students. Application blanks and additional information may be secured from the Dean of the School of Engineering.

### FACULTY

Dean, School of Engineering: M. P. Capp, M.S.

Graduate Advisers: G. A. Burns, Electrical Engineering; Charles Morgan, Mechanical Engineering.

* Required in this concentration.

### GRADUATE COURSES

#### Aerospace Engineering

**AE 202. Aerelasticity (2)**

Prerequisites: Engineering Mechanics 201 and credit or concurrent registration in Mathematics 118B.

Aircraft and missile structures deformed under static and dynamic loads; aerelastic instability, vibration modes, divergence, loss of control and alteration of lift distribution; introduction to flutter analysis.

#### Civil Engineering

**CE 200. Seminar (2 or 3)**

Prerequisite: Consent of instructor.

Advanced study of or within one phase of civil engineering such as hydraulics, surveying, hydrology, transportation, structures, soil mechanics and foundations, sanitary engineering. May be repeated with new content for additional credit.

**CE 201. Advanced Theory of Structures (3)**

Prerequisites: Engineering 120B and Mathematics 118A.

Analysis of statically indeterminate structures by virtual work. Advanced treatment by slope deflection, moment distribution; column analogy. Analysis of arches; secondary stresses in trusses; advanced treatment of influence lines.

#### Electrical Engineering

**EE 200. Seminar (1-3)**

Prerequisite: Consent of the graduate adviser and instructor.

Intensive study of selected topics in electrical engineering such as electronics, propagation, systems, computers, radars, and telemetry. May be repeated with new subject matter for additional credit to a maximum of six units.

**EE 210A. Network Analysis (3)**

Prerequisites: Engineering 130 and credit or concurrent registration in Mathematics 118B.

Frequency-domain analysis by pole-zero concepts, transfer functions, positive real functions, root-locus diagrams, and Nyquist stability criterion.
EE 210B. Network Synthesis (3)
Prerequisite: EE 210A.
Frequency-domain synthesis of driving point and transfer impedances in passive and active networks. Canonical forms and network equivalents. Time-domain synthesis and considerations of pulsed-data systems.

EE 220. Feedback Control Systems (3)
Prerequisite: Engineering 189 or 190C.
Analysis and synthesis of feedback control systems using feedback compensation. Multiple-loop control systems; a-c feedback control systems; optimization.

EE 222. Non-Linear Systems I (3)
Prerequisite: EE 220.
Study of systems represented by non-linear autonomous differential equations. Concept of phase space, singular points and their stability; conservative systems; limit cycles and jump phenomena. Use of describing functions. Sampled-data systems.

EE 223. Non-Linear Systems II (3)
Prerequisite: EE 222.
Further work in non-linear systems. Van der Pol's equation, index of Poincare and theorems of Bendixson.

EE 230. Pulse and Digital Circuits (3)
Prerequisites: Engineering 132 and 134B.
Analysis of multivibrators, time base generators, pulse transformers, blocking oscillators, delay lines, counting circuits, digital computing circuits, and transmission gates.

EE 240. Radiation and Propagation (3)
Prerequisite: Engineering 139.
Impedance characteristics and radiation patterns of thin linear antenna elements; field intensity calculations. Tropospheric and ionospheric propagation; propagation anomalies.

EE 242. Microwave Networks (3)
Prerequisite: Engineering 139.
Equivalent circuits for waveguide discontinuities developed on the basis of mode theory, linearity, reciprocity, and symmetry. Application of general network theory to wave guides, cavity resonators and antennas.

EE 244. Microwave Devices (2)
Prerequisite: Engineering 139.
Microwave devices including klystrons, traveling wave tubes, and magnetrons; harmonic generators, frequency synthesizers, waveguide filters, and varactor applications.

EE 246. Microwave Antennas (2)
Prerequisite: EE 242.
Radiation from current distributions; design of microwave antennas; scattering and diffraction of electromagnetic waves.

EE 250. Information Theory I (3)
Prerequisite: Credit or concurrent registration in EE 210B.
Statistical theory of communication systems; description of periodic and random signals. Theory of information measure and channel capacity; analysis of circuits with random inputs and optimization systems.

EE 251. Information Theory II (3)
Prerequisite: EE 250.
Further work in information theory. Transmission of band-limited signals, stochastic processes, and group coding.

Engineering Mechanics

EM 200. Seminar (2 or 3)
Advanced study of or within one phase of engineering mechanics, such as elasticity, plasticity, rheology, and micromeritics; buckling, vibration, and stability phenomena; hydrodynamics and magnetohydrodynamics; incompressible, compressible, and non-newtonian flow. May be repeated with new subject matter for additional credit.

EM 201. Advanced Dynamics (3)
Prerequisites: Engineering 102 or equivalent, and Mathematics 118A.

EM 203. Theory of Vibrations (3)
Prerequisites: Engineering Mechanics 201 and credit or concurrent registration in Mathematics 118B.
Linear and non-linear periodic phenomena as applied to discrete systems and continuous media with application to physical problems.

EM 221. Theory of Elasticity (3)
Prerequisites: Engineering 116 and credit or concurrent registration in Mathematics 118B. Engineering 186 is recommended.
Analysis of stress and strain. Stress-strain relations. The equations of elasticity. Uniqueness theorem. Compatibility conditions. Flexure and torsion. Vector and tensor notation will be used. (Formerly Engineering 223.)

EM 225. Theory of Plates (3)
Prerequisite: EM 221.
Bending and buckling theory of plates; application of small deflection and large deflection theories to plates with various boundary conditions; use of approximate methods and exact methods in solution.

EM 226. Theory of Shells (5)
Prerequisite: EM 221.
Membrane and bending theory of shells of revolution and shells of arbitrary shape; exact and approximate methods of solution of shells subjected to axisymmetric and arbitrary loads.

EM 233. Theory of Plasticity (3)
Prerequisite: Engineering Mechanics 221.
Inelastic stress-strain relations. Solutions to engineering problems with ideally-plastic, strain-hardening, and visco-elastic materials.

EM 243. Advanced Fluid Mechanics I (3)
Prerequisites: Engineering 115 and credit or registration in Mathematics 118B. Fluid kinematics and kinetics. Conservation of mass, energy, and momentum, applied to Newtonian fluids. Navier-Stokes equations. Couette and Poiseuille flow. Potential flow. Introduction to turbulence and boundary layer theory. Vector and tensor notation will be used.
EM 244. Advanced Fluid Mechanics II (3)
Prerequisite: Engineering Mechanics 243.

Mechanical Engineering

ME 200. Seminar in Mechanical Engineering (2 or 3)
Prerequisite: Consent of the graduate adviser and instructor.
An intensive study in one of the fields listed below. May be repeated with new subject matter for additional credit.
A. Thermodynamics and Fluid Flow
B. Engineering systems
C. Operations research in engineering
D. Mechanical design

ME 210. Cryogenic Engineering (3)
Prerequisite: Engineering 148.
Analysis of low-temperature processes and equipment. Physical properties of structural and other materials used in producing, maintaining, and using low temperatures.

ME 212. Gas Dynamics (5)
Prerequisites: Engineering 143 and Mathematics 118B.
Further considerations of the flow of compressible fluids in conduits. Shock fronts, unsteady flow and real gases.

ME 213. Aircraft and Missile Propulsion (3)
Prerequisites: Engineering 142, 143, and Mathematics 118B.

ME 214A-214B. Thermodynamics (3-3)
Prerequisites: Engineering 148; Mathematics 118B or consent of instructor. M.E. 214A is prerequisite to M.E. 214B.

ME 215A-215B. Heat Transfer (3-3)
Prerequisites: Engineering 118 and Mathematics 118B or consent of instructor. M.E. 215A is prerequisite to M.E. 215B.
Semester I. Convection heat transfer, high speed flow, mass transfer effects. Boiling heat transfer. Introduction to conduction heat transfer.
Semester II. Conduction heat transfer, multidimensional conduction processes, transient analyses. Solid body and gaseous radiation and their measurements.

ME 220. Mechanical Vibrations (3)
Prerequisite: Engineering 147 and credit or concurrent registration in Mathematics 118B.
The application of vibration analysis to the problems of mechanical design, including vibration control, vibration instrumentation, and the response of machines, digital computer solutions of vibration problems. (Formerly entitled: Vibration

ME 221. Stress Analysis (3)
Prerequisites: Engineering 186 and Mathematics 118B.
Topics in applied elasticity, advanced study of the resistance of materials and experimental stress analysis. Failure theories, energy methods, limit design, theory of plates and shells. Photoelasticity, brittle lacquers, strain gauges, and analogs in determining static, dynamic and residual stress distributions.

ME 222. Dynamics of Machinery (3)
Prerequisites. Engineering 146, 149, and credit or concurrent registration in Mathematics 118B.
Mathematical analysis of motion, stresses and deflections as applied to the design of machines. Dynamics of constrained systems; stability and system control. Application to systems involving mechanical, electrical and fluid links.

ME 224. Fluid Power and Control Systems (3)
Prerequisite: Engineering 189 or equivalent.
Analysis of dynamic performance of physical systems such as pneumatic, hydraulic and hot-gas. Transient forces and valve instability. Servo characteristics.

ME 231A. Advanced Science of Materials I (3)
Prerequisite: Engineering 109A.
Structure and physical properties of solids. Imperfections in materials and their effect on various properties. Elasticity, plasticity, and fracture of metals related to atomic and crystal structure.

ME 231B. Advanced Science of Materials II (3)
Prerequisite: Mechanical Engineering 231A.

ME 233. Reactor Materials (3)
Prerequisite: Engineering 109A.
Metallurgical processing, corrosion, and radiation effects of nuclear materials. Selection of reactor materials.

ME 234. High Temperature Materials (3)
Prerequisite: Engineering 109A.
Behaviour of metals, ceramics, and nonmetallic materials at high temperatures. Effect of environment and service conditions on composition, structure, and physical properties.

E 297. Problem Analysis (3)
Prerequisite: Consent of graduate adviser.
Review of methods for investigation and reporting of data. Consideration of problems in preparation of project or thesis.

E 298. Special Study (1-3)
Individual study. Three units maximum credit.
Prerequisite: Consent of staff; to be arranged with division chairman and instructor.

E 299. Thesis or Project (3)
Prerequisites: An officially appointed thesis committee and advancement to candidacy.
Guidance in the preparation of a project or thesis for the master's degree.
ENGLISH

GENERAL INFORMATION

The Department of English, in the Division of the Humanities, offers graduate study leading to the Master of Arts degree with a major in English, and the Master of Arts degree for teaching service with a concentration in English.

ADMISSION TO THE GRADUATE DIVISION

All students must satisfy the general requirements for admission to the Graduate Division with classified graduate standing, as described in Part Three of this bulletin under Admission to the Graduate Division. Graduates from San Diego State College must have completed a minimum of 24 units of upper division English courses in a well-rounded program. Graduates from other colleges must complete an English major equivalent to the one at San Diego State College before admission to classified graduate standing can be recommended. If, in the opinion of the graduate adviser, an equivalent major is not offered, the student will be required to complete such courses as may be necessary to satisfy the department's requirements before the student may enter upon the master's degree curriculum. The English Department recommends that undergraduate students study extensively some foreign language as preparation for graduate work in English.

ADVANCEMENT TO CANDIDACY

In addition to meeting the requirements for advancement to candidacy described in Part Three of this bulletin, students must take the Graduate Record Examination in Literature.

SPECIFIC REQUIREMENTS FOR THE MASTER OF ARTS DEGREE

In addition to meeting the requirements for classified graduate standing and the basic requirements for the master's degree as described in Part Three of this bulletin, the student must complete a graduate program which includes a major consisting of at least 24 units in English from courses listed below as acceptable on master's degree programs, of which at least 12 units must be in 200-numbered courses. Required courses are English 290, at least two seminars, and any two of the following courses (if not previously taken): English 192, English 221, English 151, and English 224. In addition to meeting the above requirements, the student must pass an oral examination on his general knowledge of literature. Details concerning this examination are available in the Division of the Humanities.

SPECIFIC REQUIREMENTS FOR THE MASTER OF ARTS DEGREE FOR TEACHING SERVICE

In addition to meeting the requirements for classified graduate standing and the basic requirements for the master's degree as described in Part Three of this bulletin, the student must complete a graduate program which includes a concentration consisting of at least 18 units in English from courses listed below as acceptable on master's degree programs in English, of which at least 12 units must be in 200-numbered courses. The student must demonstrate a reading knowledge of a foreign language. The Department of English strongly recommends French or German. (The student must also satisfy the requirements for a California school service credential.)

In addition to the above requirements, the student must pass an oral examination on his general knowledge of literature. Details concerning this examination are available in the Division of the Humanities.

TEACHING ASSISTANTSHIPS AND SCHOLARSHIPS

Teaching assistantships in English are available to a limited number of qualified students. Application blanks and additional information may be secured from the Chairman, Division of Humanities.

The Dorothy Cranston Stott scholarship of $100 is awarded each June to an English major who is graduating from San Diego State College and who is continuing work towards a higher degree or credential.

FACULTY

Chairman, Division of the Humanities: J. R. Adams, Ph.D.
Chairman, Department of English: E. A. Block, Ph.D.
Graduate Adviser: J. N. Tidwell
Credentia! Advisers: C. B. Kennedy; C. G. Gross

English 149, English 192, and English 260. Not more than nine units from among these five courses may count as part of the basic 24-unit requirement. The candidate must also submit samples of previous writing and work-in-progress to a departmental committee of three, for consideration of the quality of his writing and the suitability of his work-in-progress for a creative writing thesis.
COURSES ACCEPTABLE ON MASTER'S DEGREE PROGRAMS IN ENGLISH

UPPER DIVISION COURSES

101A-101B. Modern Continental Fiction (3-3)
106. Creative Writing (3)
113. American English (3)
115. The Bible as Literature (3)
116A-116B. The Age of Elizabeth (3-3)
117A-117B. Shakespeare (3-3)
118A-118B. Restoration and Eighteenth Century English Literature (3-3)
119A. English Romantic Poetry (3)
119B. Victorian Poetry (3)
120A. The Seventeenth Century: Milton (3)
120B. The Seventeenth Century: Metaphysical and Cavalier Poets (3)
125A. Romantic and Victorian Prose (3)
126B. Late Nineteenth Century British Prose (3)
129A. Early Modern British Literature (3)
129B. Contemporary British Literature (3)
130A. American Literature to the Jacksonian Period (3)

135. American Poetry and Drama Since 1865 (3)
143A-143B. The English Novel (3)
148. The Study of Fiction (3)
149. The Study of Poetry (3)
151. Chaucer (3)
152A-152B. World Drama (3-3)
162. The Writing of Fiction (3)
189. Studies in American Folklore (3)
191. Advanced Composition (3)
192. The English Language (3)
193. History of Literary Criticism (3)
195B. Theory and Practice of Modern Criticism (3)
196. General Linguistics (3)
198. Comprehensive Reading and Survey (3)
199. Special Study (1-6)

GRADUATE COURSES

223. Old English (3)
  Prerequisites: Twelve units of upper division work in English. Elementary grammar and readings in Old English prose and poetry; introduction to Beowulf.
224. Middle English (3)
  Readings in Middle English prose and poetry exclusive of Chaucer.
227. English Linguistics (3)
  Prerequisites: Twelve units of upper division work in English, including either English 192 or 196. The phonological, grammatical, and lexical structure of English.
260. Problems of Literary Creation (3)
  Prerequisites: Consent of instructor and departmental adviser. Criticism and coaching in the larger forms. May be repeated with new content for additional credit, to a maximum of six units.
290. Bibliography and Methods of Literary Research (3)
  Prerequisite: Twelve units of upper division English. Basic reference works, scholarly and critical journals; introduction to bibliographical techniques; exercises and problems in methods and exposition of research, including editorial procedures. Recommended for the first semester of graduate work. Prerequisite to graduate seminars.

291. Seminar: A Major Author (3)
  Prerequisite: Twelve units of upper division work in English and English 290. The critical study of a major author, such as Shakespeare, Dickens, Mark Twain. May be repeated with new content for additional credit.
292. Seminar: A Cultural Period (3)
  Prerequisite: Twelve units of upper division work in English and English 290. The study, through its literature, of a cultural period such as the Renaissance, the Enlightenment, the Romantic Revolution, or the like. May be repeated with new content for additional credit.
293. Seminar: A Literary Problem (3)
  Prerequisite: Twelve units of upper division work in English and English 290. The study of a literary problem, such as Regionalism in America, or European influences on American Literature, or the like. May be repeated with new content for additional credit.
294. Seminar: A Literary Type (3)
  Prerequisite: Twelve units of upper division work in English and English 290. The study of a literary type, such as the Personal Essay, Epic, Tragedy, and the like. May be repeated with new content for additional credit.
298. Special Study (1-6)
  Prerequisite: Consent of staff; to be arranged with department chairman and instructor. Individual study. Six units maximum credit.
299. Thesis (3)
  Prerequisites: An officially appointed thesis committee and advancement to candidacy. Guidance in the preparation of a project or thesis for the master's degree.
FRENCH

GENERAL INFORMATION

The Department of Foreign Languages, in the Division of the Humanities, offers graduate study leading to the Master of Arts degree with a major in French, and to the Master of Arts degree for teaching service with a concentration in French. Teaching credentials with majors and minors in French are also available. The staff in charge of the graduate program in French is composed of professors whose native tongue is French, or who have traveled extensively in France and in other European countries, enabling them to represent authoritatively the French language and culture. Library facilities include rich resources in French literature and linguistics, including books, periodicals and newspapers. A foreign language laboratory with modern equipment serves both undergraduate and graduate students.

ADMISSION TO THE GRADUATE DIVISION

The student must satisfy the general requirements for admission to the Graduate Division with classified graduate standing, as described in Part Three of this bulletin. An undergraduate major in French including 24 upper division units must have been completed, at least six units of which must have been in a survey course in French literature.

ADVANCEMENT TO CANDIDACY

In addition to meeting the requirements for advancement to candidacy as described in Part Three of this bulletin, students will be required to pass a qualifying examination in French given by the Department of Foreign Languages.

SPECIFIC REQUIREMENTS FOR THE MASTER OF ARTS DEGREE

In addition to meeting the requirements for classified graduate standing and the basic requirements for the master's degree as described in Part Three of this bulletin, the student must complete a graduate program which includes a major consisting of at least 24 units in French including French 201, 214, 215, 220, 290, and 294 or 299.

SPECIFIC REQUIREMENTS FOR THE MASTER OF ARTS DEGREE FOR TEACHING SERVICE

In addition to meeting the requirements for classified graduate standing and the basic requirements for the master's degree as described in Part Three of this bulletin, the student must complete a graduate program with a concentration consisting of at least 18 units in French, including French 220, 290, and 294, and six units selected from French 201, 214, or 215. The comprehensive examination, which with a concentration in teaching service in French, consists of a three-hour written examination on oral and written examination in French, consists of a three-hour written examination on oral explanation of linguistic constructions and literary passages. By special permission, a student may substitute French 290 for French 299. Thesis, for French 299 for the comprehensive examination.

The student must also satisfy the requirements for a California school service credential.

SPECIFIC REQUIREMENTS FOR CREDENTIALS

Before taking a directed teaching assignment in French, the candidate for a teaching credential must pass proficiency examinations, written and oral, in the area of civilization. French 40-41 or French 140-141 prepare for this latter examination in the area of civilization. The candidate must consult with the chairman of the Department of Foreign Languages for permission to take these examinations.

SPECIFIC REQUIREMENTS FOR CREDENTIALS

In the graduate program for a secondary teaching credential, the candidate must include French 220 and three units from French 201, 214, or 215.

Students who plan to earn a junior college teaching credential as well as the master's degree in French will follow Plan B, which includes French 294 and the passing of the comprehensive examination in lieu of the thesis.

FACULTY

Chairman, Division of the Humanities: J. R. Adams, Ph.D.
Chairman, Department of Foreign Languages: C. H. Baker, Ph.D.
Credentialed Adviser: L. N. Messier
Graduate Adviser: L. N. Messier
Professors: Elizabeth M. Brown, Ph.D.; L. N. Messier, Ph.D.
Associate Professor: Guerard Piffard, Ph.D.
Assistant Professors: Marjorie S. Cox, M.A.; Margaret L. Eberbach, Ph.D.; J. M. Glasgow, M.A.; F. M. Jenkins, M.A.; Henri Urbain, M.A.; Richard Vernier, A.B.

COURSES ACCEPTABLE ON MASTER'S DEGREE PROGRAMS

IN FRENCH

UPPER DIVISION COURSES

105A-105B. Modern French Drama (3-3)
110A-110B. Modern French Novel (3-3)
111A-111B. Seventeenth Century (3-3)
125A-125B. Nineteenth Century (3-3)
1250. Advanced Phonetics and Diction (3)

Related Field: Related courses in the fields of anthropology, geography, history, political science, comparative literature, and others, may be selected with the approval of the graduate adviser.

GRADUATE COURSES

201. Old French (5)
Prerequisite: 18 units of upper division French.

214. The Novel in France in the 20th Century (3)
Prerequisite: 18 units of upper division French.

215. The Theater in France in the 20th Century (3)
Prerequisite: 18 units of upper division French.

220. Explication de Textes (3)
Prerequisite: 18 units of upper division French.

250. Research and Bibliography (2)
Prerequisite: 18 units of upper division French.

 Purposes and methods of research in the fields of language and literature, the collection and collation of bibliographic material, and the proper presentation of the results of such investigations. Recommended for the first semester of graduate work.
294. Comprehensive Reading and Survey Course (1)
   Prerequisites: 18 units of upper division French and consent of graduate adviser and department chairman. Required of all candidates for the Master of Arts degree with the secondary or junior college credential.
   A study of important movements, authors, and works in French literature. Designed to supplement the reading done in previous courses, in preparation for the comprehensive examination in literature for candidates for the Master of Arts degree.

298. Special Study (1-6)
   Prerequisite: 18 units of upper division French and consent of staff; to be arranged with department chairman and instructor. Individual study. Six units maximum credit.

299. Thesis (3)
   Prerequisites: An officially appointed thesis committee and advancement to candidacy.
   Guidance in the preparation of a project or thesis for the master's degree.
   Master's degree candidates in secondary or junior college credential programs are expected to substitute French 294 and a comprehensive examination in lieu of the thesis.

GEOGRAPHY

GENERAL INFORMATION

The Department of Geography, in the Division of the Social Sciences, offers graduate study leading to the Master of Arts degree with a major in geography. For graduate study in connection with the Master of Arts degree for teaching service with a concentration in social science, refer to the section of this bulletin under Social Science.

ADMISSION TO THE GRADUATE DIVISION

All students must satisfy the general requirements for admission to the Graduate Division with classified graduate standing as described in this bulletin under Admission to the Graduate Division. All students must have completed Geography 1 and 2, Geography 2 or 60, and at least 15 units of upper division courses in geography including Geography 100, Geography 101, Geography 180, and Geography 181A.

A diagnostic written and oral examination is to be scheduled for the student at the earliest possible date following his arrival on campus. For information concerning the examination and schedule, the entering applicant must meet with the department chairman on the first day of the registration week.

ADVANCEMENT TO CANDIDACY

All students must satisfy the general requirements for advancement to candidacy which are described in Part Three of this bulletin.

SPECIFIC REQUIREMENTS FOR THE MASTER OF ARTS DEGREE

In addition to meeting the requirements for classified graduate standing and the basic requirements for the master's degree as described in Part Three of this bulletin, the student must include in his graduate program a minimum of 24 units in geography from courses listed below as acceptable on master's degree programs of which 18 or more units must be in 200-numbered courses including Geography 210, 280, 295, 299, and six or more units from 220 and/or 250. The remaining unit requirements may be selected from geography courses listed below, or with approval of the departmental graduate advisory committee, from 100- or 200-numbered courses listed by related departments. All students must demonstrate a reading knowledge of one foreign language, preferably German, French, Spanish, or Russian.

TEACHING ASSISTANTSHIPS AND SCHOLARSHIPS

Teaching assistantships in geography are available to a limited number of qualified students. Application blanks and additional information may be secured from the Chairman of the Department.

FACULTY

Chairman, Division of the Social Sciences: D. S. Milne, Ph.D.
Chairman, Department of Geography: D. I. Eidemiller, Ph.D.
Graduate Adviser: R. W. Richardson
Professors: L. C. Post, Ph.D.; R. W. Richardson, Ph.D.; Alvena Storm, M.A.; J. W. Taylor, Ph.D.
Associate Professors: D. I. Eidemiller, Ph.D.; C. C. Yahr, Ph.D.
Assistant Professors: W. A. Finch, Jr., M.A.; E. J. C. Kieweit de Jonge, Ph.D.; R. A. Lewis, Jr., M.A.
### GRADUATE COURSES

210. History of Geography (3)
   Prerequisite: Approval of graduate adviser.
   The evolution of concepts concerning the nature, scope, and methodology of geography.

220. Seminar in Regional Geography (3)
   Prerequisite: Approval of departmental graduate advisory committee.
   Intensive study of a major world region, such as South America, Southeast Asia, and Northern Europe. May be repeated once with new content.

250. Seminar in Systematic Geography (3)
   Prerequisite: Approval of departmental graduate advisory committee.
   Intensive study of an aspect of systematic geography, such as climatology, economic geography, and graphic presentation. May be repeated once with new content.

280. Techniques of Field Research (3)
   Prerequisites: Geography 180 and approval of departmental graduate advisory committee.
   Detailed and reconnaissance field work including classification of natural and cultural features and preparation of geographical reports and maps based on field data. May be repeated once with new content.

295. Geographical Research and Techniques of Presentation (3)
   Prerequisite: Approval of departmental graduate advisory committee.
   Seminar in the use of research materials in the different aspects of geography and the effective presentation of research findings in written and oral form.

298. Special Study (1-6)
   Prerequisite: Consent of staff; to be arranged with department chairman and instructor.
   Individual study. Six units maximum credit.

299. Thesis (3)
   Prerequisites: An officially appointed thesis committee and advancement to candidacy.
   Guidance in the preparation of a project or thesis for the master's degree.
COURSES ACCEPTABLE ON MASTER'S DEGREE PROGRAMS IN GEOLOGY

UPPER DIVISION COURSES

105. Photogeology (3)  116. Micropaleontology (3)
107. Principles of Stratigraphy (3)  120. Ore Deposits (3)
110. Introduction to Geophysics (3)  121. Petroleum Geology (3)
112. Advanced Geophysics (3)  125. Petrography (4)

Related Fields: Appropriate courses in the departments of biology, botany, chemistry, engineering, mathematics, physics, and zoology may be selected in consultation with and approval of the graduate adviser.

GRADUATE COURSES

200. Seminar (2 or 3)
Prerequisite: Consent of instructor.
An intensive study of a selected topic in advanced geology. May be repeated with new subject matter for additional credit.

210. Advanced Petrology and Mineralogy (3)
Two lectures and three hours of laboratory.
Prerequisite: Geology 125.
Modern theoretical petrology with emphasis on applications to igneous and metamorphic rocks. X-ray, universal stage, mineralogy, and other laboratory techniques and their application to geologic problems.

220. Biostratigraphy (3)
Two lectures and three hours of laboratory.
Prerequisite: Geology 107.
Stratigraphic and geochronologic synthesis of geological events and their relationship to the temporal and spatial distribution of life forms. Laboratory analysis of biological data applied to stratigraphic problems.

230. Sedimentology (3)
Two lectures and three hours of laboratory.
Prerequisite: Geology 104.
Classification, distribution, and origin of sedimentary deposits and the theory of their interpretation. Mechanical, chemical, and optical analysis of detrital and chemical sediments and sedimentary rocks and their depositional structures.

240. Regional Tectonics (3)
Prerequisite: Geology 100.
A consideration of topics on continental origin, ultimate orogenic force, mechanics of earth deformation, and geosynclinal theory, with a survey of classic geologic provinces, and individual projects utilizing techniques of regional synthesis.

298. Special Study (1-3)
Individual study. Six units maximum credit.
Prerequisite: Consent of staff; to be arranged with departmental chairman and instructor.

299. Thesis (3)
Prerequisites: An officially appointed thesis committee and advancement to candidacy.
Guidance in the preparation of a thesis for the master's degree.

GERMAN

GENERAL INFORMATION

The Department of Foreign Languages, in the Division of Humanities, offers graduate study leading to the Master of Arts degree with a major in German, and to the Master of Arts degree for teaching service with a concentration in German.

The staff in charge of the graduate program in German is composed of professors whose native tongue is German, or who are familiar with Germany through travel or intensive studies, enabling them to present authoritatively the German language and culture. Library facilities include resources in German literature and linguistics, consisting of books, periodicals, and newspapers. A foreign language laboratory with modern equipment is available to both graduate and undergraduate students.

ADMISSION TO THE GRADUATE DIVISION

All students must satisfy the general requirements for admission to the Graduate Division with classified graduate standing, as described in Part Three of this bulletin. In addition, the student must complete a graduate program which includes a major consisting of at least 24 units in German including German 201, 204, 290, and 299. With special permission of the adviser, students may substitute German 206 for German 299, Thesis, in which case the student must pass a comprehensive examination.

SPECIFIC REQUIREMENTS FOR THE MASTER OF ARTS DEGREE FOR TEACHING SERVICE

In addition to meeting the requirements for classified graduate standing and the basic requirements for the master's degree as described in Part Three of this bulletin, the student must complete a graduate program which includes a major consisting of at least 24 units in German including German 201, 204, 290, and 299. With special permission of the adviser, students may substitute German 294 for German 299, Thesis, in which case the student must pass a comprehensive examination.

SPECIFIC REQUIREMENTS FOR THE MASTER OF ARTS DEGREE FOR CREDENTIALS

Before taking a directed teaching assignment in German, the candidate for a teaching credential must pass proficiency examinations, oral and written, administered by the Department of Foreign Languages, in the language and its area civilization. German 40-41 or 140-141 prepare for this latter examination in the area civilization. The candidate must consult with the chairman of the Department of Foreign Languages for permission to take these examinations.

Students who plan to earn a junior college teaching credential as well as the master's degree in German will follow Plan B, which includes German 294 and the passing of the comprehensive examination in lieu of the thesis.

**FACULTY**

Chairman, Division of the Humanities: J. R. Adams, Ph.D.

CREDENTIAL ADVISER: L. N. Messier, Ph.D.

Professor: E. M. Wolf, Ph.D.
Associate Professor: R. H. Lawson, Ph.D.
Assistant Professors: Elaine E. Boney, Ph.D.; H. I. Dunkle, Ph.D.; H. W. Paplin, Ph.D.

**COURSES ACCEPTABLE ON MASTER'S DEGREE PROGRAMS IN GERMAN**

**UPPER DIVISION COURSES**

103A-103B. German Literature of the Eighteenth Century (3-3)
104A-104B. Contemporary German Literature (3-3)
110A-110B. Comprehensive Reading and Survey Course (3-3)
130. German Syntax and Stylistics (2)
130. German Phonology (2)

**GRADUATE COURSES**

201. History of the German Language (3)
   Prerequisite: 18 units of upper division German.
   The historical development of the German language, with source readings from the Gothic Bible to Luther's translation of the Bible.

204. Contemporary German Prose Fiction (3)
   Prerequisite: 18 units of upper division German.
   Studies in the 20th century German novel or short story.

205. German Lyric Poetry from Goethe to Rilke (3)
   Prerequisite: 18 units of upper division German.
   The major German lyric poets from the end of the 18th century to the beginning of the 20th century.

206. The German Drama of the 19th Century (3)
   Prerequisite: 18 units of upper division German.
   Representative works of German dramatic literature from Kleist to Hauptmann.

290. Research and Bibliography (2)
   Prerequisite: 18 units of upper division German.
   Purposes and methods of research in the fields of the language and literature, the collection and collation of bibliographic material, and the proper presentation of the results of such investigation. Recommended for the first semester of the graduate work.

294. Comprehensive Reading and Survey Course (3)
   Prerequisites: 18 units of upper division German and consent of graduate adviser and department chairman.
   Required of all candidates for the M.A. degree with the secondary or junior college credential.
   A study of important movements, authors, and works in German literature, the comprehensive examination in literature for candidates for the M.A. degree in German.

298. Special Study (1-6)
   Individual study. Six units maximum credit.
   Prerequisites: 18 units of upper division German and consent of staff; to be arranged with department chairman and instructor.

299. Thesis (3)
   Prerequisites: An officially appointed thesis committee and advancement to candidacy.
   Guidance in the preparation of a project or thesis for the master's degree. Master's degree candidates in secondary or junior college credential programs are expected to substitute German 294 and a comprehensive examination in lieu of the thesis.
COURSES ACCEPTABLE ON MASTER'S DEGREE PROGRAMS
IN HEALTH EDUCATION

UPPER DIVISION COURSES

145. Safety Education and Accident Prevention (3)
151. Health Education for Secondary Teachers (2)
152. School Health Instruction Programs (3)
153. Administration of the School Health Program (3)
154. Workshop in Health Education (2)
175. Health in Later Maturity (3)
181. Health and Medical Care (3)
185. Critical Analysis of Professional Literature (3)
190. Introduction to Public Health (3)
191. Supervised Field Experience (1-3)
199. Special Study (1-6)

GRADUATE COURSES

200. Evaluation Procedures in Physical Education, Health Education and Recreation (5)
   (Same course as Physical Education 200)
   A study of tests and measurements in the profession with practice in their use, construction and interpretation of results.
202. Problems in Health Education (3)
   Current problems in health education, studied through a review of the literature, discussion of trends, observation of school situations, together with the analysis and evaluation of actual problems. Written reports required.
205. Curriculum in Physical Education and Health Education (3)
   (Same course as Physical Education 205)
   Analysis of current curricula in physical education and health education, with special emphasis upon curriculum construction and evaluation.
210. Seminar (3)
   Prerequisites: Major or minor in health education, physical education, or a closely related area, or consent of instructor.
   Seminars are offered in the following areas of health education. None of the fields may be repeated for credit.
   A. Stimulants and depressants
   B. Communicable and noncommunicable disease
   C. Dental health
298. Special Study (1-6)
   Prerequisite: Consent of staff; to be arranged with department chairman and instructor.
   Individual study. Six units maximum credit.
299. Thesis (3)
   Prerequisites: An officially appointed thesis committee and advancement to candidacy.
   Guidance in the preparation of a project or thesis for the master's degree.

HISTORY

GENERAL INFORMATION

The Department of History, in the Division of the Humanities, offers graduate study leading to the Master of Arts degree with a major in history, and to the Master of Arts degree for teaching service with a concentration in history.

ADMISSION TO THE GRADUATE DIVISION

All students must satisfy the general requirements for admission to the Graduate Division with classified graduate standing, as described in Part Three of this bulletin under Admission to the Graduate Division. As an additional requirement, the student must have completed a bachelor's degree with an undergraduate major in history. Applicants who have an undergraduate major in social studies with a concentration of 18 or more upper division units in history will, with the advice of the departmental representative and the recommendation of the department, be acceptable, but will be held responsible for completing the minimum requirements for an undergraduate major in history.

ADVANCEMENT TO CANDIDACY

In addition to meeting the general requirements for advancement to candidacy as described in Part Three of this bulletin, students majoring in history must satisfy the language requirement before they will be recommended for advancement to candidacy.

SPECIFIC REQUIREMENTS FOR THE MASTER OF ARTS DEGREE

In addition to meeting the requirements for classified graduate standing and the basic requirements for the master's degree as described in Part Three of this bulletin, the student must complete a graduate program which includes a major consisting of at least 24 units in history from courses listed below as acceptable on master's degree programs, at least 12 of which must be in 200-numbered courses. History 201, History 299, and at least six units of seminar work are required. Students are required to demonstrate a reading knowledge of French, German, or Spanish.

SPECIFIC REQUIREMENTS FOR THE MASTER OF ARTS DEGREE FOR TEACHING SERVICE

In addition to meeting the requirements for classified graduate standing and the basic requirements for the master's degree as described in Part Three of this bulletin, the student must complete a graduate program which includes a concentration consisting of at least 18 units in history from courses listed below as acceptable on master's degree programs in history, of which at least 12 units must be in 200-numbered courses. History 201 and 299 are required. (Students must also satisfy the requirements for a California school service credential.)

SCHOLARSHIPS

The K. W. Stott Scholarship, in the amount of $100, is awarded each June to a student who has attended San Diego State College for at least two years and who is being graduated or has been graduated by San Diego State College with a major in history. The recipient must continue work in San Diego State College, or in any other accredited college or university, toward a higher degree or credential. The selection is made by the Department of History with approval of the Committee on Scholarships.

189A-189B. California (3-3)
190. Southeast Asia (3)
191A-191B. The Far East (3-3)
192. Chinese Civilization (3)
193. China in Modern Times (3)
194. Japanese Civilization (3)
195. Rise of Japan as a Modern State (3)
196. The Indian Sub-Continent (3)

GRADUATE COURSES

All graduate courses in the Department of History have a prerequisite of 12 units of upper division courses in history or consent of the instructor.

201. Historical Method (3)
Required of all applicants for advanced degrees in history. Open to others with consent of instructor.
General historical bibliography. The use of libraries and archives. Methods of critical historical investigation. The interpretations of history.

202. Seminar in Historiography (3)
Prerequisite: History 197 or consent of instructor.
A critical study of the works of major historians, their philosophies and the schools of scholarship associated with their work.

251A-B. Seminar in English History (3-3)
Prerequisite: Permission of instructor. History 251A is prerequisite to 251B.
Directed research in selected aspects of English history.

270A-B. Seminar in American History (3-3)
Prerequisite: Permission of instructor. History 270A is prerequisite to 270B.
An introduction to intensive investigation of various phases of American history.

276. Seminar in Diplomatic History of the United States (3)
Prerequisite: Consent of instructor.
Research. Selected topics in American diplomatic history. (Formerly offered as History 276A-276B, Seminar in Diplomatic History.)

278. Directed Reading in United States History (3)
Prerequisite: Six units in United States history. Selected readings in source materials and historical literature.

281. Seminar in History of the West (3)
Prerequisite: Consent of instructor.
Research. Selected topics in the history of the American West. (Formerly offered as History 281A-281B, Seminar in the History of the West and California.)

289. Seminar in California History (3)
Prerequisite: Consent of instructor.
Research. Selected topics in California history. (Formerly offered as part of History 281A-281B, Seminar in the History of the West and California.)

298. Special Study (1-6)
Prerequisite: Consent of staff; to be arranged with department chairman and instructor.
Individual study. Six units maximum credit.

299. Thesis (3)
Prerequisites: An officially appointed thesis committee and advancement to candidacy.
Guidance in the preparation of a project or thesis for the master's degree.
HOME ECONOMICS

GENERAL INFORMATION

The Department of Home Economics, in the Division of the Fine Arts, offers graduate study for secondary teaching credentials.

FACULTY

Chairman, Division of the Fine Arts: G. N. Sorenson, M.A.
Chairman, Department of Home Economics: Alice E. Thomas, M.A.
General Secondary Credential and Graduate Adviser: Nona H. Cannon
Assistant Professors: Barbara Altpeter, M.S.; Mary F. Martin, M.S.; Genevieve E. Scheier, Ph.D.

GRADUATE COURSES

200. Seminar: Foods and Nutrition (3)
Prerequisites: Home Economics 100, 105, and Chemistry 3, or their equivalents. An intensive study of research in technological advances in the fields of foods and nutrition, with emphasis on professional organizations and ethical procedures. (Formerly Home Economics 200A.)

215. Seminar: Clothing and Textiles (3)
Prerequisites: Home Economics 119 and consent of instructor. Investigation and report of specific problems in textiles and clothing. Controlled laboratory methods used. Individual research emphasized. (Formerly Home Economics 200C.)

230. Seminar: Home Management and Family Economics (3)
Prerequisites: Home Economics 40, 151, and 152. A study of recent research and findings in the area of home management and family finance. Students develop extensive individual projects. (Formerly Home Economics 200B.)

270. Seminar: Child Development and Guidance (3)
Prerequisite: Consent of instructor. Emphasis on personality theories and on research and clinical findings relevant to a systematic study of human development and the guidance of children. (Formerly Home Economics 200E.)

274. Seminar: Marriage Adjustment (3)
Prerequisite: Home Economics 179. Individual study, seminar reports, and group discussion of selected topics in marriage adjustment. (Formerly Home Economics 200F.)

281. Seminar: Home Economics Education (3)
Prerequisites: 18 units in Home Economics and consent of instructor. The study and evaluation of Home Economics research and philosophical principles which have implications for the secondary homemaking teacher. (Formerly Home Economics 200D.)

298. Special Study (1-6)
Prerequisite: Consent of staff; to be arranged with department chairman and instructor. Individual study. Six units maximum credit.

INDUSTRIAL ARTS

GENERAL INFORMATION

The Department of Industrial Arts, in the Division of the Physical Sciences, offers graduate study leading to the Master of Arts degree for teaching service with a concentration in industrial arts. The Department of Industrial Arts makes it possible for students to gain advanced experiences in two of the most modern industrial arts buildings in the West. Well equipped instructional facilities are devoted to work in woods, metals, transportation (auto mechanics), graphic arts, electricity-electronics, photography, industrial drawing, comprehensive industrial arts and industrial handicrafts.

ADMISSION TO THE GRADUATE DIVISION

All students must satisfy the general requirements for admission to the Graduate Division with classified graduate standing, as described in Part Three of this bulletin under Admission to the Graduate Division.

ADVANCEMENT TO CANDIDACY

All students must meet the general requirements for advancement to candidacy, as described in Part Three of this bulletin.

SPECIFIC REQUIREMENTS FOR THE MASTER OF ARTS DEGREE

FOR TEACHING SERVICE

In addition to meeting the requirements for classified graduate standing and the credential requirements as applicable, the student must satisfy the basic requirements for the master's degree, described in Part Three of this bulletin. In addition, he must complete a concentration consisting of a minimum of 18 units in industrial arts from courses listed below as acceptable on master's degree programs, of which at least 12 must be in 200-numbered courses. Education 211 and Industrial Arts 299 are required courses.

TEACHING ASSISTANTSHIPS

Teaching assistantships in industrial arts are available to a limited number of qualified students. Application blanks and additional information may be secured from the Chairman of the Department.

FACULTY

Chairman, Division of the Physical Sciences: D. H. Robinson, Ph.D.
Chairman, Department of Industrial Arts: F. J. Irgang, Ph.D.
Graduate Adviser: W. C. Anderson
Credential Adviser: W. C. Anderson
Professors: W. C. Anderson, Ph.D.; L. W. Luce, Ed.D.
Associate Professors: F. J. Irgang, Ph.D.; W. L. McLoney, M.A.; J. D. McMullen, Ed.D.; D. W. Thiel, Ph.D.

(3)

GRADUATE COURSES

200. Seminar (3)  Prerequisite: Consent of instructor.
An intensive study of a selected topic in advanced industrial arts. Maximum of six units applicable to a master's degree.

201. Advanced Teaching Problems (3)  Prerequisites: Teaching experience in area selected and consent of instructor. Materials and advanced techniques of teaching specific activity areas, such as (a) industrial drawing; (b) general metalworking; (c) general woodworking; (d) electricity-radio; (e) transportation; (f) graphic arts; (g) photography; (h) comprehensive general shop. Stress on project design and visual materials. May be repeated with new materials for additional credit.

202. Industrial Arts Problems in Graphics and Design (3)  Prerequisite: Industrial Arts 123 or consent of instructor.
Advanced study of the principles and procedures of industrial drafting, including nomographs, descriptive geometry, and graphic solutions. Emphasis on special applications to industrial arts.

203. Industrial Arts Problems in Metalworking (3)  Prerequisite: Industrial Arts 133 or consent of instructor.
Advanced study of problems involved in industrial arts metalworking. Individual research project dealing with instructional materials or processes.

205. Problems in Industrial Arts Woodworking (3)  Prerequisite: Industrial Arts 153 or consent of instructor.
Intensive study in selected areas of the woodworking industry as it relates to materials, production, and construction. Presentation of research findings.

206. Industrial Arts Problems in Electricity-Electronics (3)  Prerequisite: Industrial Arts 163 or consent of instructor. Intensive study of contemporary developments in the electricity and electronics areas. Development of projects, aids, and resource materials.

207. Industrial Arts Problems in Transportation (3)  Prerequisite: Industrial Arts 173 or consent of instructor. Research in selected areas of the transportation industry and effective presentation of findings in oral and written form.

208. Industrial Arts Problems in Graphic Arts (3)  Prerequisite: Industrial Arts 183 or consent of instructor. Intensive study in selected areas of the graphic arts industry related to materials, production methods, and allied pursuits. Techniques of presentation of findings in effective written and oral form.

220. History and Philosophy of Industrial Education (3)  A study of the philosophical foundations and development of industrial education and its continuing role in American culture. Contemporary practices and trends will be given consideration.

221. Curriculum Construction in Industrial Arts Education (3)  Selection of teaching content for school situations in compliance with the best known procedures regarding analysis, objectives, methods and learning, and development of instructional devices related directly to course content.

223. Evaluation in Industrial Arts Education (3)  Consideration of the purposes, principles, methods, and criteria of evaluation as applied to industrial education, with emphasis on the special problems of measuring growth, achievement, and performance in various phases of educational effort.

267. Field Work in Industrial Arts (3)  Prerequisites: Teaching experience in industrial arts and consent of instructor. Application of the principles of laboratory organization, management, and planning in reference to the objectives of industrial arts in development of school programs. Maximum of six units applicable to a master's degree.

290. Bibliography (1)  Exercise in the use of basic reference books, professional literature, and specialized bibliographies, preparatory to the writing of a master's thesis.

298. Special Study (1-6)  Prerequisite: Consent of staff; to be arranged with department chairman and instructor. Individual study. Six units maximum credit.

MATHEMATICS

GENERAL INFORMATION

The Department of Mathematics, in the Division of the Physical Sciences, offers graduate study leading to the Master of Arts degree with a major in mathematics, to the Master of Arts degree for teaching service with a concentration in mathematics, and to the Master of Science degree in mathematics.

ADMISSION TO THE GRADUATE DIVISION

All students must satisfy the general requirements for admission to the Graduate Division with classified graduate standing, as described in Part Three of this bulletin under Admission to the Graduate Division.

ADVANCEMENT TO CANDIDACY

All students must satisfy the general requirements for advancement to candidacy, which are described in Part Three of this bulletin.

SPECIFIC REQUIREMENTS FOR THE MASTER OF ARTS DEGREE

In addition to meeting the requirements for classified graduate standing and the basic requirements for the master's degree as described in Part Three of this bulletin, the student must complete a graduate program which includes a major consisting of at least 24 units in mathematics from courses listed below as acceptable on master's degree programs. At least 12 units must be in 200-numbered courses in mathematics, exclusive of Mathematics 290 and Mathematics 299. The student is required to demonstrate a reading knowledge of French, German, or Russian and to pass a final oral and written comprehensive examination in mathematics. With approval of the department, a student may select Plan A, in which case the comprehensive examination will also cover the thesis. In other cases, Plan B will be followed.

SPECIFIC REQUIREMENTS FOR THE MASTER OF ARTS DEGREE FOR TEACHING SERVICE

In addition to meeting the requirements for classified graduate standing and the basic requirements for the master's degree as described in Part Three of this bulletin, the student must complete a graduate program which includes a major consisting of at least 18 units in mathematics selected from courses listed below as acceptable on master's degree programs in mathematics, of which at least 12 units must be in 200-numbered courses. The student is required to pass approval of the department, a student may select Plan A, in which case the comprehensive examination will also cover the thesis. In other cases, Plan B will be followed.

The student must also satisfy the requirements for a California school service credential.

SPECIFIC REQUIREMENTS FOR THE MASTER OF SCIENCE DEGREE

In addition to meeting the requirements for classified graduate standing, the student must also meet the following departmental requirements:

(a) Complete 12 units of 200-numbered mathematics courses, not including Mathematics 290 or 299.
(b) Complete nine additional units of graduate level or approved upper division mathematics courses, not including Mathematics 290 or 299.
(c) Complete nine additional units of approved electives.

(d) Pass a final oral and written comprehensive examination in mathematics. (With the approval of the department, a student may select Plan A, in which case the comprehensive examination will also cover the thesis. In other cases, Plan B will be followed.)

TEACHING ASSISTANTSHIPS

Teaching assistantships in mathematics are available to a limited number of qualified students. Application blanks and additional information may be secured from the Chairman of the Department.

FACULTY

Chairman, Division of the Physical Sciences: D. H. Robinson, Ph.D.
Chairman, Department of Mathematics: R. D. Branstetter, Ph.D.
Graduate Advisers: Master of Arts (Major): L. J. Warren; Master of Arts (Teaching), G. A. Becker, Master of Science, V. C. Harris, C. V. Holmes
Credentialed Adviser: J. E. Eagle

COURSES ACCEPTABLE ON MASTER'S DEGREE PROGRAMS IN MATHEMATICS

UPPER DIVISION COURSES

105. Introduction to the Foundations of Geometry (3)
106. Projective Geometry (3)
108. Differential Geometry (3)
119. Differential Equations (3)
121A-121B. Advanced Calculus (3-3)
124. Vector Analysis (3)
124. Probability (3)
135A-135B. Numerical Analysis and Computation (3-3)
140A-140B. Mathematical Statistics (3-3)
150A-150B. Modern Algebra (3-3)
152. Number Theory (3)

155. Mathematical Logic (3)
156. Logical Foundations of Mathematics (3)
157. Partial Differential Equations (3)
175. Functions of a Complex Variable (3)
181A-181B. Selected Topics of Secondary Mathematics (2-2)
*187A-187B. Probability and Statistics for High School Teachers (3-3)
196. Advanced Topics in Mathematics (2 or 3)
199. Special Study (1-6)

GRADUATE COURSES

200. Seminar (2-3)
Prerequisite: Consent of instructor.
An intensive study of a selected topic in advanced mathematics. May be repeated with new subject matter for additional credit.

210A-210B. Mathematics of Physics (3-3)
Prerequisite: Admission into a master's degree program.
Selected topics from matrix theory, vector and tensor analysis, orthogonal function theory, calculus of variations and probability theory with particular emphasis on applications to physical theory.
212. Advanced Ordinary Differential Equations (3)
   Prerequisites: Mathematics 119 and 121A.
   Existence and uniqueness theorems, Wronskians, adjoint systems, Sturm-Liouville boundary value problems, equations of Fuchsian type.

214. Advanced Partial Differential Equations (3)
   Prerequisite: Mathematics 170.
   Theory and application of the solution of boundary value problems in the partial differential equations of engineering and physics by various methods; orthogonal functions, the Laplace transformation, other transformation methods, Green's functions.

220A-220B. Topology (3-3)
   Prerequisite: Mathematics 121B.

224A-224B. Functions of a Complex Variable (3-3)
   Prerequisites: Mathematics 121B and 175. Mathematics 224A is prerequisite to Mathematics 224B.
   Analytic continuation, elliptic functions, conformal mapping, Riemann surfaces.

226A-226B. Functions of a Real Variable (3-3)
   Prerequisites: Mathematics 119 and 121B. Mathematics 226A is prerequisite to Mathematics 226B.
   Point sets, functions and limits, continuity, differentiation, Riemann and Lebesgue integration.

231. Theory of Groups (3)
   Prerequisite: Mathematics 150B or consent of instructor.
   A development of the theory of groups.

232. Theory of Fields (3)
   Prerequisite: Mathematics 150B or consent of instructor.
   A study of both finite and infinite fields, and field extensions.

233. Linear Algebra and Matrix Theory (3)
   Prerequisite: Mathematics 150B or consent of instructor.
   A study of matrices, determinants, and vector spaces.

240A-240B. Advanced Mathematical Statistics (3-3)
   Prerequisites: Mathematics 140B and 121A. Mathematics 240A is prerequisite to Mathematics 240B.
   Theories of common distribution functions, derivation of sampling distributions with emphasis on normal populations, estimation of maximum likelihood, ratio tests of parametric hypotheses, general linear hypothesis theory.

287. Intermediate Analysis (3)
   Point-set theory, fundamental theorems of continuous functions, theory of integration, and infinite series. Open to National Science Foundation students only.

290. Bibliography (1)
   Exercises in the use of basic reference books, journals, and specialized bibliographies, preparatory to the writing of a master's project or thesis.

298. Special Study (1-6)
   Prerequisite: Permission of staff; to be arranged with department chairman and instructor.
   Individual study. Six units maximum credit.

299. Thesis or Project (3)
   Prerequisites: An officially appointed thesis committee and advancement to candidacy.
   Guidance in the preparation of a project or thesis for the master's degree.

### 209. Advanced Orchestration (2)
Prerequisite: Music 109B.

Intensive work in the practical scoring for ensemble, full orchestra, and symphonic band. Score analysis. Selected works of the class members will be performed.

### 218. Seminar in Choral Art (6) Summer
Prerequisite: Consent of instructor.

A study of choral and chamber music performed by seminar participants in the College Chorus, the San Diego Symphony Orchestra, and Chamber Music Concerts. Development of analytical technique; study of vocal techniques of the larger forms, and of styles, including performing practices of the baroque and later periods. Total credit for Music 118-S and Music 218 limited to 18 units, with a limit of six units which may be applied to the master's degree. (Formerly Music 207).

### 246A. Advanced Choral Conducting (2)
Prerequisite: Music 146B.

Course designed to develop skills at professional level; study of different styles of choral literature and their relationship to conductor's art; score analysis and experience in conducting.

### 246B. Advanced Instrumental Conducting (2)
Prerequisite: Music 146B.

Course designed to develop skills at professional level; study of conducting style as related to band and orchestra literature, score analysis and experience in conducting.

### 250. Applied Music—Advanced Individual Study (1)

For the graduate student who qualifies for advanced study through an audition before the Music Department faculty. See explanation in the general catalog, under Music, for conditions under which credit may be given for music study under private instructors. May be repeated to a maximum of two units.

### 252. Seminar in Music History (3)
Prerequisites: Music 152B and consent of instructor.

Seminars in music history are offered for intensive study in each of the historical eras as listed below.

A. Music of the Middle Ages and Renaissance
B. Music of the Baroque Era
C. Music of the 18th and 19th Centuries
D. Twentieth Century Music

### 290. Bibliography (1)

Exercises in the use of basic reference books, journals, and specialized bibliographies, preparatory to the writing of a master's project or thesis.

### 298. Special Study (1-6)
Prerequisite: Consent of staff; to be arranged with department chairman and instructor.

Individual study. Six units maximum credit.

### 299. Thesis or Project (3)
Prerequisites: An officially appointed thesis committee and advancement to candidacy.

Guidance in the preparation of a project or thesis for the master's degree.
PHILOSOPHY

GENERAL INFORMATION

The Department of Philosophy, in the Division of the Humanities, offers a program of graduate studies leading to the Master of Arts degree with a major in philosophy. This curriculum is designed to provide advanced study in the field of philosophy as a basis for further graduate work and to meet the needs of students who plan to teach in colleges or hold other positions of leadership.

ADMISSION TO THE GRADUATE DIVISION

All students must satisfy the general requirements for admission to the Graduate Division with classified graduate standing, as described in Part Three of this bulletin. In addition, they must have completed an undergraduate major with a minimum of 24 upper division units in philosophy including courses in Ancient, Medieval, and Modern History of Philosophy. A grade point average of 3.0 (B) is required in all upper division work in philosophy.

ADVANCEMENT TO CANDIDACY

All students must meet the general requirements for advancement to candidacy as described in Part Three of this bulletin.

SPECIFIC REQUIREMENTS FOR THE MASTER OF ARTS DEGREE

In addition to meeting the requirements for classified graduate standing and the basic requirements for the master's degree as described in Part Three of this bulletin, the student must complete a graduate program to include the following:

(1) A minimum of 24 units in philosophy from courses listed below as acceptable on master's degree programs. At least 15 of these units must be in 200-numbered courses, including Philosophy 299, Thesis. The remaining electives (6 units) must be selected with the approval of the adviser from courses in philosophy, in related disciplines, or in courses required for the junior college credential.

(2) Demonstrate a reading knowledge of French or German.

FACULTY

Chairman, Division of the Humanities: J. R. Adams, Ph.D.
Chairman, Department of Philosophy: S. M. Nelson, Ph.D.
Graduate Adviser: Harry Ruja
Professors: Harry Ruja, Ph.D.; A. E. Shields, Ph.D.
Associate Professors: S. M. Nelson, Ph.D.; W. S. Snyder, Ph.D.

COURSES ACCEPTABLE ON MASTER'S DEGREE PROGRAMS IN PHILOSOPHY

UPPER DIVISION COURSES

102. History of Philosophy II (3)
104. History of Philosophy IV (3)
105. Contemporary Philosophy (3)
108. Recent Existentialism (3)
121. Deductive Logic (3)
122. Inductive Logic (3)
123. Theory of Knowledge (3)
127. Values and Social Science (3)
128. Theory of Ethics (3)
131. Philosophy of Language (3)
132. Philosophy of History (3)
137. Philosophy of Science (3)
150A-150B. Asian Thought (3-3)
164. American Philosophy (3)
199. Special Study (1-6)

GRADUATE COURSES

200. Seminar in Plato (3)
Prerequisite: 12 units of upper division work in philosophy.
An intensive study of the major dialogues.

201. Seminar in Aristotle (3)
Prerequisite: 12 units of upper division work in philosophy.
An intensive study of the major Aristotelian writings.

207. Seminar in Kant (3)
Prerequisite: 12 units of upper division work in philosophy.
Kant's critique of the foundations of human knowledge, moral obligation, and religious faith, with readings from the three Critiques but with special emphasis upon the Critique of Pure Reason.

210. Seminar in Contemporary Philosophy (3)
Prerequisite: 12 units of upper division work in philosophy.
Significant philosophical movements and figures of the 20th century.

221. Deductive Logic (3)
Prerequisites: 12 upper division units in philosophy including Philosophy 121 or its equivalent.
A comparison of deductive systems in logic. Problems of definability, consistency, and completeness. The role of logic in the foundations of mathematics.

222. Seminar in Epistemology (3)
Prerequisite: 12 units of upper division work in philosophy.
An examination of some of the basic problems concerning meaning, perception, and knowledge. Readings in the works of leading contemporary philosophers, such as C. I. Lewis and Bertrand Russell.

225. Seminar in Metaphysics (3)
Prerequisite: 12 units of upper division work in philosophy.
An inquiry into the search for significant qualities of reality.

228. Seminar in Ethics (3)
Prerequisite: 12 units of upper division work in philosophy.
Contemporary ethical issues. Critical analysis of the works of some leading theorists, such as Moore, Dewey, Stevenson, and Toulmin.

231. Semantics and Logical Theory (3)
Prerequisites: 12 upper division units in philosophy including Philosophy 121 and 111 or the equivalents.
Contemporary issues in the foundations of logic and theories of language.

235. Seminar in Philosophy of Religion (3)
Prerequisite: 12 upper division units in philosophy including Philosophy 135 or its equivalent.
A philosophical investigation of the nature of religious thought: its structure, growth, and significance.
236. Seminar in Philosophy of Art (3)
Prerequisite: 12 units of upper division work in philosophy.
An analysis, criticism, and comparative study of selected philosophies of art.

237. Seminar in Philosophy of Science (3)
Prerequisites: 12 upper division units in philosophy including Philosophy 122 and
137 or their equivalents.
Studies in the methodology of the empirical sciences. The logical structure of
science.

250. Seminar in East-West Philosophy (3)
Prerequisites: 12 upper division units in philosophy including Philosophy 150A or
its equivalent.
Comparative study of mythological, ethical, and mystical themes in the literature
of East and West.

251. Studies in Continental Rationalism (3)
Prerequisite: 12 upper division units in philosophy.
An intensive study of selected texts from Descartes, Spinoza, and Leibniz.

252. Studies in British Empiricism (3)
Prerequisite: 12 upper division units in philosophy.
An intensive study of selected texts from Locke, Berkeley, and Hume.

298. Special Study (1-6)
Prerequisite: 12 units of upper division work in philosophy and consent of staff;
to be arranged with department chairman and instructor.
Individual study. Maximum credit six units.

299. Thesis (3)
Prerequisites: An officially appointed thesis committee and advancement to can-
didacy.
Guidance in the preparation of a project or thesis for the master's degree.

PHYSICAL EDUCATION

GENERAL INFORMATION

The Division of Health Education, Physical Education, and Recreation offers
graduate study leading to the Master of Arts degree for teaching service with a
concentration in physical education.
For information regarding graduate programs in Health Education, see the section
of this bulletin on Health Education.

ADMISSION TO THE GRADUATE DIVISION

All students must satisfy the general requirements for admission to the Graduate
Division with classified graduate standing, as described in Part Three of this bulletin.

ADVANCEMENT TO CANDIDACY

All students must meet the general requirements for advancement to candidacy,
which are described in Part Three of this bulletin and, in addition, must complete
the Graduate Record Examination Advanced Test in Physical Education with a
satisfactory score.

SPECIFIC REQUIREMENTS FOR THE MASTER OF ARTS DEGREE

FOR TEACHING SERVICE

In addition to meeting the requirements for classified graduate standing and the
credential requirements as applicable, the student must satisfy the basic require-
ments for the master's degree, described in Part Three of this bulletin. The thirty-
unit program includes a minimum of 18 units in physical education selected from
courses listed in this bulletin as acceptable on master's degree programs, of which
at least 15 units must be in 200-numbered courses. Education 211, Procedures of
Investigation and Report, and Physical Education 299, Thesis, are required courses.
Each candidate will be required to complete an area of specialization after con-
sulting the graduate adviser for the division and the chairman of the student's
thesis committee.

TEACHING ASSISTANTSHIPS

Teaching assistantships in physical education are available to a limited number
of qualified students. Application blanks and additional information may be secured
from the Chairman of the Division.

FACULTY

Chairman, Division of Health Education, Physical Education, and Recreation:
W. L. Terry, Ed.D.
Chairman, Men's Physical Education Department: W. H. Schutte, M.S.
Chairman, Women's Physical Education Department: Margaret L. Murphy, Ed.D.
Chairman, Department of Recreation: W. L. Terry, Ed.D.

GRADUATE COURSES
200. Seminar (Men) (3)
Prerequisite: Consent of instructor.
Intensive study of selected topics in physical education. May be repeated once
with new subject matter. Maximum of six units applicable on a master's degree.

201. Curriculum in Physical Education (3)
Prerequisite: Major or minor in physical education, or equivalent.
Analysis of current curricula in physical education. Special emphasis on curricu-
num construction and evaluation.

202. Administration of Physical Education in the Secondary Schools (3)
Prerequisite: Major or minor in physical education, or equivalent.
Topics include personnel problems, selection and maintenance of equipment and
facilities, program organization and evaluation, budget, and related items.

203. History and Philosophy of Physical Education (3)
Prerequisite: Major or minor in physical education.
The historical and philosophical forces guiding the development of physical
education from ancient to modern times. (Formerly Physical Education 212.)

204. Problems in Recreation (3)
A survey of current problems facing the recreation profession, through a review
of literature, discussion of trends, and observation of school and community situa-
tions. Analysis and evaluation of actual problems. Written reports required. Not
open to students with credit for Recreation 204.

205. Seminar in Competitive Athletics for Men (3)
Prerequisite: Major or minor in physical education or recreation.
Knowledge and appreciation of the skills, techniques, and teaching methods in-
volved with the coaching of athletics; the study of possible solutions to problems
associated with the program of competitive school athletics. (Formerly Physical
Education 213.)

206. Seminar in Competitive Athletics for Men (3)
Prerequisite: Major or minor in physical education or recreation.
Knowledge and appreciation of the skills, techniques, and teaching methods in-
volved with the coaching of athletics; the study of possible solutions to problems
associated with the program of competitive school athletics. (Formerly Physical
Education 214.)

207. Advanced Kinesiology and Biomechanics (3)
Prerequisites: Zoology 8, 22, and Physical Education 167.
Principles of mechanics applied to the analysis of human motion. Electromyog-
raphy and cinematography as aids in analysis. Kinetic analysis of movement.

208. Advanced Physiology of Exercising (3)
Prerequisites: Zoology 8 and 22, Physical Education 167 and 168.
Advanced aspects of the physiology of exercise. Effects of exercise on human
beings in relation to health, longevity, morphology, and performance.
PHYSICAL SCIENCES

GENERAL INFORMATION

The Division of the Physical Sciences offers graduate study leading to the Master of Arts degree for teaching service with a concentration in the physical sciences. This is a five-year curriculum designed specifically for prospective teachers in the fields of the physical sciences. All master's degree programs in the physical sciences are under the supervision of the Division of Physical Sciences Council on Teacher Education.

ADMISSION TO THE GRADUATE DIVISION

All applicants for the degree must satisfy the general requirements for admission to the Graduate Division with classified graduate standing as described in Part Three of this Bulletin. In addition, the undergraduate preparation in the physical sciences must have substantially satisfied the undergraduate requirements for the bachelor's degree in the physical sciences. (Refer to the general catalog for a description of this major.) If the student's undergraduate preparation is deficient, he will be required to take courses for the removal of the deficiency. These courses, taken by the student as an unclassified graduate, are in addition to the minimum of 30 units for the master's degree. Attention is called to the status of an unclassified graduate as described in Part Three of this Bulletin under Admission to the College for Graduate Study. "An unclassified graduate student is not eligible to enroll in 200-numbered courses, except with permission of the instructor and concurrence of the Dean of Graduate Studies. All credit earned by an unclassified graduate student is subject to evaluation as to its acceptance for graduate credit in a master's degree curriculum."

ADVANCEMENT TO CANDIDACY

All students must satisfy the general requirements for advancement to candidacy, which are described in Part Three of this bulletin.

SPECIFIC REQUIREMENTS FOR THE MASTER OF ARTS DEGREE FOR TEACHING SERVICE

In addition to meeting the requirements for admission to the Graduate Division with classified graduate standing, and the basic requirements for the Master of Arts degree, as described in Part Three of this Bulletin, including the requirement of a California teaching credential when appropriate, the student must complete a program of 30 units, of which at least 12 must be in 200-numbered courses. A minimum of 18 units must be in the physical sciences, (astronomy, chemistry, geology, physical science, or physics), with at least 6 units in each of two fields. Of the 18 units, 6 units must be 200-numbered courses. The program must be approved by a physical science adviser for teaching programs. With the approval of the adviser, the student may select Plan A or Plan B. If Plan B is selected, the division will require a comprehensive examination in lieu of the thesis.

FACULTY

Chairman, Division of the Physical Sciences: D. H. Robinson, Ph.D.
Graduate Adviser: N. F. Dessel
Professor: P. E. Stewart, Ph.D.
Associate Professors: C. F. Merzbacher, Ed.D.; Burt Nelson, Ph.D.
Assistant Professor: G. D. Turner, A.B.
PHYSICS

GENERAL INFORMATION

The Department of Physics, in the Division of the Physical Sciences, offers graduate study leading to the Master of Arts degree with a major in physics, the Master of Arts degree for teaching service with a concentration in physics, and the Master of Science degree with a major in physics. The Master of Science degree is designed to augment the student's undergraduate training by an additional fifth year of more advanced study in the traditional fields of physics. Experimental facilities are available for studies in such fields as acoustics, nuclear physics, optics and spectroscopy, physical electronics, and solid state physics.

Within the San Diego area there are governmental and industrial research laboratories concerned with all the fields of physics and electronic science. Scientists from these agencies help provide stimulation through seminars and scientific meetings in the area. Excellent opportunities exist for summer employment in these agencies for the acquisition of industrial field experience.

ADMISSION TO THE GRADUATE DIVISION

All students must satisfy the general requirements for admission to the Graduate Division with classified graduate standing, as described in Part Three of this bulletin, and pass the qualifying examination in physics. In addition, the undergraduate preparation in physics must have substantially satisfied the undergraduate requirements for the bachelor's degree in physics. (Refer to the general catalog for a description of these majors.) If the student's undergraduate preparation is deficient, he will be required to take courses for the removal of the deficiency. These courses, taken by the student as an unclassified graduate, are in addition to the minimum of 30 units for the master's degree.

Attention is called to the status of an unclassified graduate student as described in Part Three of this bulletin under Admission to the College for Graduate Study. "An unclassified graduate student is not eligible to enroll in 200-numbered courses, except with permission of the instructor and concurrence of the Dean of Graduate Studies. All credit earned by an unclassified graduate student is subject to evaluation as to its acceptance for graduate credit in a master's degree curriculum."

ADVANCEMENT TO CANDIDACY

All students must satisfy the general requirements for advancement to candidacy as described in Part Three of this bulletin.

SPECIFIC REQUIREMENTS FOR THE MASTER OF ARTS DEGREE

In addition to meeting the requirements for classified graduate standing and the basic requirements for the master's degree as described in Part Three of this bulletin, the student must complete a graduate program which includes a major consisting of at least 24 units from courses listed below as acceptable on master's degree programs in physics. At least 18 must be in 200-numbered courses in physics (including Physics 210A-210B, 270, 299, and one course selected from Physics 205, 219, 260 and 275). Students must demonstrate a reading knowledge of scientific French, German, or Russian. The student is required to pass a final oral examination on his thesis.

SPECIFIC REQUIREMENTS FOR THE MASTER OF SCIENCE DEGREE

In addition to meeting the requirements for classified graduate standing, the student must satisfy the basic requirements for the master's degree as described in Part Three of this bulletin. Subject to the approval of the department, the student may elect Plan A, with the thesis, or Plan B, with the comprehensive examination in lieu of the thesis. The student must also complete a program of studies prepared in consultation with his departmental advisory committee as indicated below. For Plan A: (1) Physics 210A-210B, 270, and 299; (2) nine units of graduate level or approved upper division courses in physics including one course selected from Physics 205, 219, 260, and 275; (3) nine units of electives approved by his departmental committee. For Plan B: (1) Physics 210A-210B, 270, and 299; (2) nine units of graduate level or approved upper division courses in physics including one course selected from Physics 219, 260, and 275; (3) nine units of electives approved by his departmental committee.

TEACHING ASSISTANTSHIPS AND SCHOLARSHIPS

Teaching assistantships in physics are available to a limited number of qualified students. Application blanks and additional information may be secured from the Chairman of the Department.

FACULTY

Chairman, Division of the Physical Sciences: D. H. Robinson, Ph.D.
Chairman, Department of Physics: C. R. Moe, Ph.D.
Graduate Advisers: Master of Arts and Master of Science, J. G. Teasdale; Master of Arts (Teaching), N. F. Dessel.
Credentialed Advisers: N. F. Dessel, E. E. Smith, Jr.
Associate Professors: O. H. Clark, Ph.D.; R. H. Morris, Ph.D.; G. H. Wolter, M.S.
Lecturer: D. C. Kalbfell, Ph.D.

COURSES ACCEPTABLE ON MASTER'S DEGREE PROGRAMS IN PHYSICS

UPPER DIVISION COURSES

106. Optics (3)
114. Acoustics (3)
122. Senior Physics Laboratory (2)
131. Astronautics (2)
148. Nuclear Physics Laboratory (3)
151. Nuclear Physics (3)
152. Transients in Linear Systems (3)
153. Servo-System Design (3)
155. Analog Computers (3)
156. Digital Computers (3)
167. Semiconductor Devices (3)
172B. Physical Electronics (3)
172C. Analytic Mechanics (2)
180. Solid State Physics (3)
190. Introductory Quantum Mechanics (3)
196. Advanced Physics (2 or 3)
GRADUATE COURSES

200. Seminar (2 or 3)
Prerequisite: Consent of instructor.
An intensive study of a selected topic in advanced physics. May be repeated with new subject matter for additional credit.

205. Theoretical Mechanics (3)
Prerequisite: Physics 175, or consent of the instructor.

210A-210B. Mathematics of Physics (3-3)
(Same course as Mathematics 210A-210B)
Prerequisite: Admission into a master's degree program.
Selected topics from matrix theory, vector and tensor analysis, orthogonal function theory, calculus of variations and probability theory with particular emphasis on applications to physical theory.

214. Advanced Acoustics (2)
Prerequisites: Physics 114, or consent of instructor.

219. Statistical Mechanics (3)
Prerequisites: Physics 112, 175, and 190; or consent of instructor.

225. Microwaves (2)
Prerequisite: Physics 173B or equivalent.
Generation and detection, propagation and attenuation in wave guides and ferromagnetic components. Nuclear resonance, radio and microwave spectroscopy; masers, atomic clock, radio astronomy.

231. Advanced Astronautics (2)
Prerequisite: Physics 131 or consent of instructor.
Special emphasis on perturbations due to inhomogeneity of the central force field.

240A-240B. Reactor Materials Technology (3-3)
Prerequisites: Physics 180 and 190; and Chemistry 141.
A study of certain engineering, chemical, and nuclear properties of materials used in reactors, and of the influence of the reactor environment on these properties.

245A-245B. Reactor Theory (3-3)
Prerequisites: Physics 151 and 190.
Theory of chain reactions and their application to the operation of various types of reactors. Kinetics, theoretical design, and control of reactors in relation to the fundamental nuclear process.

246. Problems in Reactor Design Parameters (3)
Prerequisites: Concurrent registration in Physics 240 B, 245B, and 248B.
A combined seminar and group project course in which the class will be assigned a specific, detailed reactor problem. Subgroups will work on specific problems within the main reactor design problem.

248A-248B. Reactor Laboratory (2-2)
Prerequisites: Chemistry 141, Physics 148; concurrent registration in Physics 245A-245B.
Measurement of the static and dynamic characteristics of a reactor. Reactor operation, reactor radiations, neutron flux properties and temperature effects. Use of the reactor as an experimental tool.

251. Nuclear Physics (3)
Prerequisites: Physics 151, 175, and 190; or consent of the instructor.
Applications of quantum theory to nuclear physics. Theory of nuclear forces, nuclear reactions, interaction of radiation with matter, radioactivity, nuclear structure and high energy physics.

260. Advanced Electronics (3)
Prerequisite: Physics 173B or consent of the instructor.
Selected advanced topics in contemporary electronics.

261. Pulse and Digital Circuits (2)
Prerequisites: Physics 160 and 173B.
Analysis of multivibrators, time base generators, pulse transformers, blocking oscillators, delay lines, counting circuits, digital computer circuits, and transmission gates. Design of practical circuits.

270. Electromagnetic Theory (3)
Prerequisite: Physics 170, or consent of the instructor.
Boundary value problems; time varying electric and magnetic fields; propagation of radiation; antennas, wave guides.

275. Quantum Mechanics (3)
Prerequisites: Physics 151, 175, and 190; or consent of instructor.

280. Theory of the Solid State (3)
Prerequisites: Physics 175, 180, and 190; or consent of instructor.
The energy band theory of solids, with applications to the electrical and optical properties of dielectrics, semiconductors and metals.

297. Research in Physics (Credit to be arranged)
Prerequisite: Consent of department chairman.
Research in one of the fields of physics. Maximum credit six units applicable on a master's degree.

298. Special Study (1-6)
Prerequisite: Consent of staff; to be arranged with department chairman and instructor.
Individual study. Six units maximum credit.

299. Thesis (3)
Prerequisites: An officially appointed thesis committee and advancement to candidacy.
Guidance in the preparation of a project or thesis in physics for the master's degree.
POLITICAL SCIENCE

GENERAL INFORMATION

The Department of Political Science, in the Division of the Social Sciences, offers graduate study leading to the Master of Arts degree with a major in political science and the Master of Science degree in public administration. For graduate study in connection with the Master of Arts degree for teaching service, a concentration in social science, refer to the section of this bulletin under social science. Research facilities provided by the Department of Political Science include the Public Affairs Research Institute, the Public Administration Center, the International Relations Center, the Institute of International Relations, and the Center for Education and Research in Politics. The San Diego metropolitan community affords significant internship opportunities for the graduate student in federal, state, and local government.

MASTER OF ARTS DEGREE IN POLITICAL SCIENCE

ADMISSION TO THE GRADUATE DIVISION

All students must satisfy the general requirements for admission to the Graduate Division with classified graduate standing, as described in Part Three of this bulletin. In addition, students seeking the Master of Arts degree with a major in political science must have completed 30 units of social science including at least 12 upper division units in political science as approved by the department, and must have earned a undergraduate grade point average of not less than 3.0 in the major field. All students must meet the general requirements for advancement to candidacy as described in Part Three of this bulletin.

SPECIFIC REQUIREMENTS

In addition to meeting the requirements for classified graduate standing and the basic requirements for the master's degree as described in Part Three of this bulletin, the student must complete a graduate program which includes a minimum of 24 units in political science (excluding Political Science 296, Internship in Public Administration), from courses listed below as acceptable on master's degree programs of which at least 15 units must be in 200-numbered courses including Political Science 200, The Scope and Method of Political Science, and Political Science 299, thesis. A reading knowledge of a foreign language and a final oral examination on the part of the student that he has had satisfactory qualifying experiences in the field are also required.

MASTER OF SCIENCE DEGREE IN PUBLIC ADMINISTRATION

This degree permits the selection under advisement, from a wide variety of courses, of a curriculum which may be oriented toward a generalist approach or toward an emphasis on personnel administration, finance administration, public planning, correctional administration, or social administration. Since management responsibilities are shared by administrators in a number of professional areas in the public service, the student is encouraged to supplement his study of government administration with graduate courses offered by departments other than political science. Graduate offerings in economics, sociology, psychology, business administration, and other areas may be utilized in the student's graduate program.

ADMISSION TO THE GRADUATE DIVISION

All students must satisfy the general requirements for admission to classified graduate standing, as described in Part Three of this bulletin, under Admission to the Graduate Division. The student must also satisfy the following requirements: (1) have completed at least 30 undergraduate units in approved social science courses, (2) have maintained an undergraduate grade point average of not less than 3.0 (B) in the major field and not less than 2.5 overall during the last two years of college.

ADVANCEMENT TO CANDIDACY

All students must meet the general requirements for advancement to candidacy, which are described in Part Three of this bulletin.

SPECIFIC REQUIREMENTS

In addition to meeting the requirements for classified graduate standing, the student must satisfy the basic requirements for the master's degree as described in Part Three of this bulletin. The student must also complete: (1) at least fifteen units of 200-numbered courses, excluding Political Science 296, Internship in Public Administration, and including Political Science 200 and six units in one of the fields of concentration: general administration, local government administration, social work administration, correctional administration, and public planning administration; (4) Political Science 299, Thesis, unless Plan B with a comprehensive examination, both written and oral, in lieu of the thesis, is selected by the student with the approval of the graduate adviser; and (5) Political Science 296, Internship in Public Administration, unless waived by the graduate adviser.

The internship requirement can be met either by (a) a successful completion of Political Science 296, Internship in Public Administration, or by (b) a demonstration on the part of the student that he has satisfactory qualifying experiences in the field, on the basis of which the department may elect to accept the three units of internship be waived. If the student is enrolled in Political Science 296, he will work in a governmental agency under supervision of the agency and the department jointly. He will perform duties of an administrative nature. Placement will be made in the office of a city manager, city personnel office, or in the office of the head of a major operating department.

TEACHING ASSISTANTSHIPS

Teaching assistantships in Political Science are available to a limited number of qualified students. Application blanks and further information may be obtained from the Chairman of the Department of Political Science.

FACULTY

Chairman, Division of the Social Sciences: D. S. Milne, Ph.D.
Chairman, Department of Political Science: W. R. Bigger, Ph.D.
Graduate Advisers:
Associate Professors: Melvin Crain, Ph.D.; I. K. Feierabend, Ph.D.; R. C. Grripp, Ph.D.; J. D. Kitchen, Ph.D.; L. V. Padgett, Ph.D.

#### Prerequisites and Notes
- May be repeated with new content to a maximum of six units with consent of the graduate adviser.
- Students will be assigned to various government agencies and will work under joint supervision of agency heads and the course instructor. Participation in staff and internship conferences. Admission by consent of the instructor.
- Selected problems in administration of economic and technical assistance programs; problems of administration in developing areas.
- May be repeated with new content to a maximum of six units with consent of the graduate adviser.
- May be repeated with new content to a maximum of six units with consent of the graduate adviser.
PSYCHOLOGY

GENERAL INFORMATION

The Department of Psychology, in the Division of the Life Sciences, offers graduate study leading to the Master of Arts degree with a major in psychology for students specializing in theoretical-experimental psychology and the Master of Science degree in psychology for students specializing in the fields of clinical, industrial and personnel psychology.

Laboratory facilities for training in both human and animal psychology are available, and students are required to take courses in experimental psychology and statistical methods. Practicum courses involving supervised training in such places as local military establishments, industrial plants, and hospitals are available.

ADMISSION TO THE GRADUATE DIVISION

All students must satisfy the general requirements for admission to the Graduate Division with classified graduate standing, as described in Part Three of this bulletin. The student must also (1) have completed 24 semester units of upper division work in psychology, including Psychology 104A, Statistical Methods in Psychology; 105, Psychological Testing; 110, Experimental Psychology; an additional course in experimental psychology selected from 111, 112, 113, 114, and 178, Theories of Personality, or their equivalents, and (2) have an overall grade point average of 3.0 (B) in the major, and an overall grade point average of 3.0 (B) in his last 60 units of work. In addition, he must earn a satisfactory score on the Graduate Record Examination Advanced Test in Psychology.

ADVANCEMENT TO CANDIDACY

The student must satisfy the general requirements for advancement to candidacy as described in Part Three of this bulletin.

SPECIFIC REQUIREMENTS FOR THE MASTER OF ARTS DEGREE

In addition to meeting the requirements for admission to the Graduate Division with classified graduate standing and the basic requirements for the master's degree as described in Part Three of this bulletin, the student must complete a graduate program of at least 30 units approved by the adviser and including:

(a) Psychology 202A, 202B, 222, 223, and 299.
(b) Not less than six units of approved upper division or graduate courses in psychology. Psychology 104B, 175, and 177 are required unless completed in an undergraduate program.
(c) Nine units of approved upper division or graduate courses in a field or fields related to psychology.

The student must demonstrate a reading knowledge of French, German, or Russian. This requirement may be waived for students who have completed at least six units of approved courses in mathematics with an average grade of "B" or better.

All students must enroll in Psychology 202A or 202B in their first graduate semester, and in the alternate half of the course in their second semester.

SPECIFIC REQUIREMENTS FOR THE MASTER OF SCIENCE DEGREE

In addition to meeting the requirements for admission to the Graduate Division with classified graduate standing and the basic requirements for the master's degree as described in Part Three of this bulletin, the student must complete a graduate program of at least 30 units approved by the adviser and including:

(a) Psychology 202A, 202B, 204, 211, 234, 296, and 299, for students specializing in pre-clinical psychology, or Psychology 202A, 202B, 220, 223, 225, 296, and 299, for students specializing in industrial and personnel psychology.
(b) Not less than nine additional approved upper division or graduate courses in psychology. Psychology 104B, 175, and 177 are required unless they were completed in an undergraduate program.

All students must enroll in Psychology 202A or 202B in their first graduate semester, and in the alternate half of the course in their second semester.

TEACHING ASSISTANTSHIPS

Teaching assistantships in psychology are available to a limited number of qualified students. Application blanks and further information may be obtained from the Chairman of the Department.

202A-202B. Contemporary Psychology (3-3)
Prerequisite: Bachelor's degree in psychology or permission of the coordinating instructor.
A comprehensive survey of contemporary literature in psychology, dealing with recent developments in the areas of learning and motivation, perception, psychophysiology, personality and psychodynamics, social behavior, and experimental inference.

204. Individual Psychological Testing (3)
Prerequisites: Psychology 104A and 105.
Principles of individual testing. Instructing and practice in the administration and scoring of the Stanford-Binet, Wechsler scales, and some similar tests. One lecture and six hours of laboratory per week.

205. Advanced Mental Testing (3)
Prerequisites: Psychology 104A, 105, 151, and 204.
The theory of mental testing and a comprehensive survey of various verbal and nonverbal individual mental tests. Supervised administration, scoring, and interpretation of some individual psychological tests. Tests other than the Wechsler scales and the Stanford-Binet are stressed. Two hours of lecture and three hours of laboratory.

211. Advanced Clinical Psychology (3)
Prerequisites: Psychology 151, 152, and 204.
Seminar integrating psychological testing, counseling, and clinical research. Includes supervised laboratory experience in counseling and in integrating data involved in clinical cases. Two hours of lecture and three hours of laboratory.

220. Seminar in Human Relations in Industry (3)
Prerequisite: Psychology 121 or Business Administration 145.
Applications of psychological principles and methods of investigation to problems of industrial relations and motivation of employees; factors influencing morale and employee productivity; criteria of job efficiency; psychological aspects of workman-management relationships and leadership.

221. Seminar in Problems in Social Psychology (3)
Prerequisites: Psychology 104A, 145, 110 or 111, and 175, or consent of the instructor.
Factors influencing the formation of attitudes, opinions, and stereotypes; the establishment of roles during socialization of the individual; social crises, change, and resistance to change; the causes and alleviation of interpersonal conflict.

222. Seminar in Theoretical Psychology (3)
Prerequisites: Psychology 175 and 178.
Basic concepts and principles integrating information in the areas of learning, emotion, motivation, personality, and social interaction. Relationships of scientific methods to the formation and testing of hypotheses and other conceptualizations.

223. Experimental Design (3)
Prerequisites: Psychology 104B and 110.
Principles and methods of planning and carrying out systematic investigations to answer questions concerning human behavior with stress on the interdependence of experimental design and statistical evaluation of results. Practice in formulation of testable hypotheses, techniques of equating groups, solution of sampling problems, and interpretation of results.

224. Advanced Experimental (3)
Prerequisite: Psychology 223.
Methods, techniques, and apparatus applicable to questions of various types. Special attention is given to sources of error, limitations on interpretation, and psychophysical methods. Students will design and carry out experiments in preparation for original independent investigations. One lecture and six hours of laboratory.

225. Principles of Test Construction (3)
Prerequisites: Psychology 104B and 105.
Detailed consideration of adequate sampling techniques, item construction, item analysis, determination and enhancement of reliability and validity of tests.

231. Seminar in Ethology and Comparative Psychology (2)
(Same course as Biology 231)
Prerequisite: Psychology 114 or Biology 110, or consent of instructor.
A seminar in the types of species, specific behavior patterns, and their function in the living systems of animals. May be repeated with new content to a maximum of four units.

233. Guidance Counseling Techniques (3)
Prerequisites: Education 115, or Education 230, or Psychology 151.
Designed for school counselors. To stress the understandings and procedures necessary for effective interviewing.

234. Projective Psychology (3)
Prerequisites: Psychology 104A, 105, 151, 178, and 204.
Introduction to the theory and principles underlying use of projective techniques by clinical psychologists; a review of the structure and dynamics of personality as interpreted by projective devices.

235. The Rorschach Method (3)
Prerequisites: Psychology 104A, 105, 151, 178, 204, and 234.
A seminar and practicum in basic administration and scoring of the Rorschach Test, with critical appraisal of the problems involved in estimations of reliability and validity of this technique.

236. Interpretation of Projective Materials (3)
Prerequisite: Psychology 235.
A seminar in the clinical interpretation of the Rorschach Test, the Thematic Apperception Test, and other projective devices, with critical emphasis on methods of research and validation. Not acceptable for credit toward the M.S. degree in psychology.

290. Bibliography (1)
Exercises in the use of basic reference books, journals, and specialized bibliographies, preparatory to the writing of a master's project or thesis.

296. Directed Field Experience (3)
Prerequisite: Limited to graduate students in psychology, with appropriate qualifications in a field of professional skill.
The student must arrange his practicum setting in co-operation with the chairman of the Psychology Department Practicum Committee and with the express approval of that committee during the semester prior to enrolling for credit in this course.

298. Special Study (1-6)
Prerequisite: Consent of staff, to be arranged with department chairman and instructor.
Individual study projects involving library or laboratory research in physiological, industrial, learning, clinical, and other areas of experimental psychology. May be repeated to a maximum of six units.

299. Thesis (3)
Prerequisites: An officially appointed thesis committee and advancement to candidacy.
Guidance in the preparation of a project or thesis for the master's degree. Credit is contingent upon acceptance of the completed thesis by the Department of Psychology.
SOCIAL SCIENCE

GENERAL INFORMATION

The Division of Social Sciences offers graduate work leading to the Master of Arts degree for teaching service with a concentration in social science with emphases in the fields of anthropology, economics, geography, political science, and sociology. (The Master of Arts degree with majors in economics, history, political science, and sociology is described in the appropriate sections of this bulletin.)

ADMISSION TO THE GRADUATE DIVISION

All students must satisfy the general requirements for admission to the Graduate Division with classified graduate standing, as described in Part Three of this bulletin under Admission to the Graduate Division. In addition, students are expected to have completed at least 15 units of upper division courses in the social science field which they plan to emphasize. For an emphasis in economics, the student must have completed at least 15 units of upper division courses in economics, including Economics 100A-100B, Intermediate Economic Theory, or their equivalents, and nine units of upper division courses in economics or related fields as approved by the graduate adviser. (A course in statistics, either upper division or lower division, is required.) For an emphasis in geography, the student must have completed Geography 1 and 3, 2 or 60, and 15 units of upper division courses in geography, including 100, 101, 180, and 181A. In addition he must schedule a diagnostic written and oral examination with the chairman of the Department of Geography on the first day of registration week. For an emphasis in sociology, the student must have completed Sociology 1 and 10, or their equivalents, and 15 units of upper division sociology courses including Sociology 101, Modern Social Theory. (A course in statistics, either upper division or lower division, is required.)

ADVANCEMENT TO CANDIDACY

All students must satisfy the general requirements for advancement to candidacy which are described in Part Three of this bulletin.

SPECIFIC REQUIREMENTS FOR THE MASTER OF ARTS DEGREE FOR TEACHING SERVICE

In addition to meeting the requirements for classified graduate standing and the basic requirements for the Master of Arts degree as described in Part Three of this bulletin, including the requirement of a California teaching credential, the student must include in his graduate program a concentration in the social sciences defined as follows:

1. A minimum of 18 units from courses listed in this bulletin as acceptable on master's degree programs by the Departments of Anthropology, Economics, Geography, History, Political Science, and Sociology, including at least 12 units of 200-numbered courses in the social sciences.

2. An emphasis in one of the areas of social science, except history, as determined by the graduate adviser.

3. Course 299, Thesis, is required in all concentrations. In addition the following courses are required in the various concentrations:
   - Economics: Econ. 297, Research (3)
   - Geography: Geog. 295, Geographic Research and Techniques of Presentation (3)
   - Political Science: Pol. Sci. 200, The Scope and Method of Political Science (3)
   - Sociology: Soc. 260, Seminar in Research Methods (3)
   - Anthropology: Anthro. 267, Contemporary Theory in Cultural Anthropology.

FACULTY

Chairman, Division of the Social Sciences: D. S. Milne, Ph.D.
Graduate Adviser: D. S. Milne
General Secondary Credential Adviser: D. S. Milne

Faculty members in the Departments of Anthropology, Economics, Geography, Political Science, and Sociology are listed in the appropriate sections of this bulletin.

COURSES ACCEPTABLE ON MASTER'S DEGREE PROGRAMS IN SOCIAL SCIENCE

Refer to course listings in the sections of this bulletin under the Departments of Economics, Geography, History, Political Science, and Sociology. In addition, the following courses may be accepted on master's degree programs in social science if approved by the graduate adviser:

Geography: 112A, 112B.
SOCIAL WORK

GENERAL INFORMATION

The School of Social Work offers a two-year graduate curriculum leading to the Master of Social Work degree under approval granted by the Board of Trustees of the California State Colleges in May, 1963. The curriculum was developed in close cooperation with the Council on Social Work Education and its Accreditation Commission and accreditation of the curriculum is expected within the two-year period required.

The objectives of the School of Social Work at San Diego State College are to equip students with the essential knowledge, philosophy and basic skills for their responsible entry into the profession of social work. In order to achieve these objectives, the School will assist students: to develop a philosophy which recognizes individual human welfare as the purpose and goal of social policy; to acquire attitudes which will permit the development and maintenance of professional relationships and professional standards; to develop the discipline and self-awareness essential to the professional social worker; and to attain a level of competence necessary for beginning professional practice and to accept responsibility for the continued development of their competence in the practice of one or more social work methods.

To meet these objectives, the graduate curriculum in the School of Social Work offers a two-year program of classroom and field instruction which includes course content in the following three major areas:

1. Social Welfare Policy and Services. Social welfare policy and services; their development, organization and operation; the purpose and status of current programs; the influence of social, economic and political factors; the role of the social worker in evaluation and improvement of existing programs with reference to the philosophy of social work; and the assessment of unmet needs and their resolution.

2. Human Behavior and the Social Environment. Normal growth and development of the individual from childhood through old age within the social contexts of the family, group relationships, occupational settings, and community structures; the nature and causes of impaired social and emotional functioning; the nature and changing character of social and cultural structures with attention to the interaction between the individual and his social environment and the reciprocal effects of the interaction.

3. Methods of Social Work Practice. Objectives, general theory, basic principles and values and ethics of the profession in the application of social work methods; concentration and intensive study of one of the methods; social case work, social group work and community organization, with appropriate attention to the enabling methods of research and administration. Appropriate beginning professional orientation and skill in at least one of the following fields of practice: child welfare, corrections, school social work, family social work, medical social work, psychiatric social work, public welfare, group service agencies, aging, rehabilitation, etc.

ADMISSION TO THE CURRICULUM

A student seeking admission to the curriculum leading to the Master of Social Work degree must:

1. Be admitted to the College as an unclassified graduate student by the Office of Admissions of the College. (See procedures listed in Part III of this bulletin on Admission of Graduate Students to the College.)

2. Be admitted to the Graduate Division of San Diego State College and to the School of Social Work. Requirements for admission to the Graduate Division (which include the completion of the Graduate Record Examination Aptitude Test) are stated in Part III of this bulletin under Admission of Graduate Students to the Graduate Division. Requirements for admission to the School of Social Work are listed below.

SPECIFIC REQUIREMENTS FOR ADMISSION TO THE SCHOOL OF SOCIAL WORK

In addition to satisfying the requirements for admission to the Graduate Division of San Diego State College, a student seeking admission to the School of Social Work must:

1. Have earned not less than a 2.5 (on a five-point scale) grade point average on the undergraduate work taken for the baccalaureate degree. Desirable undergraduate preparation should include work in the behavioral and socio-humanistic studies and in statistics.

2. Submit a written personal history in the manner prescribed by the School of Social Work.

3. Be considered by references to be capable of graduate study and of developing professional responsibility. Such references may be secured from the student or otherwise obtained by the faculty.

4. Possess a personality judged suitable for the profession.

5. Arrange for a personal interview when so requested by the School.

APPLICATION FOR ADMISSION

Students will be admitted to the School of Social Work only at the beginning of the fall semester of each academic year. Only first-year graduate students will be admitted to the School in the fall semester of 1964-1965.

In seeking admission to the School of Social Work, the applicant should write directly to the Dean of the School of Social Work requesting appropriate application materials. Detailed instructions concerning the application procedures will be sent to the applicant along with all necessary forms.

ADVANCEMENT TO CANDIDACY

Students who have been admitted to the School of Social Work for the fall semester will meet with their advisers during the second half of the spring semester following to discuss the advisability of undertaking the second year of the professional degree program. Admission to the second year of the program constitutes advancement to candidacy. To be eligible for advancement to candidacy, the student must:

1. Have earned a 3.0 (B) grade point average on all courses required in the first year of his program.

2. Be recommended by the faculty of the School of Social Work.

3. Be approved for advancement by the Graduate Council of the Graduate Division.

SPECIFIC REQUIREMENTS FOR THE MASTER OF SOCIAL WORK DEGREE

1. Fifty-eight units of graduate work within the curriculum of the School of Social Work are required for the degree. Of these units:
   a. At least twenty-four must be completed in residence at San Diego State College.
   b. All transfer credits accepted for the degree must have been earned in a school of social work accredited by, or in the process of being accredited by, the Council on Social Work Education. Normally, a student who wishes to transfer credit earned in such a school of social work must have completed the requirements of that school for the first full academic year of graduate study.

2. Credits earned more than five years prior to the date of admission to the School of Social Work at San Diego State College are not acceptable and all
work for the degree must be completed within seven years of the date when all requirements for the degree are completed. In special circumstances, students may be permitted to validate credits earned outside these time limits by passing satisfactorily comprehensive examinations on the outdated course or courses.

3. All candidates for the degree must pass satisfactorily a comprehensive examination in lieu of a thesis under the provisions of Plan B as described elsewhere in this bulletin.

4. For regulations concerning grade point averages, final approval for the granting of the degree, award of the degree, and diplomas, see the section entitled "Basic Requirements for the Master's Degree," in Part III of this bulletin.

WITHDRAWALS

Students in the School of Social Work are governed by the general regulations of the College and the Graduate Division. For regulations governing withdrawals from courses, unofficial withdrawals, and probation and disqualification from the College, see the section entitled "Regulations of the Graduate Division" in Part III of this bulletin.

Any graduate student who has been admitted to the curriculum offered in the School of Social Work and whose performance therein is judged to be unsatisfactory with respect to scholastic, personal or professional standards by the faculty of the School of Social Work and the Graduate Council, may be required to withdraw from all graduate curricula in the College. The standing of students so withdrawn will change from classified to unclassified.

PROBATIONARY ADMISSION

Students admitted to the College with unclassified graduate standing and who do not fully meet all requirements for admission to the School of Social Work may, under special circumstances, be admitted to the School of Social Work in probationary unclassified graduate standing. At the end of the first semester's work, the faculty of the School of Social Work shall recommend to the Dean of Graduate and Professional Studies that the student:

1. Be disqualified from further participation in the curriculum, or
2. Be continued in probationary unclassified standing for a second semester, or
3. Be admitted to full participation in the curriculum with classified graduate standing.

FINANCIAL ASSISTANCE

Students in the School of Social Work are eligible for consideration for waiver of non-resident tuition fees and the other forms of financial assistance as described in Part III of this bulletin.

The School of Social Work is developing resources to assist students requiring help in financing their education. Such resources will include a limited number of assistantships and scholarships.

Students who need assistance in financing their professional education may request such help at the time of application. Such requests will be considered on an individual basis. An applicant must be accepted for admission to the School of Social Work before he will be recommended for an award.

FIELD INSTRUCTION DURING PERIODS OF COLLEGE HOLIDAYS

Because of the nature of field instruction and the student's responsibility to the agency to which he is assigned, and the clientele it serves, field instruction usually continues on the regular work schedule of the agency unless special circumstances require that other arrangements be made.

FACULTY

Dean, School of Social Work: Ernest F. Witte, Ph.D.
Professor: Jean M. Maxwell, M.S.S.
Additional appointments pending.

</table>
205. Social Work Administration I (2)
Prerequisite: Social Work 202 or consent of the Dean.
Nature of social work administration involving board and staff participation in determining goals and in planning programs and management operations to achieve goals. Administrative organization, interagency policy and control, management processes.

220. Human Behavior and Social Environment I (4)
Prerequisite: Admission to the School of Social Work.
Human beings as functioning organisms in society, integration of knowledge of human behavior and social environment, covering biological, psychological, and psycho-social process from birth to death for application in social work practice.

221. Human Behavior and Social Environment II (3)
Prerequisite: Social Work 220.
Dynamic concepts of the interplay of the physiological as related to emotional, social, and cultural factors. Basic knowledge from medicine, sociology, psychology, cultural anthropology, and religion for use by the social worker in assisting people in their social functioning.

222. Human Behavior and Social Environment III (2)
Prerequisite: Social Work 221.
Extension of Social Work 220 and 221. Understanding of the bio-social reasons people are unable to function up to self and societal expectations, and the role of social work in affecting change.

230. Social Work Practice I (3)
Prerequisite: Concurrent registration in Social Work 250 or 255 or 260.
Social work practice methods of social casework, social group work and community organization. Attention given to social work objectives, principles, and skills common to all methods and to their distinctive uses and demands.

231. Social Casework II (3)
Prerequisites: Social Work 230 and concurrent registration in Social Work 251.
Principles of social casework including the processes of social study, diagnosis, treatment, and evaluation. The social and emotional factors influencing the client and the interaction of the client with his social and economic groups.

232. Social Casework III (3)
Prerequisites: Social Work 231 and concurrent registration in Social Work 252.
Intensive analysis of the processes of social study, differential diagnosis and treatment in relation to the needs of people, community programs and agency services.

233. Social Casework IV (1)
Designed to offer opportunity for integration and application of the student's knowledge of diagnosis and treatment methods. Case material focused on the specific content relevant to the various fields of practice.

234. Social Group Work II (3)
Three hours of class instruction and one hour of laboratory.
Prerequisites: Social Work 230 and concurrent registration in Social Work 256.
Principles of social group work including the processes of fact-gathering, assessment, establishing objectives, and the worker's role in intervention in the group process. Synthesis of factors affecting individuals and groups as they affect group process knowledge as it affects group formation, goal achievement, use of cultural factors. Record-keeping, forms, and purposes.

235. Social Group Work III (2)
Prerequisites: Social work 234 and concurrent registration in Social Work 257.
Decision making, programming, and worker's role. Significance of understanding and use of knowledge as affect group formation, goal achievement, and evaluation of group process.

236. Social Group Work IV (1)
Prerequisites: Social Work 235 and concurrent registration in Social Work 258.
Use of knowledge of individual behavior, application of principles of practice, skills in diagnosis, and evaluation of group needs. Examination of social group work practice in different settings. Group worker as a team member providing professional services.

237. Community Organization II (3)
Prerequisites: Social Work 230 and concurrent registration in Social Work 256.
Community organization including the concept of community as a social system and as a client. Special attention to the study-diagnosis-plan of action methodology in community organization practice.

238. Community Organization III (2)
Prerequisites: Social Work 237 and concurrent registration in Social Work 262.
Development of concepts and tools, such as citizen participation, representativeness, interorganizational analysis, the committee process, community need, community conflict, community decision-making, and planned social change.

239. Community Organization IV (1)
Prerequisites: Social Work 238 and concurrent registration in Social Work 263.
Integration of the methods of study and diagnosis through the application in specific settings including community welfare councils, federated fund-raising agencies, intergroup relations agencies, mental health associations, urban renewal authorities, and community neighborhood planning groups.

250. Field Instruction I: Casework (4)
Prerequisite: Concurrent registration in Social Work 230.
Field instruction in a public or voluntary social work setting. Experience planned in relation to classroom learning.

251. Field Instruction II: Casework (4)
Prerequisite: Concurrent registration in Social Work 231.
Continuation of field instruction as initiated in Social Work 250.

252. Field Instruction III: Casework (6)
Prerequisite: Concurrent registration in Social Work 232.
Continuation of Social Work 251. Placement usually made in a setting which involves services that fall within the student's special interest. Practice under educational direction at an advanced level.

253. Field Instruction IV: Casework (6)
Prerequisite: Concurrent registration in Social Work 233.
Continuation of Social Work 252 at an advanced level.

254. Field Instruction I: Group Work (4)
Prerequisite: Concurrent registration in Social Work 234.
Field instruction in a public or voluntary social work setting. Experience planned in relation to classroom learning.

255. Field Instruction II: Group Work (4)
Prerequisite: Concurrent registration in Social Work 235.
Continuation of field instruction as initiated in Social Work 254.

256. Field Instruction III: Group Work (6)
Prerequisite: Concurrent registration in Social Work 236.
Continuation of Social Work 255. Placement usually made in a setting which involves services that fall within the student's special interest. Practice under educational direction at an advanced level.

257. Field Instruction IV: Group Work (6)
Prerequisite: Concurrent registration in Social Work 237.
Continuation of Social Work 256 at an advanced level.
260. Field Instruction I: Community Organization (4)
Prerequisite: Concurrent registration in Social Work 260.
Field instruction in a public or voluntary social work setting. Experience planned in relation to classroom learning.

261. Field Instruction II: Community Organization (4)
Prerequisite: Concurrent registration in Social Work 237.
Continuation of field instruction as initiated in Social Work 260.

262. Field Instruction III: Community Organization (6)
Prerequisite: Concurrent registration in Social Work 238.
Continuation of Social Work 261. Placement usually made in a setting which involves services that fall within the student's selected area of interest. Practice under educational direction at an advanced level.

263. Field Instruction IV: Community Organization (6)
Prerequisite: Concurrent registration in Social Work 239.
Continuation of Social Work 262 at an advanced level.

269. Supervision for Field Instructors I (2)
Prerequisite: Consent of the Dean.
Designed for field instructors who will be teaching graduate students in selected field agencies. Objectives, content, and methods of instruction related to the administrative and educational functions of the field instructor in the education of social workers.

270. Seminar: Social Work Analysis (1)
Prerequisite: Admission to the School of Social Work.
Discussion of student experience in field instruction and its broader implications.

271. Seminar: Current Social Issues (1)
Prerequisite: Advancement to candidacy.
Current developments and issues in contemporary society and their meaning for social work practice.

273. Seminar: Corrections (2)
Prerequisite: Advancement to candidacy or consent of the Dean.
Programs dealing with juvenile and adult offenders with consideration of problems of incidence and prevention. Programs analyzed in regard to historical trends, legal base, and current issues, in a variety of settings.

274. Seminar: Services for the Aging (2)
Prerequisite: Advancement to candidacy or consent of the Dean.
Analysis of longevity and the aging in contemporary society. Includes nature of protective service, and social welfare resources. Knowledge and skills needed to do social work with older people.

275. Seminar: International Social Services (2)
Prerequisite: Advancement to candidacy or consent of the Dean.
International social work goals, methods, and services. Discussion of common social welfare problems, issues, and significant developments; the role of international agencies; the role of the social worker.

276. Seminar: Social Services for Families and Children (2)
Prerequisite: Advancement to candidacy or consent of the Dean.
Analysis of programs offering social work services for families and children. Problems and issues in relating services to individual needs, community structure, values and resources; governmental and voluntary responsibilities and relationships, problems of administration; and the contribution of research.

277. Seminar: Community Development (2)
Prerequisite: Advancement to candidacy or consent of the Dean.
Community development particularly in rural areas in newly economically developing countries. The nature, basic elements, and principles of community development, organization and program development, personnel and training; operational problems and issues.

278. Seminar: Group-Serving Agencies (2)
Prerequisite: Advancement to candidacy or consent of the Dean.
Development of group-serving agencies and evaluation of methods used to achieve purposes. Types of programs and variety of professions and disciplines used to achieve purposes and programs. Comparison of structures, membership, philosophies, and types of services.

279. Seminar: Medical Social Work (2)
Prerequisite: Advancement to candidacy or consent of the Dean.
Health and medical care programs concerned with prevention of illness, maintenance of health and/or treatment of illness and disability, governmental and non-governmental programs, institutions, and agencies. Collaboration of the social worker with other members of the medical care team.

280. Seminar: Psychiatric Social Work (2)
Prerequisite: Advancement to candidacy or consent of the Dean.
Examination of services and programs designed to alleviate mental illness and restore mental health. Review of types and range of public and private programs and facilities. Role and function of the psychiatric social worker.

281. Seminar: School Social Work (2)
Prerequisite: Advancement to candidacy or consent of the Dean.
Role of the social worker in collaboration with teachers and principals and other school staff in diagnosis and treatment of problems which interfere with children making maximum use of educational experience.

282. Seminar: Social Work and the Law (2)
Prerequisite: Advancement to candidacy or consent of the Dean.
Basic concepts of jurisprudence and the function of the legal system as part of the community. Discussion of the common-law system and the case precedent; structure and jurisdiction of courts, domestic relations, and criminal law. Specific aspects of law pertinent to social work orientation.

283. Seminar: Supervision in Social Work (2)
Prerequisite: Advancement to candidacy or consent of the Dean.
The purpose, content, and methods of supervision with emphasis on the administrative and educational components of the supervisory process. Trends and issues in the practice of supervision and consultation.

290. Methods of Social Research (2)
Prerequisite: Admission to School of Social Work.
Definition and purpose of research in social work. Techniques and methods used in collecting, organizing, and interpreting social welfare and related data; steps involved in planning a research project and selecting a research design.

297A-297B. Research (1-2)
Prerequisite: Social Work 290.
Research in the field of social work and preparation of written report. Individual effort or group project.

298. Special Study (1-6)
Prerequisite: Consent of staff to be arranged with Dean and instructor.
Individual study. Six units maximum credit.
SOCIOLOGY

GENERAL INFORMATION

The Department of Sociology-Anthropology, in the Division of the Social Sciences, offers graduate work leading to the Master of Arts degree with a major in sociology. For graduate work in connection with the Master of Arts degree for teaching service with a concentration in social science, refer to the section of this bulletin under Social Science. Research facilities provided by the Department of Sociology include a well-equipped Social Research Center for use by the faculty and graduate students.

ADMISSION TO THE GRADUATE DIVISION

All students must satisfy the general requirements for admission to the Graduate Division with classified graduate standing, as described in Part Three of this bulletin. In addition, students seeking the Master of Arts degree with a major in sociology must have completed 18 upper division units in sociology including Sociology 101, Modern Social Theory, Sociology 140, Social-Psychological Foundations of Society, and one course from each of the following fields: (1) Social Disorganization; (2) Social Institutions or Social Organization; and (3) Urban Sociology-Demography.

ADVANCEMENT TO CANDIDACY

All students must satisfy the general requirements for advancement to candidacy as described in Part Three of this bulletin. Students majoring in sociology must also have completed Sociology 164, Methods of Social Research, either at the undergraduate or graduate level.

SPECIFIC REQUIREMENTS FOR MASTER OF ARTS PROGRAMS

In addition to meeting the requirements for classified graduate standing and the basic requirements for the master's degree, as described in Part Three of this bulletin, the student must include in his graduate program a minimum of 24 units from courses in sociology listed below as acceptable on master's degree programs, of which at least 13 units must be in 200-numbered courses including Sociology 260, Seminar in Research Methods, and Sociology 299, Thesis. A reading knowledge of a foreign language approved by the department, a final comprehensive examination, and an oral examination on the thesis are also required.

TEACHING ASSISTANTSHIPS

Teaching assistantships in Sociology are available to a limited number of qualified students. Application blanks and further information may be obtained from the Chairman of the Department.

FACULTY

Chairman, Division of the Social Sciences: D. S. Milne, Ph.D.
Chairman, Department of Sociology-Anthropology: Aubrey Wendling, Ph.D.
Graduate Adviser: N. N. Mouratides

Professors: K. E. Barnhart, Ph.D.; B. C. Kirby, Ph.D.; O. E. Klapp, Ph.D.; D. S. Milne, Ph.D.; S. L. Rogers, Ph.D.; Aubrey Wendling, Ph.D.

Associate Professors: S. F. Camilleri, Ph.D.; M. J. Daniels, Ph.D.; J. R. De Lora, Ph.D.; P. H. Exel, Ph.D.; J. B. Tebor, Ph.D.

COURSES ACCEPTABLE ON MASTER'S DEGREE PROGRAMS IN SOCIOLOGY

UPPER DIVISION COURSES

100. History of Social Thought (3) 138. Sociology of Religion (3)
110. Social Disorganization (3) 146. Collective Behavior (3)
113. Criminology and Penology (3) 148. Small Groups (3)
114. Juvenile Delinquency (3) 150. Population Problems (3)
116. Contemporary Correctional Administration (3) 151. Research Methods in Demography (3)
120. Industrial Sociology (3) 157. Urban Sociology (3)
121. Medical Sociology (3) 160. Quantitative Methods in Social Research (3)
123. Sociology of Mental Illness (3) 164. Methods of Social Research (3)
125. Minority Group Relations (3) 197. Investigation and Report (3)
136. Sociology of the Family (3) 199. Special Study (1-6)

GRADUATE COURSES

200. Seminar in Social Theory (3)
Prerequisites: Sociology 101 and 164, or consent of instructor.
Advanced study of social theory, its modern formulations and historical development, with emphasis on individual research and report of findings. May be repeated with new content for additional credit. Six units maximum credit applicable toward a master's degree.

210. Seminar in Social Disorganization (3)
Prerequisites: Sociology 110 and 164, or consent of instructor.
Advance study of the processes which contribute to and maintain social and personal disorganization. The relationship of sociological factors, including urbanization, secularization and social change, to these processes, with emphasis on contemporary theory and research. May be repeated with new content for additional credit. Six units maximum credit applicable toward a master's degree.

220. Seminar in Social Organization (3)
Prerequisite: Sociology 164 or consent of instructor.
Analysis of the principal organizational forms of society and groups, in terms of their basic patterns, interrelations, organizational change, and the relation of the individual to social structure. Study of bureaucracy, consensus, formal and informal structure and function. May be repeated with new content for additional credit. Six units maximum credit applicable toward a master's degree.

230. Seminar in Social Institutions (3)
Prerequisite: Sociology 164 or consent of instructor.
Advanced study of institutional forms and processes, including the institutional bases of social mores, The effect of sociological factors, including cultural lag, on contemporary social institutions. May be repeated with new content for additional credit. Six units maximum credit applicable toward a master's degree.

240. Seminar in Social Interaction (3)
Prerequisites: Sociology 140 and 164, or consent of instructor.
Advanced study of social-psychological interaction, including sociological factors in personality development and analysis of morale, motivation, leadership and other elements of group behavior. May be repeated with new content for additional credit. Six units maximum credit applicable toward a master's degree.

250. Seminar in Human Ecology and Demography (3)
Prerequisites: Sociology 150 and 164, or consent of instructor.
Analysis of the sociological variables which influence distribution and composition of populations and social institutions, with special emphasis on urban social organization.
260. Seminar in Research Methods (3)
Prerequisites: Sociology 101 and 164, or consent of instructor.
Analysis of methods used in current sociological research, including evaluation of reported findings. Discussion of research designs appropriate to particular types of projects. Evaluation of research in progress by members of the seminar.

290. Bibliography (1)
Exercises in the use of basic reference books, journals, and specialized bibliographies, preparatory to the writing of a master's project or thesis.

298. Special Study (1-6)
Prerequisite: Consent of staff; to be arranged with department chairman and instructor. Individual study. Six units maximum credit.

299. Thesis (3)
Prerequisites: An officially appointed thesis committee and advancement to candidacy. Guidance in the preparation of a project of thesis for the master's degree.

SPANISH

GENERAL INFORMATION
The Department of Foreign Languages, in the Division of the Humanities, offers graduate study leading to the Master of Arts degree with a major in Spanish, and to the Master of Arts degree for teaching service with a concentration in Spanish. Teaching credentials with majors and minors in Spanish are also available. The staff in charge of the graduate program in Spanish is composed of professors whose native tongue is Spanish, or who have traveled extensively in Spain and in other European countries, enabling them to represent authoritatively the Spanish language and culture. Library facilities include rich resources in Spanish literature and linguistics, including books, periodicals and newspapers. A foreign language laboratory with modern equipment serves both graduate and undergraduate students.

ADMISSION TO THE GRADUATE DIVISION
All students must satisfy the general requirements for admission to the Graduate Division with classified graduate standing, as described in Part Three of this bulletin. An undergraduate major in Spanish, including 24 upper division units, must have been completed, at least six units of which must have been in a survey course in Spanish literature.

ADVANCEMENT TO CANDIDACY
In addition to meeting the requirements for advancement to candidacy as described in Part Three of this bulletin, students will be required to pass a qualifying examination in Spanish given by the Department of Foreign Languages.

SPECIFIC REQUIREMENTS FOR THE MASTER OF ARTS DEGREE
In addition to meeting the requirements for classified graduate standing and the basic requirements for the master's degree as described in Part Three of this bulletin, the student must complete a graduate program which includes a major consisting of at least 24 units in Spanish including Spanish 201, 202, 204 or 205, 290, and 294 or 299.

SPECIFIC REQUIREMENTS FOR THE MASTER OF ARTS DEGREE FOR TEACHING SERVICE
In addition to meeting the requirements for classified graduate standing and the basic requirements for the master's degree as described in Part Three of this bulletin, the student must complete a graduate program with a concentration consisting of at least 18 units in Spanish, including Spanish 202, 290, and 294, and six units selected from Spanish 201, 204, or 205. The comprehensive examination, which is required in lieu of a thesis (Plan B) for the master's degree for teaching service with a concentration in Spanish, consists of a three-hour written examination on language and literature, a two-hour oral examination in Spanish civilization and oral explanation of linguistic constructions and literary passages. By special permission, a student may substitute Spanish 299, Thesis, for Spanish 294 and the comprehensive examination.

The student must also satisfy the requirements for a California school service credential.
**SPECIFIC REQUIREMENTS FOR CREDENTIALS**

Before taking a directed teaching assignment in Spanish, the candidate for a teaching credential must pass proficiency examinations, oral and written, administered by the Department of Foreign Languages, in the language and its area civilization. Spanish 40 or 140 prepare for this latter examination in the area civilization. The candidate must consult with the chairman of the Department of Foreign Languages for permission to take these examinations.

In the graduate program for a secondary teaching credential, the candidate must include Spanish 201 or 202, and 204 or 205.

Students who plan to earn a junior college teaching credential as well as the master's degree in Spanish will follow Plan B, which includes Spanish 294 and the passing of the comprehensive examination in lieu of the thesis.

**FACULTY**

Chairman, Division of the Humanities: J. R. Adams, Ph.D.
Chairman, Department of Foreign Languages: C. H. Baker, Ph.D.
Graduate Adviser: C. H. Baker, Ph.D.
Credential Adviser: L. N. Messier, Ph.D.
Associate Professor: C. H. Baker, Ph.D.
Assistant Professors: T. E. Case, Ph.D.; W. J. Freitas, Ph.D.; George Lemus, Ph.D.; J. L. Walsh, Ph.D.; Florence I. Williams, Ph.D.

**COURSES ACCEPTABLE ON MASTER'S DEGREE PROGRAMS IN SPANISH**

### UPPER DIVISION COURSES

- **103A-103B. The Literature of the Spanish Golden Age (3-3)**
- **104A-104B. Spanish-American Literature (3-3)**
- **105A-105B. Modern Spanish Drama (3-3)**
- **110A-110B. Novel and Short Story in Spain (3-3)**

**Related Fields:** Related courses in the fields of anthropology, geography, history, political science, comparative literature, and others, may be selected with the approval of the graduate adviser.

### GRADUATE COURSES

- **201. Old Spanish (3)**
  
  Prerequisite: 18 units of upper division Spanish.
  
  A study of the language and literature of Spain from the 12th to the 15th centuries.

- **202. Cervantes (3)**
  
  Prerequisite: 18 units of upper division Spanish.
  
  A study of the principal prose works of Cervantes: the *Novelas ejemplares* and *Don Quijote*.

- **204. The Spanish-American Novel (3)**
  
  Prerequisite: 18 units of upper division Spanish.
  
  A study of some aspect of the Spanish-American novel.

- **205. Spanish-American Poetry (3)**
  
  Prerequisite: 18 units of upper division Spanish.
  
  An intensive study of Modernism or of the Gaucho Epic.

---

**290. Research and Bibliography (2)**

Prerequisite: 18 units of upper division Spanish.

Purposes and methods of research in the fields of the language and literature, the collection and collation of bibliographic material, and the proper presentation of the results of such investigation. Recommended for the first semester of graduate work.

**294. Comprehensive Reading and Survey Course (3)**

Prerequisites: 18 units of upper division Spanish and consent of graduate adviser and department chairman. Required of all candidates for the Master of Arts degree with the secondary or junior college credential.

A study of important movements, authors, and works in Spanish literature. Designed to supplement the reading done in previous courses, in preparation for the comprehensive examination in literature for candidates for the Master of Arts degree.

**298. Special Study (1-6)**

Prerequisites: 18 units of upper division Spanish and consent of staff, to be arranged with department chairman and instructor.

Individual study. Six units maximum credit.

**299. Thesis (3)**

Prerequisites: An officially appointed thesis committee and advancement to candidacy.

Guidance in the preparation of a project or thesis for the master's degree.

Master's degree candidates in secondary or junior college credential programs are expected to substitute Spanish 294 and a comprehensive examination in lieu of the thesis.
SPEECH ARTS

GENERAL INFORMATION

The Department of Speech Arts, in the Division of the Fine Arts, offers graduate study leading to the Master of Arts degree with a major in speech arts and to the Master of Arts degree for teaching service with a concentration in speech arts. The department offers advanced study in the areas of rhetoric and public address, interpretation, speech and hearing pathology, theater, radio and television broadcasting. Greatly improved facilities now in use in the new speech building and theater include a two-studio plant fully equipped for radio and television production, and modern speech and hearing facilities in the clinical training center. The Department of Speech Arts maintains a program of field training with commercial stations and production centers for students in broadcasting.

ADMISSION TO THE GRADUATE DIVISION

In addition to the general requirements for admission to the Graduate Division with classified graduate standing, as described in Part Three of this bulletin, the student will be required to complete the departmental diagnostic examination during his first semester of graduate enrollment in the department. The examination is administered each semester on the first Saturday following the beginning of classes.

ADVANCEMENT TO CANDIDACY

All students must meet the general requirements for advancement to candidacy, which are described in Part Three of this bulletin. In addition, students seeking the Master of Arts degree with a major in speech arts are required to complete the required diagnostic examination.

SPECIFIC REQUIREMENTS FOR THE MASTER OF ARTS DEGREE

In addition to meeting the requirements for classified graduate standing and the basic requirements for the master's degree as described in Part Three of this bulletin, the student must complete a graduate program which includes a major consisting of at least 24 units from courses listed below as acceptable on master's degree programs in speech arts of which at least 12 units must be in 200-numbered courses. Speech Arts 292, Methods in Research and Bibliography, and Speech Arts 299, Thesis, are required courses. (The student must also satisfy the requirements for a California school service credential.)

SPECIFIC REQUIREMENTS FOR THE MASTER OF ARTS DEGREE FOR TEACHING SERVICE

In addition to meeting the requirements for classified graduate standing and the basic requirements for the master's degree as described in Part Three of this bulletin, the student must complete a graduate program which includes a concentration consisting of at least 18 units from courses listed below as acceptable on master's degree programs in speech arts of which at least 12 units must be in 200-numbered courses. Speech Arts 292, Methods in Research and Bibliography and Speech Arts 299, Thesis, are required courses. (The student must also satisfy the requirements for a California school service credential.)

TEACHING ASSISTANTSHIPS

Teaching assistantships in Speech Arts are available to a limited number of qualified students. Application blanks and further information may be obtained from the Department Chairman.

GRADUATE COURSES

208. Seminar in Oral Interpretation (3)
Prerequisite: Speech Arts 108 or equivalent.
Aesthetic discipline applied to oral interpretation of various forms of literature. Analysis of thought and emotional content, and aesthetic form. Investigation of advanced problems of delivery. May be repeated once with new content for a maximum of six units.
243. Seminar in Staging Practices for Theater and Television (3)
An investigation of the recent developments of modern staging facilities. The application of technological advances and electromechanical devices to the scenic arts for theater and television.

244. Seminar in Stage Direction (3)
Prerequisite: Speech Arts 159.
A discussion of the aesthetic principles and the practices of stage direction with emphasis on styles and historical periods.

245. Seminar in Lighting for Stage and Television (3)
Prerequisite: Speech Arts 145.
Discussion of principles concerned with the aesthetic and technical problems of lighting in stage and television.

246. Seminar in Design for Stage and Television (3)
The principles of design in the theater with an emphasis on the historical development of theatrical costume or scenic environment. The investigation of recent tendencies in styles and their evolution. The A and B section may each be taken once for credit.
A. Costume Design
Prerequisite: Speech Arts 152.
B. Scenery Design
Prerequisites: Speech Arts 140A, 140B, and 156.

247. Seminar in History of the Theater and Drama (3)
Prerequisites: Speech Arts 154A and 154B.
Detailed examination of the important periods, personalities, and theater structures in connection with this general field.

271. Seminar: Functional Problems of Speech (3)
Prerequisites: Speech Arts 173, 174 and 176, or consent of instructor.
Theoretical consideration of etiologies and symptomatologies of speech disorders; principles of nonmedical therapy; survey of theory and experiments relating to functional speech disorders.

272. Seminar: Organic Speech Disorders (3)
Prerequisites: Speech Arts 172, 174 and 176, or consent of instructor.
Survey of theories and experiments relating to organic speech disorders and their management.

280A. Advanced Field Work in Clinical Practice in Speech Correction (2)
Prerequisites: Speech Arts 174 and 176, or consent of instructor.
Supervised work with representative advanced speech cases such as stuttering, aphasia, laryngeal deformities, etc. May be repeated for a maximum of four units, only two of which may be used for graduate credit on a master's degree.

280B. Advanced Field Work in Clinical Practice in Hearing Problems (1 or 2)
Prerequisites: Speech Arts 171, 177, and 178; or consent of instructor.
Advanced casework in hearing evaluation, record keeping, research problems, and therapy (auditory training, lipreading, speech correction for hard of hearing or deaf, and language building). May be repeated to a maximum of four units, only two of which may be used for graduate credit on a master's degree.

281. Seminar in Broadcasting (3)
Reports and discussion involving research in some aspect or problem in radio and television broadcasting. This seminar analyzes procedure and trends in educational and commercial broadcasting. Two of the following seminar topics may be taken for a total of six units:
A. Management
Prerequisites: The equivalent of an undergraduate major in broadcasting, Speech Arts 181, and consent of instructor.
B. Programming
Prerequisites: The equivalent of an undergraduate major in broadcasting, Speech Arts 183, 184, and consent of instructor.
C. Audience Measurement and Research
Prerequisites: The equivalent of an undergraduate major in broadcasting, Political Science 122, Psychology 122, and consent of instructor.
D. Writing
Prerequisites: The equivalent of an undergraduate major in broadcasting, Speech Arts 118A, 118B, 183, 184, English 197A, and consent of instructor.

292. Methods in Research and Bibliography (3)
The use of basic reference books, journals, pertinent bibliographies, and other methods of research in the various areas of speech and theater.

299. Thesis or Project (3)
Prerequisites: An officially appointed thesis committee and advancement to candidacy.
Guidance in the preparation of a project or thesis for the master's degree.
DEPARTMENTS OFFERING GRADUATE COURSES

ANTHROPOLOGY

200. Seminar (3)
An intensive study of one phase of anthropology, such as: archeology, ethnography, ethnohistory, primate behavior, social anthropology, or research methods in these areas. May be repeated with new subject matter for additional credit.

298. Special Study (1-6)
Prerequisite: Consent of staff; to be arranged with department chairman and instructor.
Individual study directed toward the preparation of a paper upon a specific problem. Six units maximum credit.

LIBRARY SCIENCE

225. Bibliography of the Humanities (2)
Prerequisite: Library Science 110.
Survey and evaluation of bibliographical and reference materials in the humanities, with training and practice in their use in solving questions arising in reference service.

226. Bibliography of the Social Sciences (2)
Prerequisite: Library Science 110.
Survey and evaluation of bibliographical and reference materials in the subject fields of the social sciences, with study of typical problems arising in reference service in these subjects.

227. Bibliography of the Sciences (2)
Prerequisite: Library Science 110.
Survey and evaluation of representative reference sources in the pure and applied sciences. Study of typical problems encountered in providing and servicing scientific reference materials.

231. Literature for Children (3)
Prerequisite: Library Science 118 or consent of instructor.
Survey and evaluation of literature and other library materials particularly suited to the use of the elementary school student. A critical study of standard, classic, and current books for children, together with aids and criteria for selection.

232. Literature for Adolescents (3)
Prerequisite: Library Science 118 or consent of instructor.
Survey and evaluation of literature and other library materials particularly suited to the use of the high school student. A critical study of standard, classic, and current books for the adolescent, together with aids and criteria for selection.
