

Growing Community

Bringing Green Spaces and a Community Garden to Lemon Grove

2017 • Department of Political Science

Author: Katherine A. Nager, Political Science

This study was conducted to investigate the potential benefits, challenges and overall feasibility of implementing green spaces as well as a community garden in The City of Lemon Grove. The report includes a detailed site proposal, strategies for cost neutrality, alternative plans of action, as well as additional guides and resources for the construction, maintenance and operations of a sustainable community garden in San Diego, CA.
